

BURGESS

Guaranteed Seeds and Plants for 1936

POINSETTIA GERANIUM. Plants 50c each; 3 for \$1.00

The above is a picture of the new Poinsettia Geranium. An ideal house plant; fine for bedding; easily grown. Constantly in flower the year around, the dazzling scarlet flowers being abundantly produced at all times. The individual flowers resemble miniature Poinsettias in both color and shape. Plants, 50c each; 3 for \$1.00, postpaid.

BURGESS SEED & PLANT CO., Galesburg, Mich.

Drought-Proof Pea

Continues to Bear
6 Months After Planting

"Approximately a year ago I sent to your company a very small order for a few packages of seeds, among which was an order for Burgess' Drought-Proof Peas, your catalog stating they 'Laugh at Drought, Smile at Rain.

"I just have a small garden in Tulare, California, but I will send you a picture under separate cover, showing you the result of the peas. 'Many Smiles and Lots of Laughs,' as we have very little rain in the San Joaquin Valley. However, our neighbors enjoyed seeing our peas grow. We put them in last October, and to our surprise, we were able to show our neighbors peas in bloom about the latter part of January, and at present we can give them an occasional Sunday treat of fresh green peas. I could write you a book about the peas, but won't."—SHERMAN ROGERS, M. D., TULARE, CALIFORNIA.

For complete description of Burgess' Drought-Proof Peas see page 29.

Pkt., 10c; 1/2 pt., 20c; pt., 38c; qt., 70c; 2 qts., \$1.25, postpaid. By express, not prepaid, 10 lbs., \$2.20; 25 lbs., \$5.25; 100 lbs., \$20.00.

Drought-Proof
Peas

Phlox — COLUMBIA

3 New Phlox

COLUMBIA. New patented variety. Cameo-pink with faint blue eye. 50c each; 3 for \$1.25; 12 for \$4.50, postpaid.

BORDER QUEEN. Bright pink. 50c each; 3 for \$1.25; 12 for \$4.50, postpaid.

LOUIS GANNA. Reddish-purple with star-shaped purple center. 40c each; 3 for \$1.00; 12 for \$3.50, postpaid.

These three outstanding new varieties are the largest flowered Phlox yet produced. Magnificent large clusters of flowers, and individual blossoms 1 1/2 to 2 inches across. You will find these varieties more thoroughly described on page 66. You will also find, on that page, descriptions of other new varieties, some of which we are offering at very low prices.

SPECIAL Three plants, one each of the above three varieties, for \$1.25, postpaid.

Burgess' Annual Flower Seeds

Flowers are enjoyed by everyone and are so easily raised that any home can have an abundance of blossoms during the entire year. We list with the annuals a few varieties of biennials and tender perennials which bloom and do their best the first year from seed and are usually treated as annuals. The seeds we offer are the products of the best growers. No better strains are to be obtained at any price.

ALL FLOWER SEEDS ARE DELIVERED POSTPAID AT PRICES GIVEN.

Rust-Proof Antirrhinums (Snapdragon)

In point of beauty very few flowers approach the Antirrhinum or Snapdragon, yet this most beautiful flower has been relegated to a more or less inferior place because of the ravages of the rust disease. The University of California Experiment Station, after several years of painstaking experimentation, succeeded in developing a strain that is immune to rust. The original University of California mixture contained mainly the darker shades. Since 1933 our growers have extensively propagated these new rust-proof strains and to the original colors have been added desirable pinks, yellows and whites to round off the color range. We now have a wonderful mixture of colors and have improved on the original strain until now 85% of the plants, when exposed to the most severe rust conditions, will remain completely immune in all instances.

The All-American Selection Committee, realizing the development of rust-proof snapdragons was so outstanding in the annals of horticulture, and the contribution so great to American gardeners, they, in recognition of the University's work, issued a "Certificate of Honor" to Rust-proof Antirrhinums. While this committee makes Gold Medal Awards, Awards of Merit, etc., to various new novelties and introductions each year, this is the first Certificate of Honor ever to be awarded.

Pkt., 20c; 3 pkts., 50c.

ANTIRRHINUM MAXIMUM (Tall Giant Flowered Snapdragon). 5 feet high; flowers of magnificent size. Half-hardy perennial, treated as an annual in the Northern States.

APPLE BLOSSOM. Pink and white. Pkt., 10c. **SNOWFLAKE.** White. Pkt., 10c.

GOLDEN QUEEN. Clear yellow. Pkt., 10c. **THE ROSE.** Deep rose pink. Pkt., 10c.

PURPLE KING. Deep garnet. Pkt., 10c. **MIXED.** Fine mixture of colors. Pkt., 10c.

Special: 5 packets, one each of the above separate colors, for 35c.

ANTIRRHINUM, Semi-Dwarf. Fine mixture of colors; good sized flowers. Pkt., 8c.

ABRONIA Umbellata (Sand Verbena). A charming trailing plant with Verbena-like heads of fragrant flowers of bright rose with white center. It delights in a dry, poor soil and sunny situations on rockwork. Pkt., 10c.

ACROCLINIUM A handsome everlasting with white and pink flowers about an inch in diameter, and composed of many fine petals of silky appearance. Borne singly on long stems. When cut in bud, they can be dried and used for winter bouquets. Plants 18 inches tall and covered with a mass of bright blooms. Pkt., 10c.

Ageratum

MEXICANUM. A most effective bedding plant; beautiful fluffy blue flowers in great profusion. 2 feet. Pkt., 5c.

PRINCESS VICTORIA LOUISE. A beautiful variety of compact, even growth; 8 inches. Sky-blue with white center, the contrast being really exquisite. Pkt., 10c.

Alyssum

LITTLE GEM. Makes a perfect "carpet of snow," commencing to bloom in spring when very small, and continuing without interruption until late fall. 4 inches. Pkt., 8c.

LILAC QUEEN. Deep lavender-lilac; dwarf, compact habit. Pkt., 10c.

SWEET. Of trailing habit; flowers white; very sweet. Pkt., 5c.

Amaranthus (Rainbow Plant)

CAUDATUS (Love Lies Bleeding). Blood red; drooping 3 feet. Pkt., 5c.

PRINCE'S FEATHER (Cruentus). Dark red, feathery heads, drooping like a large ostrich plume. Pkt., 8c.

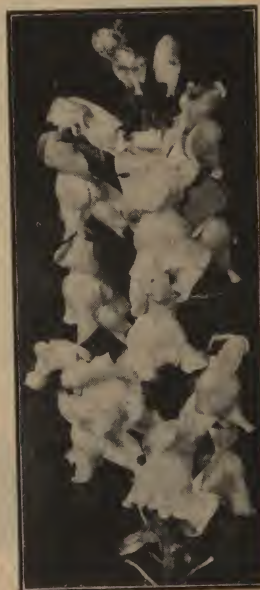

TRICOLOR (Joseph's Coat). Beautiful plant, growing 3 to 5 feet high, with ornamental leaves variegated in red, yellow and green. The large attractive flower-heads are bright crimson. Pkt., 10c.

MIXED. Many kinds mixed. Pkt., 5c.

BALLOON VINE. A rapid and graceful climber; 6 to 10 feet high. The numerous seed pods are inflated pouches resembling balloons. Small white flowers. Seeds are black with white heart-shaped spot; often strung as beads. Pkt., 8c.

BALSAM (Lady Slipper). Choice Double. A charming old-fashioned garden flower. A fine mixture of colors which will give a wonderfully showy bed or border. Large flowers and very double. Blooms from July until frost. Pkt., 8c.

BALSAM APPLE (Momordica Balsamina). Very curious climbing vine, with very fine glossy green ornamental foliage and golden-yellow, warted fruits. The fruit bursts when ripe, exposing bright orange-scarlet interior, which resembles a handsome flower. Fine for trellis, rockwork, stumps, etc. 10 feet. Pkt., 10c.

Antirrhinum (Snapdragon)

Acroclinium

Oriental Flower Garden

50 varieties of annual flowers from Japan and China, entirely adapted to our climate. Fine mixture of varieties, all in one packet, 10c.

Blue Lace Flower

(Didiscus Coeruleus). A beautiful Australian annual which is becoming very popular on account of its soft blue color, graceful form and beautiful lace-like flowers. The Blue Lace Flower grows into an upright, very much branched plant of about 2 feet in height. Each branch ends in an umbel of light sky-blue flowers which spread out in an umbrella-like fashion, crowning each shoot with a beautiful and delicate head of flowers. The name Blue Lace Flower is most appropriate since the blossoms resemble the most delicate and dainty lace. The many large flower clusters are composed of a great mass of florets on long, graceful stems, are unsurpassed for cut flowers and last unusually long in water. It is very easily grown, blooms freely in the garden from July to October, or until the first hard frost. Pkt., 10c; 3 pkts., 25c.

Blue Lace Flower

Balsam (Lady Slipper)

Super Giant Los Angeles

Largest Aster Known

The Super Giant Los Angeles was given Award of Merit, All American Selections 1934. It is the most fully double of any Aster and the largest Aster grown. The flowers are from six to eight inches across, full petaled and artistically graceful in the feathery effect of the interlacing ostrich feather type petals. The color is a lovely soft shell pink, blending to a creamy pink at the center. The plants reach a height of 2½ to 3 feet, with six to eight long, non-lateral stems per plant. For those who want the finest Aster yet developed, we heartily recommend the Super Giant Los Angeles. Pkt., 15c; 2 pkts., 25c.

Super Giant Los Angeles

Wilt Resistant Golden Sheaf

THE FINEST YELLOW ASTER

We take pleasure in introducing Golden Sheaf, the deepest yellow aster yet offered, and the only one that is wilt resistant. The flowers are fully double, with an attractive crest-like center, of good substance and fine depth of petals. It has all the characteristics of the Aurora type of aster so popular now with florists. The flowers last well when cut. Pkt., 20c.

Wilt Resistant Golden Sheaf

New Sunshine Aster

New Sunshine Asters

Improved Anemone-Flowered

A beautiful new type of Aster, forming well-branched bushes carrying a profusion of excellent long-stemmed flowers. Some of the flowers have twisted petals and some have quilled petals; all have a cushion center of tiny quills of a contrasting color which makes a flower look as if it were covered with snow flakes. The blue flowers are dotted with a paler blue and some in white, and the rose in a lighter shade of pink or white. Their delicate beauty is hard to describe. Excellent for garden display and particularly fine for cutting. We offer a fine mixture of colors, including the bright and delicate shades of blue, lilac, crimson, rose and white. Pkt., 10c; 3 pkts., 25c.

New Sensation Aster

This is the reddest of all Asters, the color being a dark rich garnet or ox-blood red, which glistens in the sunshine like a live coal. Grows 18 to 20 inches high, well branched, and covered with double flowers. The flowers are perfect in form, average 3½ inches across, and resemble Dahlias. Begin blooming in early August and continue to flower freely until the advent of frost. Pkt., 15c; 2 pkts., 25c.

PEONY-FLOWERED PERFECTION ASTERS

Very large and double. A choice mixture of all colors. Pkt., 10c; 3 pkts., 25c.

NEW WILT RESISTANT CREGO ASTER

Now Everyone Can Grow Asters

The new Wilt Resistant strain of Crego is the best of all the feathery or fluffy types of Asters. The large double flowers are on long stems and unsurpassed for cutting.

During the past few years it has become rather discouraging to attempt growing Asters due to the so-called wilt disease. This disease is caused by a specific parasitic fungus, which may attack the plant at any stage in its growth from the seedling to the seed-producing age. The spores of the fungus may be carried on Aster seed and on inert matter with the seed, on the implements used in preparing the soil, and in the soil itself. When once introduced into the soil, it persists indefinitely and makes the land "aster sick," that is, whenever an ordinary strain of Asters is planted into that particular soil at any time thereafter, the wilt fungus living in it will attack the plants and they will die off at some stage of their growth.

A wilt resistant strain of Asters, however, is one which, although planted on the very sickest soil available, will withstand the attacks of the fungus and develop into strong, healthy plants. Just as some people or animals withstand the attacks of certain diseases, while others become sick at the first sign of an epidemic, so the resistant strains of Asters will withstand the attack of the wilt fungus, while the non-resistant strains will succumb.

Experiments with this new Wilt Resistant strain show not only stronger plants, but better forms with larger flowers of better substance than the old or ordinary strains of Asters. We offer the following colors:

Cattleya, fascinating shade of orchid	Shell Pink
Crimson	Peach Blossom (Lavender Pink)
Dark Violet	White
Deep Rose	Mixed

Your choice of above colors at 15c per packet; 3 packets, 40c; 7 packets, 70c.

Giant Ostrich Feather Aster

Giant Ostrich Feather Aster

Magnificent feathery, full, fluffy flowers of large size. Borne on long stems, they make cut flowers par excellence. **Crimson, Brilliant Rose, Pink, Light Blue, Dark Blue, Pure White.** Separate colors or mixed, 10c per packet; 3 pkts., 25c; 6 pkts., 40c.

Giant Chrysanthemum-Flowered Comet Asters

Our select strain of the Chrysanthemum-Flowered Comet Aster is larger and finer than the much advertised Asternum. Flowers 4 to 6 inches in diameter, very double; long, curled, twisted petals, resembling fine Japanese Chrysanthemums. **Rose, Crimson, Light Blue, Dark Blue, White.** Separate colors or mixed. 10c per packet; 3 pkts., 25c; 5 pkts., 35c.

King

King Asters

In form the flower is entirely distinct from any other aster. The blossoms are round, full, and very large; long, narrow, quilled petals, those in the center being curled and incurved, completely covering the crown. A fine mixture of colors, including **Crimson, Pink, Lavender, Violet, White, etc.** Pkt., 10c; 3 pkts., 25c.

American Late Branching

Wilt-Resistant Late Branching

A grand strain of American Asters. Plants form strong, branching bushes 2 to 2½ feet in height, bearing on long, strong stems, flowers which are very double and, under ordinary cultivation, average 5 inches across. Seed in mixed colors only. A fine mixture, including **Crimson, Scarlet, Bright Rose, Flesh Pink, Sky Blue, Purple, White, etc.** Pkt., 10c; 3 pkts., 25c.

Heart of France

The best pure red Aster ever introduced. Nearly all others have shades of blue or too much yellow in the color pigments. Heart of France opens red as the purest ruby, deepens with age and retains its remarkable beauty to the very end. The petals appear strikingly changeable, showing now a glow and sheen quite unique, now a soft warm velvety texture. In any light, natural or artificial, Heart of France is startlingly beautiful and will command instant admiration. The flowers are large and full with never a trace of hollow center. We are offering this year a wilt-resistant strain. Pkt., 10c; 3 for 25c.

New Everlasting or Straw Flower Asters

This handsome new Aster was found growing among other Asters a few years ago and it has retained its peculiar characteristics during the several years in which it has been grown. It is a real Aster which, when cut and dried, retains its color and shape as an everlasting flower. The plant is grown the same as any other Aster, and blooms from July to September. Pick the flowers when three-quarters open and hang them up with the heads down until dried. If you want something exceptionally fine for dried winter bouquets, try this new Everlasting Aster. We are now able to supply a wilt resistant strain in two colors, **Flesh and Rose.** Pkt., 15c; 2 pkts., 25c, postpaid.

Queen of the Market Asters (Wilt-Resistant)

Our early strain of Queen of the Market Asters is a most valuable type for bedding as well as cutting, as they are entirely wilt-resistant, the first to come into bloom, and continue blooming until checked by fall frosts. Several other strains of Aster are being offered as something earlier than Queen of the Market, but we find none of them as early as our strain of Queen of the Market, and none of them as valuable either for florists or the home flower garden. Plants are 15 to 18 inches in height and branch freely near the ground, giving long stems to the flowers. **White, Pink, Crimson, Light Blue, Dark Blue, Scarlet.** Separate colors or mixed. 10c per packet; 3 pkts., 25c; 6 pkts., 40c.

Queen of the Market

California Giants Aster

Giants of California Aster

The enormous flowers, which often measure up to 6 inches in diameter, are of the Ostrich Feather type, with long, graceful petals attractively curled and twisted. The plants grow 2 to 3 feet tall and carry their flowers on fine long stems. Due to the size of the blossoms there are fewer to each plant, and they are about two weeks later than our Giant Ostrich Feather and the Comet and Crego types. Their immense size and beauty, long sturdy stems, and good lasting quality make them unsurpassed for cutting. We offer mixed colors only, but in our mixture will be found a fine assortment of colors ranging from clear white to purple. Pkt., 15c; 2 pkts., 25c.

CALENDULA (Pot Marigold)

One of the best and showiest free flowering hardy annuals. Blooms from early summer until killed by frost; particularly bright in late fall. Valuable also for pot culture, blooming freely in winter and early spring.

FINE MIXED. Yellow, orange, orange-red, and striped; all double flowers. Pkt., 5c.

New Calendula "Campfire" or "Sensation"

A beautiful variety that is a sensational development in Calendulas. It is a decided improvement over the ordinary, both in form and substance, the flowers being larger and double throughout. The long, strong stems of Campfire make it unexcelled for cutting. Its color is a fascinating shade of rich brilliant orange with a scarlet sheen. Valuable for bedding or forcing in pots. Pkt., 10c.

Calendula Orange Shaggy

Calendula Orange Shaggy Gold Medal 1935

Calendulas in recent years have enjoyed a decided revival of interest. Many new shades have been introduced, and several new and interesting flower types have been developed. One of the most interesting, and certainly the most distinct of these is the new lacinated type, Orange Shaggy. Deep orange shaded lighter at the center, exceedingly graceful and informal in appearance, it is a striking contrast to the formal Calendulas in general use. The plants are free flowering, neat and compact, bearing long stems which make the fringed petaled flowers equally useful in the garden or for cutting. Pkt., 15c.

CALENDULA RADIO

A beautiful departure from the conventional form of Calendula. The flowers are large and double, and the petals attractively quilled. The color is a deep shade of golden yellow. Pkt., 10c.

Chinese Fragrant Fern

The foliage is exquisite, very delicate and lace-like. Blooms profusely, and both flower and foliage are deliciously fragrant. It is a plant of easiest culture; will thrive in any soil or situation. It is not a true fern, but a beautiful tropical-looking ornamental variety of Artemisia. Grows rapidly from seed and soon reaches a height of 4 to 5 feet. No bouquet is complete without a spray or two of these perfumed beauties. Pkt., 10c.

Calendula Chrysantha

CALENDULA CHRYSANTHA (Chrysanthemum-Flowered Calendula)

Chrysantha (Chrysanthemum-Flowered Calendula) is a distinct type, a new break in Calendulas which is outstanding among all varieties known up to the present time. The large double flowers are an exquisite shade of clear buttercup yellow, with long loosely arranged petals which droop somewhat to give the rounded appearance of a Chrysanthemum. Besides adding a bright golden splash of color to the garden, Chrysantha is remarkable for its long stiff stems, making it ideal for cutting. Pkt., 15c.

Calliopsis

Beautiful, showy, free-flowering plants, of the easiest culture, doing well in any sunny position, blooming all summer and excellent for cutting and massing. By keeping the old flowers picked off the flowering season can be lengthened until late autumn.

CRIMSON KING. A fine dwarf sort, 9 inches high; color rich, velvety crimson-garnet. Pkt., 8c.

DWARF MIXED. Finest mixture of dwarf varieties; yellow, orange, red, brown, etc. Pkt., 8c.

TALL DOUBLE MIXED. Finest mixture of double varieties. Pkt., 8c.

TALL SINGLE MIXED. A superb mixture of all colors. Pkt., 5c.

Calliopsis

CENTAUREA CYANUS

(Corn Flower or Bachelor's Button)

Our Centaurea Cyanus is a choice long stemmed strain of an old fashioned annual which never will decrease in popularity. It will grow anywhere and as a cut flower it is considered indispensable. It grows to a height of 2½ to 3 feet, and furnishes immense and well shaped double flowers throughout the summer. The seed we supply contains a nice assortment of colors, including blue, purple, mauve, pink, red and white. Pkt., 10c.

Centaurea Imperialis (Giant Sweet Sultan)

This beautiful class is undoubtedly the finest of all Sweet Sultans for cut flower purposes. The beautiful, sweet scented, exquisitely fringed, artistic shaped flowers measure 3 to 4 inches across, and are borne on long, strong stems. Height, 2½ feet. Flower profusely over a very long period. When cut and put in water, will last for several days in good condition. Fine mixture of colors, including dark purple, lilac, bright rose and white. Pkt., 10c.

Centaurea Gymnocarpa or DUSTY MILLER

A beautiful foliage plant with finely cut silvery-gray leaves. Used for bedding purposes, borders, edges, etc. 1½ to 2 feet. Pkt., 10c.

COBAEA SCANDENS

Also called Cup and Saucer Vine or Cathedral Bells. A handsome annual climber of rapid growth, attaining a height of 30 to 50 feet during the season. Will cling to any rough surface. Large, bell-shaped, purplish-lilac flowers. Pkt., 10c.

Cobaea Scandens

Centaurea Imperialis

CLEOME PUNGENS (Giant Spider Plant)

A strong, robust grower, 4 to 5 feet high, with great panicles of bloom as large as a Hydrangea and unaffected by wind or weather. The flowers are deep purplish pink when they first open, but turn to light pink, so that the lower part of the panicle is a different color from the upper. The stamens are several inches long, from which it derives the name—Spider Plant. Seed sown in the open ground in May will flower in July and continue in flower uninterruptedly until frost. Pkt., 10c.

CANARY BIRD VINE

A beautiful rapid growing annual climber, the charming little canary-yellow blossoms bearing a fancied resemblance to a bird with wings half expanded. The sprays of flowers are very artistic and, when cut, keep in good condition for a week. Pkt., 8c.

Cypress Vine

One of the most popular of the annual climbers. Very delicate fern-like foliage, and masses of small, bright, star-shaped flowers.

SCARLET. Pkt., 5c.

MIXED. Scarlet and White. Pkt., 5c.

Cleome Pungens

COSMOS

Beautiful summer and autumn blooming plants, producing thousands of artistic flowers and furnishing an abundance of cut blossoms for autumn decorations when other flowers are scarce. The double varieties are the best of all for cut flowers, the blooms lasting considerably longer than the single varieties.

AUTUMN GIANTS. Gigantic flowers with broad, overlapped petals of splendid substance; borne on very long stems. All colors mixed. Pkt., 5c.

GIANT EARLY SUMMER. As early as the earliest and continues until frost. Nearly as large as the late sorts. A good mixture of crimson, pink and white. Pkt., 8c.

EARLY-FLOWERED DOUBLE, Crimson. Pkt., 15c; 3 pkts., 30c.

EARLY-FLOWERED DOUBLE, Pink. Pkt., 15c; 3 pkts., 30c.

EARLY-FLOWERED DOUBLE, White. Pkt., 15c; 3 pkts., 30c.

EARLY-FLOWERED DOUBLE, Mixed. Pkt., 15c; 3 pkts., 30c.

ORNAMENTAL COTTON

Many people in the North have never seen cotton growing. As it is by far a more beautiful plant than many of the ornamentals and can be successfully grown in the North for ornamental purposes, it makes a very desirable addition to any flower garden; large, showy flowers, followed by large fluffy balls of white cotton. Pkt., 10c; 3 pkts., 20c.

Double Cosmos

Chinese Forget-Me-Not

(Cynoglossum Amabile). A rare gem for your garden. Forms perfect bushes, 18 to 20 inches high, and is just one mass of lovely brilliant sky-blue forget-me-not-like flowers from the latter part of May or the first of June until frost. It is ideal for bedding as well as for cut flowers. You can cut with 18 inch stems. No other annual will bloom more quickly from seed. Your garden will not be complete without this wonderful flower. Pkt., 15c.

Plumed or Feathered Celosia

Candytuft

CELOSIA

CHINESE WOOL FLOWER (*Celosia Childsii*), **Crimson**. One of the most magnificent garden annuals ever introduced. Commences blooming early and continues until frost. 2 to 3 feet high; wool-like blossoms in immense clusters, often measuring 2 feet in circumference. Pkt., 10c.

Pink. A new variety of Chinese Wool Flower, with magnificent glowing pink flowers. Pkt., 15c.

Yellow. Gorgeous yellow blossoms. Pkt., 15c.

Mixed. A mixture of all 3 colors of Chinese Wool Flower. Pkt., 10c.

COCKSCOMB (*Celosia Cristata*). Free-blooming annuals, growing best in not too rich and in rather light soil. Make grand border plants and are attractive for pots. Fine mixed. Pkt., 8c.

PLUMED or FEATHERED (*Celosia Plumosa*). Of pyramidal growth, attaining a height of 3 feet and producing numerous brilliant, massive plumes which resemble ostrich feathers and wave gracefully above the foliage. Choice mixture of red and yellow shades. Pkt., 10c.

Chinese Wool Flower (*Celosia Childsii*)

Cardinal Climber

The most beautiful and brilliant climber ever grown. Strong, rapid growing annual attaining a height of 25 feet, with beautiful fern-like foliage and literally covered with a blaze of fiery cardinal-red flowers from midsummer to frost. Pkt., 10c; 3 pkts., 25c.

CANDYTUFT

The Candytufts are popular everywhere, and considered indispensable for cutting. Seed sown in April, flowers in June. Successive sowings should be made at intervals. Hardy and easy to grow.

GIANT HYACINTH-FLOWERED. The finest of all; immense spikes of large, pure white flowers. Pkt., 8c.

ALL COLORS MIXED. A fine mixture of white, pink, lilac and red shades. Pkt., 8c.

Clarkia

CLARKIA

ELEGANS DOUBLE. An easily grown annual doing well in rather poor soil, and in either sun or shade. Grow 2 to 2½ feet high, with beautiful double flowers, which open in water when cut. Resemble gorgeous sprays of Flowering Almond. A fine mixture of colors from pure white, flesh pink, bright pink, rose and salmon to the darker shades of orange, orange-scarlet, salmon-scarlet, etc. Pkt., 10c.

MOLTEN FIRE The Brightest Colored Foliage Plant

This is a most magnificent foliage plant and is attracting a great deal of attention wherever grown. It belongs to the *Amaranthus* family, and grows rapidly, attaining a height of 3 feet. It has handsome bronze foliage until it reaches a height of about 2 feet, when the leaves change to clear, glistening, fiery rose-crimson, increasing in size and brilliancy until the whole plant is illuminated with huge tufts of flaming fire which can be seen for half a mile. Retain their brilliancy for 3 months or more. Very easily grown. Pkt., 15c.

NIGELLA

(Love-in-a-Mist or Devil-in-a-Bush)

A pretty, interesting and easily grown annual. This beautiful, unique and little known plant makes a showy and attractive border or mixes well with other Blue or Pink flowers for bedding. The delicate Blue and White flowers surrounded by a feathery mass of foliage suggest "Love-in-a-Mist," and the red crown-shaped, horn-tipped seed pods suggest "Devil-in-a-Bush." Fine for cutting. Twelve to fifteen inches. Easily grown in any garden soil. Mixed colors. Pkt., 10c.

Annual Single Chrysanthemum

Annual Chrysanthemums

DOUBLE WHITE. Valuable summer-flowering border and bedding plant, which bears large quantities of blooms which are excellent for cutting, and quite distinct from the autumn flowering varieties. Pkt., 10c.

DOUBLE YELLOW. Same as Double White, except the color, which is bright yellow. Pkt., 10c.

DOUBLE MIXED. Pkt., 10c.

SINGLE MIXED. Showy flowers of various bright colors; bloom profusely throughout the summer and fall. Excellent for cutting. Pkt., 10c.

Dianthus or Pinks

Few flowers can equal the old-fashioned Pinks in beauty and profusion of blooms. They are easily grown and do well in almost any kind of soil and location. The varieties listed on this page are biennials, but are usually treated as annuals, and are a mass of bloom within a few weeks after seed is planted. Excellent for cutting. As a rule, they survive the winter if given slight protection, flowering abundantly the following season.

CHINESE, Double. Sometimes called Indian Pinks. Handsome clusters of very double flowers; many bright colors. Pkt., 5c.

FIREBALL. Large, double; rich, blood-red; splendid for cutting or as a border. Pkt., 10c.

JAPANESE DOUBLE (Heddewigi). Large double blooms in many showy colors, varying from the richest velvety crimson to the most delicate rose. A fine mixture of colors. Pkt., 10c.

LACINIATUS, Double Mixed. Flowers very large and double and the edges of the petals are exquisitely fringed and lacinated. A fine mixture of brilliant colors—white, pink, rose, red and maroon shades, with white edges and variegated. Pkt., 10c.

OXALIS Tropaeoides. An excellent little plant for edging or pots; blooms all summer in the greatest profusion; yellow flowers, rich brown foliage. Pkt., 10c.

Dianthus Sweet Wivelsfield

DATURA

(Trumpet Flower)

WRIGHTII. The best annual variety. A handsome, hardy plant, 3 feet high, bearing immense trumpet-shaped flowers. The flowers are white, tinged with lilac, average about 8 inches in length by 5 inches across, and are delightfully fragrant. Started early, will bloom from early summer until fall. Easy to grow. Pkt., 10c.

African Daisy

Dimorphotheca, Aurantica Hybrids. Bushy plants, 12 to 15 inches high; flowers more than 2½ inches across. Splendid mixture of all colors from white through various shades of cream, yellow, orange, rose, etc., and many flowers being zoned with several of these colors around darker colored centers. Pkt., 10c.

DAHLIA SEED

Dahlias are as easily grown from seed as nasturtiums, and will bloom the first year if seed is sown early.

DOUBLE CACTUS-FLOWERED. Characterized by long, narrow, pointed, tubular and twisted petals of graded lengths, giving the layered flowers a very striking and attractive appearance. Excellent mixture of the finest varieties. Pkt., 15c.

DOUBLE DECORATIVE. Flowers full to the center; thick but not ball-shaped, with broad, flat petals. Choice mixture of large flowered varieties. Pkt., 15c.

PEONY-FLOWERED. A very attractive type of Dahlias. Flowers of large size and semi-double form, with a whorl of petals often covering the yellow center. Free blooming and wonderful for garden display or for cutting. Pkt., 15c.

CHOICE DOUBLE. A fine mixture of Decorative, Show and Peony-Flowered varieties. Pkt., 15c.

Burgess' Special Mixture of Dahlia Seed

A select mixture of the finest varieties of Cactus-Flowered, Hybrid-Cactus, Ball or Show type, Decorative and Peony-Flowered, and a few of the most gorgeous of the single varieties. Pkt., 25c.

EVERLASTINGS

To meet the growing demand for winter bouquets, we have prepared a special mixture of all the leading varieties of annual Everlastings, such as *Acroclinium*, *Straw Flower Aster*, *Globe Amaranth*, *Helichrysum*, *Rhodanthe*, *Statice*, *Xeranthemum*, etc. You will find the most of these varieties described in this catalog. Liberal size mixed packet, 15c; 2 pkts., 25c.

Datura (Trumpet Flower)

CARNATIONS

MARGARET. These are deservedly the most popular Carnations with the amateur, as they begin flowering in four months after seed is sown. Sown early, the plants will bloom during the late summer and early fall, and by repeated sowings they may be had in bloom all winter long if grown in the conservatory or greenhouse. If slightly protected they will survive an ordinary winter out of doors and bloom the following spring.

Margaret Pink. Pkt., 10c.

Margaret Scarlet. Pkt., 10c.

Margaret White. Pkt., 10c.

Margaret Yellow. Pkt., 10c.

Margaret Mixed. Pkt., 10c.

Four packets, one of each color, 30c.

Decorative Dahlia

Eschscholtzia Ramona

Four O'Clock (Marvel of Peru)

(Mirabilis). This is another good old-fashioned flower of bushy habit, bearing hundreds of flowers during the season of white, yellow, crimson and violet. Very charming when used as a hedge plant, rivaling the privet, with its glossy foliage very closely set and dotted all over in the afternoon with a multitude of fairy flowers. It is a little known fact that roots of these may be lifted in the fall and stored like Dahlias and the tubers planted in spring. Like result in larger plants, stronger, and with more flowers. 2 feet. All colors mixed. Pkt., 10c.

FREESIAS

These are well known for their delightful fragrance. Seed should be sown in flats and transplanted after the bulb has formed. Will bloom the first year from seed.

REFRACTA ALBA. White. Pkt., 10c.

RAINBOW HYBRIDS. Very attractive because of their unique colorings and shadings. Pkt., 15c.

NICOTIANA

Affinis Hybrids

Compact bush, about 3 feet; blooms all summer and fall; delightfully sweet-scented, tube-shaped white, purple, red, salmon, pink and violet flowers which will fill a whole garden with their fragrance. Easily grown from seed, and cuttings rooted in September will bloom freely in the winter. Fine mixture. Pkt., 10c.

Globe Amaranth

ture. One of the most desirable annuals for beds and borders and for cut flowers. Seed should be sown where the plants are to remain, as they do not stand transplanting; require practically no care; and in any sunny position will bloom profusely over a long season.

CARMINE KING. Deep carmine red. A bed of these in bloom appears like a mass of bright red Tulips. Pkt., 10c.

ORANGE KING. Rich golden orange. Pkt., 8c.

MIXED. A choice mixture of all colors. Pkt., 10c.

Gypsophila (Baby's Breath)

WHITE. A quick-growing annual, bearing a profusion of small, open, bell-shaped flowers. Grows 10 to 15 inches tall. Extensively grown by florists for use in mixed bouquets. Pkt., 5c.

ROSE. Similar in shape and size, but with flowers of dainty bright rose color. Pkt., 5c.

Evening Primroses

EVENING PRIMROSE (Oenothera)

Elegant for a sunny position in the border or rockery, flowering freely the greater part of the summer.

LAMARCKIANA. Large flowered, yellow. Pkt., 10c.

GLOBE AMARANTH

Everlasting Bachelor's Button

A popular everlasting or strawflower. Our mixture includes a fine range of colors, including white, shades of pink, lilac, and the rich bronzy-yellow tones deserve particular mention. Plants 2 feet tall, and are literally covered with button-shaped flowers which measure nearly 3/4-inch in diameter. Pkt., 10c.

NEW RUFFLED CALIFORNIA POPPY

Eschscholtzia Ramona Hybrids. Daintiest of the California Poppies. Among the many fancy varieties introduced, Ramona stands out as a distinct and very charming type in the frilled class. It is single, but the frills give it the appearance of a semi-double flower. Ramona Hybrids come in a fine mixture of glistening shades of pink, yellow and white, and are very pleasing to the eye. 2 feet high. This unusually attractive novelty should be included in every collection. Pkt., 15c; 3 pkts., 30c.

CALIFORNIA POPPY (Eschscholtzia)

Standard Varieties

A beautiful and brilliant annual with finely cut, blue-green foliage, and glossy flowers of satin-like texture.

Climbing Foxglove

(Lophospermum Scandens). An exceedingly handsome half-hardy climber; 10 feet; velvety foliage; large rosy-purple flowers. Pkt., 10c.

Freesias

New Azalea-Flowered Godetias

Wonderful Flowers that Rival the Loveliest Potted Azaleas

Of all the hardy annuals for garden decoration, Godetias are unsurpassed for the brilliant effect they produce in beds and borders. The new Dwarf Azalea-Flowered varieties are also highly recommended for pot culture. For outdoor culture, the seed may be sown in the garden, the same as asters. When thinned to about a foot apart each plant makes a compact bush about a foot high. The big beautiful blossoms are produced in such profusion as to just about hide the plant. It is surely a revelation, and you will be surprised and delighted. They are especially recommended for shady locations where many other flowers will not bloom. We have the three following varieties to offer:

DWARF DOUBLE AZALEA-FLOWERED, CARMINEA. Pink with crimson blotched center. So free flowering that when it is in full flower it is nothing but bloom. May be called an annual Azalea. Pkt., 15c; 2 pkts., 25c.

DWARF DOUBLE AZALEA-FLOWERED, CORNELIA. Same as above, except that flowers are of delicate salmon color. Pkt., 15c; 2 pkts., 25c.

DWARF DOUBLE AZALEA-FLOWERED, BRILLIANT. A gorgeous new variety with large flowers of dark crimson. Pkt., 15c; 2 pkts., 25c.

DWARF DOUBLE AZALEA-FLOWERED, MIXED. A fine mixture of colors. Pkt., 15c.

Dwarf Double Azalea-Flowered Godetia Carminea

LAVATERA (Annual Mallow)

TRIMESTRIS MIXED. The showy flowers and large downy leaves of these annual Mallows produce a most decorative effect in beds, hedges and background borders. The bushy plants grow to a height of 2½ to 3 ft. The large cup-shaped flowers of charming white, pink, and rose colors measure 2 to 4 inches across. They bloom profusely during the entire summer and fall. Spikes of these richly colored flowers, 2 feet in length, make long keeping cut flowers, as the buds continue to expand in water. In habit they are rather spreading, but this is an advantage as they may be sown late to fill vacant spots following spring flowers. Mixture of colors, 10c per packet; 3 pkts., 25c.

ANNUAL GAILLARDIA (Blanket Flower)

Remarkable for the profusion, size and brilliancy of their flowers, continuing in bloom from early summer until November. Excellent for beds, borders, or for cutting. A fine range of colors, from creamy-white and yellow shades to orange and crimson, both single and double. A fine mixture. Pkt., 5c.

Annual Gaillardia

HELICHRYSUM (Straw Flower)

Monstrosum. The largest of the Everlastings. Beautiful Aster-shaped flowers that when dried retain much of their original shape and splendor. Popular for winter decorations, for which purpose the blossoms should be cut when about one-third open, tied in small bunches, and dried slowly in a cool, shady place, hanging the flowers downward to keep the stems straight. We can supply seed in the following separate colors. Fire Red, Golden Yellow, Crimson-Purple, Rose-Pink, Salmon-Rose, White. Pkt., 10c; 6 pkts. (one of each color), 40c. All colors mixed: Pkt., 10c; 3 pkts., 25c.

ORNAMENTAL GOURDS

Apple, Calabash Pipe, Dipper, Dish Cloth, Nest Egg, Orange, Pear-Shaped, and Sugar Trough. Your choice of these varieties at 10c per packet; 8 packets—one of each variety—50c.

Mixed Varieties. A fine mixture of rare, useful and ornamental varieties. Pkt., 10c; 3 pkts., 25c.

Ornamental Grasses

Most useful for winter bouquets when combined with Everlastings or Straw Flowers. Easily grown in any soil. A nice mixture of the finest varieties. Pkt., 10c.

Ornamental Gourds

Helichrysum (Straw Flower)

Burgess' Choice Larkspurs

(Annual Delphinium)

The Larkspur (Annual Delphinium) is among the best known garden flowers, and in recent years a vast improvement has been effected by careful selection in size and color of the blossoms and the general habit of the plant. Seed sown in the open ground before the close of April will produce flowering plants by the beginning of July, and give a continuous succession of flowers from then until frost, a record that is not surpassed by any other annual. They make handsome beds, and their free, graceful habit and bright colors are very effective when interspersed in the flower or shrubby border. They keep well when cut, and a vase of one or mixed colors is indeed charming.

GIANT IMPERIAL LARKSPUR

A magnificent type of distinctly upright growth, similar to the perennial Delphinium, producing many fine flower spikes, 3 to 4 feet long, branching from the base of the plant. Large, double flowers, and a fine assortment of colors, including the different shades of blue, lavender, lilac, light pink, dark pink, deep rose, salmon and white. Pkt., 15c.

EARLY GIANT HYACINTH-FLOWERED

An early blooming type, each plant producing one big spike, broad at the base and tapering to a point at the top, thickly studded with large, perfect double flowers, reminding one of gigantic Hyacinth. Height 3 feet. Seed comes in fine mixture of colors. Pkt., 10c.

ANNUAL CINERARIA

Brachycome Iberidifolia

Very fine, free flowering, easily grown annual, 10 inches tall, covered during the greater part of the summer with a profusion of dainty flowers which resemble small Cinerarias. A fine mixture of colors including the different shades of blue, purple, rosy-lilac, and white with contrasting dark eye. Suitable for edgings, small beds or pot culture. Pkt., 10c.

HYACINTH BEAN (Dolichos)

PURPLE SOUDAN. A rapid growing climber for sunny situations. 8 to 10 feet. Stems purplish-red; red and purple shades in the leaves. Long spikes of pea-like flowers of deep reddish maroon, followed by beautiful metallic purple seed pods. Pkt., 8c.

Princess Helen. Pure white form of above; green foliage. Pkt., 8c.

HIBISCUS AFRICANUS

Large, saucer-shaped, cream-colored blossoms, dark purple center. 2 feet. Pkt., 8c.

ICE PLANT Fine trailing plant for borders and hanging baskets, and valuable for dry, sunny situations on banks, rockwork, old walls, etc. Foliage very ornamental, being covered with ice-like globules. Pkt., 5c.

IPOMOPSIS (Tree Cypress.)

A handsome plant with long spikes of very beautiful, dazzling scarlet, fine spotted flowers. Will thrive in any soil. Pkt., 8c.

Larkspur Giant Imperial

Annual Cineraria

Ipomopsis

Kochia (Burning Bush)

JAPANESE HOP (*Humulus Japonicus*). **Variegated-Leaved.** A rapid climber; one of the best plants for covering verandas, trellises, etc. The large handsome leaves are beautifully variegated, green and yellow, and make a dense covering. Pkt., 10c.

JOB'S TEARS Curious and ornamental. Seeds used for beads and ornamental purposes. Pkt., 5c; oz., 15c.

KOCHIA (BURNING BUSH OR SUMMER CYPRESS.) This beautiful bush grows about 2 to 2½ feet in height and resembles a closely trimmed ornamental evergreen. May be grown singly or in the form of a hedge or background. In early fall the entire bush turns bright scarlet. Pkt., 10c.

CRIMSON FLAX *Linum Grandiflorum Rubrum*. One of the most effective and showy bedding plants, having fine foliage and delicate stems, with brilliant scarlet-crimson flowers. 1 foot. Pkt., 5c.

MIGNONETTE

Sweet. The old variety with small spikes, but very sweet scented. Pkt., 5c.

Superb Mixed. Many shades and types; very choice. Sowings made in April and again in July will keep up a succession of bloom from early summer until frost; can also be grown in pots for winter and early spring flowering. Pkt., 10c.

Marigolds

Favorite free-flowering annuals of easy culture and extremely effective in large beds or mixed borders. Succeed best in full exposure to the sun. Fine for cut flowers.

ALL DOUBLE LEMON. An African Marigold with large, perfect, double, quilled flowers of soft lemon yellow. 3 feet high. Pkt., 8c.

ALL DOUBLE ORANGE. A counterpart of Lemon Queen except in color, which is deep golden orange. Pkt., 8c.

GIANT AFRICAN DOUBLE, Mixed. Large flowered varieties in mixture of colors. Pkt., 8c.

DOUBLE DWARF FRENCH. Few annuals are as effective or flower for so long a period. 10 to 12 inches. A fine mixture of lemon-yellow, golden-yellow and rich, mahogany-brown shades. Pkt., 8c.

LEGION OF HONOR. A single flowering Marigold, forming bushes 9 inches high. Begin flowering in June, continuing until frost. Golden yellow, with large spot of velvety crimson at the base of each petal. Pkt., 8c.

Guinea Gold Carnation Flowered Marigold

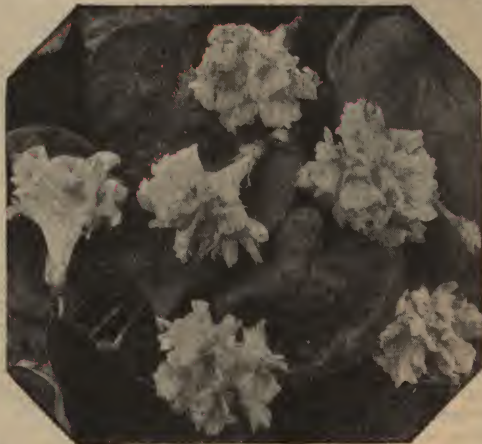

This is a distinct type of graceful pyramidal habit, growing 2 to 2½ feet high, and producing 30 to 40 semi-double flowers, 2 to 2½ inches across, of a brilliant golden color. This variety produces no single flowers, and the characteristic Marigold odor is less pronounced. An outstanding novelty. Pkt., 10c; 3 pkts., 25c.

Carnation
Flowered
Marigold

LINARIA A Wonderful Annual for Cut Flowers

MAROCCANA HYBRIDA EXCELSIOR. Mixed. This is a hardy annual with small dainty flowers resembling miniature Antirrhinums and in addition each flower has a long Columbine-like spur. It makes a nice cut flower and the colors range through crimson and gold, pink, mauve, dark blue, chamois and rose, with many lighter art shades. Height from 12 to 18 inches, and it blooms in about eight weeks from seed. Pkt., 10c.

Double Morning Glories

DOUBLE MORNING GLORIES

Double and
Semi-Double
Flowers. Pkt., 10c

Moonflower

Moonflower

SWEET SCENTED GIANT FLOWERED. A rapid climber, reaching a height of 20 to 30 feet; foliage very dense. Every evening, and on cloudy days the vines are covered with immense white flowers, many measuring 6 inches across. Pkt., 10c; 3 pkts., 25c.

PINK HYBRID. Large flowers of beautiful lavender pink color. Pkt., 10c; 3 pkts., 25c.

MOONFLOWER, MIXED. A mixture of pink and white varieties. Pkt., 10c; 3 pkts., 25c.

Mexican Fire Plant

Morning Glories

BRAZILIAN. Rich, rose-colored blooms 3 inches across; very showy and free blooming. As a quick growing vine it has no equal, covering an enormous space in a short time. Pkt., 10c; 3 pkts., 25c.

HEAVENLY BLUE. The finest of all Morning Glories. Immense flowers measuring 4 inches in diameter and of a bright sky blue color with a white throat. They bloom profusely for a long season, opening in the morning and facing the sun. Pkt., 15c.

JAPANESE IMPERIAL. This is a particularly attractive variety with large, deeply lobed leaves. The flowers are much larger than ordinary Morning Glories. The colors run from snow white through all possible shades of blue and red, from palest pink to darkest reds and purples, and streaked, mottled and bordered in wonderful fashion. Pkt., 8c.

JAPANESE EXTRA LARGE, or GIANTS. A superior strain of Japanese Imperial; extraordinary fine colors and gigantic in size, measuring more than 6 inches across. Pkt., 15c; 2 pkts., 25c.

JAPANESE FANCY FRINGED. A choice strain of Japanese Morning Glories with fringed and ruffled flowers. Pkt., 10c; 3 pkts., 25c.

DOUBLE MIXED. Double and semi-double flowers. Pkt., 10c.

SUPERB MIXED. All the plain colors, variegated, mottled and striped. This mixture contains none of the above varieties, but is a fine mixture of the old-fashioned sorts. Very hardy, so can be planted earlier and will begin to bloom earlier than the Japanese varieties. Pkt., 5c; oz., 15c.

Mexican Fire Plant (Annual Poinsettia)

(**EUPHORBIA HETEROPHYLLA.**) A variety of Poinsettia which grows quickly to a height of 2½ to 3 feet from seed sown in the open during May. About the middle of summer the top central leaves turn to rich orange-scarlet, similar to the famous greenhouse variety of Poinsettia which is so popular about Christmas time. A blaze of glory throughout the summer and fall. Can also be grown as a house plant. Pkt., 10c.

Double Sweet-Scented Nasturtiums

—in Nearly All Colors—

Double Sweet-Scented Nasturtiums

The New Double Sweet-Scented Hybrid Nasturtiums are a collection of gorgeously colored, large, well-formed flowers of dazzling beauty. Colors certainly never dreamed of before in a double Nasturtium abound in profusion—glorious flowers of salmon, golden yellow, creamy yellow, orange, orange-scarlet, cerise, crimson, and gold flushed scarlet combine with the foliage of fresh green. They thrive under almost any cultural conditions, and this factor, combined with the brilliancy of their colors, assures these Double Hybrids of a universal popularity. The plants are semi-dwarf, throwing short runners from well rounded free flowering bushes. Stems are long and bear the flowers well above the foliage. In the garden or for cutting no flower could be more lovely. Pkt., 15c; oz., 35c.

DOUBLE GOLDEN GLEAM

This Double Sweet-Scented Nasturtium forms vigorous, large bushes, and when fully developed send out short runners about 18 inches in length. The neatly formed plants are covered with a mass of large, golden yellow, semi-double flowers $2\frac{1}{2}$ to 3 inches across. When well grown the flowers have the appearance of being fully double. They are borne on erect, stiff stems, six inches in length and stand well above the foliage, leaving the foliage practically hidden and producing a blaze of glory.

As a bedding plant Golden Gleam is very useful. In the greenhouse, plants may be forced, as Sweet Peas are, for early cut flower sales. The neat compact habit and early appearance of flowers make it an excellent pot plant. The short runners, which also bear numerous flowers, add to the usefulness of the plant for window boxes, or the runners can be pinched back as soon as they appear, and a rounded mass of golden flowers will be the result. An ordinary sized bouquet, when allowed to remain in a room for a short time, will fill the room with a most delightful fragrance. Pkt., 10c; oz., 20c.

Dwarf Double Golden Globe

Identical in color with Golden Gleam, but the plants are more dwarf, compact, globe-shaped, and **totally without runners**. All the good qualities of the popular Golden Gleam have been retained. The giant, double, sweet-scented, golden yellow flowers are borne in great profusion. Perfect, compact plants make them ideal for bedding; their long stems, wonderful fragrance and beauty, combined with their long keeping qualities, make them ideal for bouquets. Pkt., 20c; $\frac{1}{2}$ oz., 35c; oz., 60c.

Double Scarlet Gleam

The flowers are a fiery orange-scarlet. The individual blooms are of an immense size, almost three inches across, full petaled, waved and fluted in effect, uniformly well formed, and richly sweet scented. In habit of growth the Double Scarlet Gleam is like the Double Golden Gleam, described above. Completely covering the foliage of the plant, the long stemmed, orange-scarlet, double flowers make a dazzling splash of color comparable to the brilliancy of Scarlet Sage. Scarlet Gleam is ideal for the flower garden and for cutting. Pkt., 15c; $\frac{1}{2}$ oz., 30c; oz., 50c.

SINGLE NASTURTIIUMS

DWARF MIXED. A fine mixture of all colors and kinds; yellow, rose, crimson, scarlet, brown, spotted, striped and splashed. Pkt., 5c; oz., 15c; $\frac{1}{4}$ lb., 40c.

DWARF IVY-LEAVED. Flowers well up above the foliage, and beautifully fringed at edges. Blossom in greater profusion than any other variety of Nasturtium and remarkable for their colors and color combinations not found in any other strains; foliage having a marked resemblance to that of the hardy English Ivy. Pkt., 8c; oz., 20c.

DWARF VARIEGATED LEAVED. Handsome foliage plant with flowers of many bright colors. Each leaf is in a different degree beautifully marked with yellow, white and green, so that the plants would be worthy of culture almost for the foliage alone. Very showy and blooms freely and continuously. Pkt., 8c; oz., 20c.

TALL IVY-LEAVED. Fine fringed petals; colors intense and very striking; ivy-like foliage and vines exceedingly graceful. Pkt., 8c; oz., 20c.

TALL VARIEGATED-LEAVED. Light green foliage, beautifully marbled and blotched with white. Makes a striking vine with its bright blossoms of many colors. Pkt., 8c; oz., 20c.

TALL MIXED. Our special mixture contains all the choicest colors and many kinds and types of Tall Nasturtiums. Pkt., 5c; oz., 12c; $\frac{1}{4}$ lb., 35c.

Early Wonder Wallflower

Blooms in 90 Days

The Oriental coloring of the flowers, in rich reds and yellows, some flaked with brown and mahogany, is very effective. They are fragrant and last long as cut flowers. They are easily grown, bloom in 90 days, and are fine for out-door bedding and for pot culture. Pkt., 10c.

Nasturtium Tall Mixed

"ALL-DOUBLE" GIANT FRINGED PETUNIAS

Producing Practically 100% Double Flowers

The Finest Strain of Petunia Ever Produced. Mammoth Double Blossoms. Exquisitely Fringed

"ALL-DOUBLE" GIANT FRINGED PETUNIA, TALL TYPE (Triumphant). Seed of this variety will grow 100% double flowering plants and produce flowers of immense size. These flowers show a wonderful assortment of beautiful colors, such as Carmine, Brilliant Rose, Velvety Purple, Violet, White, Creamy Yellow, and innumerable intermediate as well as variegated colors. These flowers, which are exquisitely fringed and duplexed, very often measure as much as 5 inches across. Pkt., 35c.

"ALL-DOUBLE" GIANT FRINGED PETUNIA, DWARF TYPE (Victorious). It is identical with the Tall Type "Triumphant" in regard to its general character, while its dwarf, compact form enhances its popularity. These plants are remarkably uniform in habit, producing a wonderful assortment of brilliant and fancy colorings. They produce very large, fully double flowers, and being extremely floriferous, have an appearance similar to the double flowering Azalea. As they seldom grow more than 10 inches in height, they are very suitable for pots and for the border. Pkt., 35c.

"All-Double" Giant Fringed Petunia

Petunia Triumph of the Giants

Giant Single Flowered Petunias

GIANT FLOWERED HYBRIDS. A wonderful assortment of colors; mammoth in size; single. Pkt., 15c.

GIANT FRINGED. Flowers of extraordinary size, deeply fluted, ruffled and fringed; varied and brilliant colors. Pkt., 20c.

TRIUMPH OF THE GIANTS. The largest and finest single Petunia. Flowers often measure 7 inches across. A variety of gorgeous colors and markings that is unsurpassed. Pkt., 25c.

Balcony Petunias

A most valuable type of Petunias for porch boxes, hanging baskets, beds, terraces, or among rockwork. Individual blossoms measure 3 inches in diameter and they are borne so profusely as to cover the plants throughout the season.

We offer this seed in mixture of colors only, our mixture containing the most popular colors, such as rich velvety purple, brilliant rose-pink, pure white, etc. Pkt., 15c.

Single Bedding Petunias

Countess of Ellesmere. Rose with white throat. Pkt., 10c.

General Dodds. Velvety blood red. Pkt., 10c.

Howard Star. Attractively marked with a five-pointed white star on purplish crimson ground. Pkt., 10c.

GOOD MIXED. A splendid mixture of single bedding varieties. Pkt., 10c.

Portulaca or Moss Rose

Double Rose Flowered. Unsurpassed for brilliancy and beauty. Seed saved from perfect double flowers, so will produce a large percentage of double blossoms. A fine mixture of Scarlet, Orange-Scarlet, Rose, Golden Yellow, White, etc. Pkt., 10c.

Single Giant Flowered. One of the showiest low annuals, of easy culture, thriving best in light loam or sandy soil and in a sunny situation. Fine for massing in beds, edgings or rock-work, and frequently used to sow broadcast over sunny banks, etc. 6 inches. Flowers in mixture of the richest colors. Pkt., 5c.

Salpiglossis (Velvet Flower)

One of the finest annuals, and of easy culture; 18 to 24 inches high; velvety funnel-shaped blossoms in a very large and unusual range of colors, crimson, primrose, purple and gold, rose and gold, scarlet and gold, white and gold, etc. Continually in bloom from midsummer until frost; splendid for cutting. The seed we offer is of the large flowered strain, and extra select. Pkt., 10c.

Salpiglossis

Burgess' Annual Poppies

AMERICAN LEGION. A dazzling orange-scarlet of enormous size, borne on long, stout stems. Pkt., 8c.

DOUBLE CARNATION-FLOWERED. Splendid double fringed flowers; mixed colors. Pkt., 5c.

DOUBLE FEATHER BALL (Japanese Chrysanthemum-Flowered). Mammoth globe-shaped, elegantly fringed flowers. Mixed colors. Pkt., 8c.

DOUBLE PEONY-FLOWERED. Large, showy, double globular flowers, resembling a double Peony; mixed colors. Pkt., 5c.

DOUBLE MIXED. Many double sorts mixed. Pkt., 5c.

SINGLE MIXED. Many single sorts mixed. Pkt., 5c.

DOUBLE AND SINGLE MIXED. A fine assortment of all colors; double and single mixed. Pkt., 5c.

Double Feather Ball Poppy

Giant Yellow Tulip Poppy

(*Hunnemannia Fumariaefolia*). A truly wonderful variety of California Poppy which forms a nice bush, about 2½ feet tall, bearing large, rich yellow, satiny blooms. This is the best Poppy for cut flowers, keeping in perfect condition in water for several days. Although this is a perennial variety, it is treated as an annual, and begins blooming in a few weeks from sown seed and continues to blossom all summer and fall. Pkt., 10c.

Rhodanthe

RHODANTHE A variety of Everlasting or Straw Flower with a wealth of red, white and pink blossoms on graceful, slender stems. Its graceful habit makes it a particularly valuable addition to winter bouquets. Succeeds in a light rich soil and a warm sheltered situation; also valuable for pot culture. Pkt., 10c.

SCHIZANTHUS (Butterfly or Fringe Flower)

One of the daintiest flowers imaginable; especially fine for bordering beds of taller flowers, and as pot plants for the house in late winter and early spring. Seed sown in the spring will produce plants that will come into bloom in a few weeks, and with such loads of charming blooms as to completely obscure the delicate fern-like foliage. If wanted for house plants for winter blooming, sow in the autumn. The plants will quickly grow into compact, rounded bushes, about 2 feet tall. The butterfly-like flowers range in color from pure white through shades of cream and pink to crimson and mauve. Many of the flowers are beautifully marked. Pkt., 10c; 3 pkts., 25c.

SNOW ON THE MOUNTAIN

(*Euphorbia Variegata*). One of the finest foliage plants for outdoor planting. Foliage attractively veined and margined with white. 2 feet. Excellent for beds and borders. Pkt., 10c.

Schizanthus

New Giant Shasta Scabiosa

Snow on the Mountain

floral flavors attract all the most beautiful types of butterflies to the neighborhood. Choice mixture of colors. Pkt., 5c.

New Giant Shasta. A pure white Scabiosa of enormous size, the flowers measuring three and a half inches across, with extremely long stems. Pkt., 10c.

New Giant Peach Blossom. "Highly commended" by the Royal Horticultural Society of Great Britain. A beautiful shade of peach blossom pink, large size and long stems. An excellent cut flower. Pkt., 10c.

SCABIOSA

(Mourning Bride or Pin Cushion Flower). A popular plant; grows about 2½ feet high, producing beautiful flowers of exquisite shades of pink, rose, cherry red, fiery scarlet, white, yellow, amethyst, lavender, light blue, dark blue and purple, the soft shades predominating. Begin blooming early in July, and when given plenty of room and the seed vessels are kept regularly picked off, will continue blossoming through the whole summer. Long stems; blossoms keep well in water. A fine plant for the flower bed; its

Phlox Drummondii

(Annual Phlox)

The annual Phlox is one of the most brilliant and one of the easiest and most satisfactory plants which can readily be grown from seed. It will grow and thrive in any kind of soil if given a sunny position. In a few weeks after the seed is sown the plants are a sheet of bloom, remaining so until frost. They show to best advantage when grown in masses, beds or borders; excellent for cut flowers.

The following colors are of the finest type, having the largest heads of blooms as well as the largest individual flowers, of strong, sturdy growth, attaining a height of about 15 inches.

Brilliant Scarlet. Pkt., 8c.

Yellow. Pkt., 8c.

Deep Rose. Pkt., 8c.

Violet-Blue. Pkt., 8c.

Soft Shell-Pink. Pkt., 8c.

White. Pkt., 8c.

LARGE-FLOWERING MIXED. All of the above colors as well as a great many others. Pkt., 8c.

STAR PHLOX. The flowers are either starred or fantastically fringed. A novel variety; many bright shades; mixed colors. Pkt., 10c.

Salvia (Scarlet Sage)

The Scarlet Sage has long been a favorite bedding plant. We here offer seed of the two finest varieties in cultivation.

AMERICA. This is the earliest, freest and most continuous bloomer of all Scarlet Sages, and the most uniform in habit of growth. The bushy plants do not grow over 15 inches high, with the spikes of brilliant scarlet flowers thrown well above the foliage, making a total height of about 2 feet. The importance of this uniformity will be appreciated by those who use Scarlet Sage for beds or borders. Pkt., 20c; 3 pkts., 50c.

SPLENDENS. This is the largest flowering Scarlet Sage, well-grown plants measuring 3 to 4 feet tall; a scorching scarlet of unsurpassed brilliancy. Pkt., 10c; 3 pkts., 25c.

SENSITIVE ROSE (*Mimosa Pudica*). An interesting plant which will fold its foliage when touched. Beautiful, fluffy, pinkish-white flowers. Pkt., 8c.

Salvia

STOCKS

The stock is one of the most popular annuals, either for bedding or pot culture. For brilliancy and diversity of color, fragrance, profusion and duration of bloom it is unsurpassed.

Mammoth Early Branching Nice

This variety is now recognized as the most valuable of all Stocks for cutting purposes and the most popular for general use. If sown early, they come into flower with the extra early small varieties; the flowers are large and double, and the branching habit renders them invaluable for florists. Height, 18 inches. Wonderful assortment of colors. Pkt., 10c; 3 pkts., 25c.

Giant Excelsior Stocks

This new non-lateral Stock grows to a height of 3 to 4 feet. Each plant produces one large flowering spike. The individual florets measure 2 to 2½ inches in diameter, and are very double. This is the latest improved strain of Stocks, and our fine mixture of seed contains all the light and dark shades and colors. Pkt., 15c.

EVENING SCENTED STOCKS (Perfume Plant)

Matthiola Bicornis. No annual in cultivation, even including the Mignonette, surpasses this in the delicate perfume of its flowers. The pink and lilac blossoms are partially closed during the day, but expand and produce their fragrance in the evening. A few plants growing will exhale a delicious perfume which may be detected half a block or more away. Pkt., 10c.

SUNFLOWERS

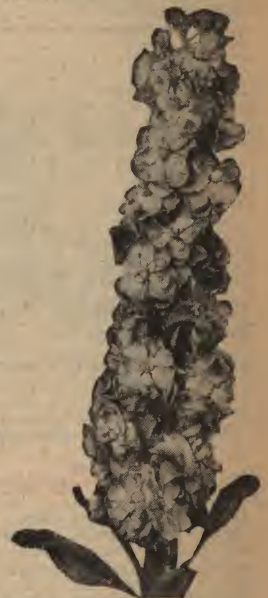

Double Chrysanthemum-Flowered. Rich golden-yellow; double as a Chrysanthemum and as large as a man's hat. 7 feet. Pkt., 10c; oz., 35c.

Red Sunflower. A unique and gorgeous novelty; plants grow branchingly, 3 to 4 feet high, and bloom freely. Flowers of different shades of red and red margined with yellow; ranging from 2 to 5 inches in diameter. Pkt., 10c; 3 pkts., 25c.

Mammoth Russian. The largest variety of Sunflower, single heads measuring 12 to 22 inches in diameter, and containing an immense quantity of seed, which is highly valued as a food for poultry, being one of the best egg producing foods known. Pkt., 10c; ¼ lb., 15c; lb., 35c.

Chrysanthemum-Flowered Sunflower

Giant Excelsior Stock

GIANT RUFFLED SWEET PEAS

Giant Ruffled Mixed

A most gorgeous mixture of Giant Ruffled varieties.
Pkt., 15c; 2 pkts., 25c; oz., 35c; ¼ lb., \$1.00; lb., \$3.50, postpaid.

The highest achievement yet attained in Sweet Peas. Beautifully ruffled, duplexed and frilled, giving the large wavy flowers a double appearance. Long stems, each carrying four fully developed blooms. Twelve sprays make a more massive bunch than eighteen sprays of an ordinary Spencer Sweet Pea. The vines make a sturdy growth and bear a profusion of blooms.

We can supply Giant Ruffled Sweet Peas in seven separate colors, as follows:

FLUFFY RUFFLES A lovely rich rose-pink, a gleam of soft salmon, and a bright creamy undertone blend into a harmonious cream-pink shade that must be seen to be appreciated. A flower of exquisite texture and fragrance.

LADY RUFFLES Soft pink self on white ground, the warm glow of color running well down to the base of the standard and wings. Received the high honor of winning the Gold Medal of the Scottish National Sweet Pea Society.

RUFFLED CARMINE Lovely carmine-rose, remarkably bright, yet soft and pleasing. The large blooms are perfectly frilled and borne on long-stemmed sprays.

RUFFLED ORCHID Warm lavender-rose with a pastel-mauve sheen that produces a delicate orchid shade. Large, fully ruffled blooms.

RUFFLED PRIMROSE The best primrose or cream; free from pink hue or blush. The flowers are of great size and exquisitely ruffled.

RUFFLED ROSE Pure shade of rose that glows softly and gives the large blossoms an individual beauty. Perfectly ruffled.

RUFFLED WHITE Pure white flowers of gigantic size, often borne five to the spray. They are beautifully ruffled with duplex and triplex standards. This is undoubtedly the outstanding white Sweet Pea.

PRICES Your choice of the above Giant Ruffled Varieties at 12c per packet; 3 pkts., 25c; 7 pkts., 50c; oz., 35c; ¼ lb., \$1.00.

Burgess' Prize Spencer Sweet Peas

The old-fashioned Grandiflora varieties are now superseded by the Spencer and the Giant Ruffled types. The Spencers have large, round open flowers of extraordinary size, usually measuring two inches across, with wavy standards and wide-spreading wings, a very large percentage bearing four of these immense blossoms to the stem, which is long and strong, making them of exceptional value for cutting. Our list has been carefully revised and contains nothing but sorts of highest merit.

BARBARA. Lovely soft salmon.
BONFIRE. Cherry pink; cream wings.
CHARITY. Rich brilliant crimson.
CHERUB. Rich cream, edged pink.
ELEGANCE. Blush-lilac.
HAWLMARK CERISE. Rose-cerise on cream.
HEBE. Luminous clear pink.
KING WHITE. Pure white.
MAMMOTH. Blazing orange-scarlet.
MARY PICKFORD. Dainty cream-pink, suffused salmon.

MRS. TOM JONES. Delphinium blue.
POWERSCOURT. Pure lavender.
PRESIDENT HARDING. Peach red.
RENOWN. Rich rosy carmine.
ROYAL PURPLE. Rich purple.
SUNSET. Bright rose, amber ground.
TANGERINE IMPROVED. Fiery orange.
VALENTINE. Light shell pink.
WARRIOR. Bronzy maroon.
YOUTH. White, rose-pink edge.

PRICES: Your choice of any of these Prize Spencer varieties at 10c per packet; 3 pkts., 20c; 7 pkts., 40c; oz., 25c; ¼ lb., 70c.

BURGESS' SELECTED MIXTURE OF SPENCERS is the finest mixture of Spencer's we have ever offered. It contains the cream of the named Spencer varieties, including many recent novelties and superb new seedlings not yet introduced. It is the very best blend possible to produce and will surely delight all who want a grand variety of shades and colors. Pkt., 10c; oz., 20c; ¼ lb., 65c.

Special Offer

20 packets Burgess' Prize Spencer Sweet Peas—one of each of the above described varieties—for only \$1.00.

Early Flowering Spencer Sweet Peas

Our Early Flowering Strain of Spencer Sweet Peas is the result of many years of careful scientific work. These varieties will not flower as freely and continuously as the late sorts, but will begin flowering from one to three weeks sooner, which is a decided advantage where early blooms are an important consideration. They are invaluable to florists for green house culture; for outdoor planting in sections of the Southern States where later varieties cannot be successfully grown; and for early blooms in cool climates. A choice mixture of all shades and colors. Pkt., 10c; oz., 35c; ¼ lb., \$1.00.

Standard Varieties Mixed

This mixture of Sweet Peas is the best of the old standard or Grandiflora varieties; a fine mixture of all colors and shades. There are no Spencers in this mixture. While it is our cheapest mixture and cannot be compared to the Spencer varieties, it is the best for the money that can be given. Pkt., 5c; oz., 12c; ¼ lb., 30c.

Cupid or Dwarf Sweet Peas

The Cupid or Dwarf Sweet Peas are excellent for bedding and borders; form a line of emerald green foliage a little over a foot wide and 6 inches high, and from June until late summer are literally a sheet of bloom. All the best colors and shades mixed. Pkt., 10c; 3 pkts., 20c; oz., 35c.

Cupid or Dwarf Sweet Peas

STATICE (Sea Pink)

Statice Sinuata is not only one of the most beautiful flowers for the border, but dries retaining its true color, which makes it one of the most valuable of Everlastings. Indispensable in making winter bouquets.

Sinuata, Deep Blue. Pkt., 10c.

Sinuata, Deep Rose. Pkt., 10c.

Sinuata, Mixed Colors. Blue and Rose. Pkt., 10c.

WILD FLOWER GARDEN MIXTURE

For the Children's Garden

Hundreds of Varieties of Pretty Flowers. At practically no cost the Children's Garden can be transformed into a delightfully attractive spot, overflowing with charm and fascination in its quaint, exquisite beauty and forming the most instructive of school rooms and the happiest of playgrounds. This mixture is especially prepared from a select list of hundreds of sorts—the colors and varieties being carefully proportioned to produce a constant and varied bloom the whole season, and will be found superior to any mixture before offered. In no other manner can so many different and rare varieties be obtained at such a small cost. It is suitable for any bare or unsightly spot in the yard, to sow along fences, embankments, etc. Pkt., 10c; oz., 20c; ¼ lb., 60c, postpaid.

Statice Sinuata

THUNBERGIA (Black Eyed Susan)

Thunbergia (Black Eyed Susan)

An elegant, graceful, slender annual climber preferring a warm, sunny situation; excellent for hanging baskets and ground covers. Bright yellow, buff, white and orange flowers, with dark eyes. Of quick growth, blooming profusely from June until October. 4 feet. Pkt., 10c.

WHITLAVIA

(California Canterbury Bell), Gloxinoides Blue. Flowers resemble small Gloxinias; deep lavender-blue with white throat. 1 ft. high. A very attractive and pretty annual which, if better known, would be grown more extensively. Worthy of a trial in every garden. Pkt., 10c.

Burgess' Mammoth Verbenas

Burgess' Mammoth Verbenas

Our strain of mammoth Verbenas has been carefully selected and improved until we can recommend it as the best procurable. The trusses and individual flowers are of large size, of brilliant colors, free-blooming and of vigorous habit. The Verbena is one of the most popular garden annuals and lends itself willingly to many uses. For beds, borders and window boxes it is particularly fine, and is frequently used for an undergrowth to tall plants like lilies, etc. The clusters of showy flowers are borne in constant succession from June until frost. We offer the following colors: Blue, Scarlet, Pink, White, Yellow, Italian Striped. Separate colors or mixed. 10c per packet; 3 pkts., 25c; 6 pkts., 45c. Plants—in mixture of colors only—25c each; 3 for 65c; 12 for \$2.10, postpaid.

Royal Bouquet Bush Verbena

A new, upright, compact form, growing 15 to 18 inches in height and not more than 10 inches across, with no lateral branches being thrown out. It bears in the utmost profusion, very large, brilliantly colored flowers. The blooms are borne on long stems and group themselves together at the summit of the plant. One great possibility in connection with this valuable introduction is its suitability for growing in pots, a thing which has hitherto been impracticable with Verbenas. The color range is from purest white to pink, red, blue and purple, many flowers being distinctly auricula-eyed. The seed is offered in mixture of colors only. Pkt., 15c; 3 pkts., 30c.

Royal Bouquet Bush Verbena

Pumila Delight Zinnia

Giant Dahlia-Flowered Zinnia

This type, the latest development in Zinnias, bears flowers of mammoth size and in form like a perfect decorative Dahlia. The plant is a strong grower and flower stems are long and stiff. This remarkable variety includes a complete range of delicate, bright and rich colors from white, yellow, lavender and rose to orange, scarlet and crimson. A wonderful cut flower.

Canary Bird. Brightest canary yellow. Pkt., 10c.
Crimson Monarch. Rich crimson-scarlet. Pkt., 10c.
Dream. A distinct shade of deep lavender. Pkt., 10c.
Exquisite. Rose-pink; deeper rose center. Pkt., 10c.
Giant Attraction. Beautiful shade of brick red. Pkt., 10c.
Oriole. Orange, shaded gold. Pkt., 10c.
Polar Bear. The best white Zinnia. Pkt., 10c.
Scarlet Flame. Rich orange-scarlet of dazzling brightness. Pkt., 10c.

Finest Mixed. Containing a wonderful range of the above and other beautiful colors. Pkt., 10c; 3 pkts., 25c.

SPECIAL OFFER. Eight packets—one of each of the above separate colors—40c.

Dwarf Zinnias

Dwarf Double Scarlet. Pretty little bushes; covered the entire season with a mass of perfectly double intense scarlet flowers. A most effective border plant, fine for bouquets. Pkt., 8c.

Double Dwarf Mixed. A fine mixture of all colors. Pkt., 8c.

Creeping Zinnia

SANVITALIA PROCUMBENS. A lovely free-blooming trailing plant producing a wealth of flowers about 6 weeks after the seed is sown. The plants are of compact, dwarf growth, with branches measuring 8 to 10 inches long. It is particularly suited for dwarf borders. The flowers are fully double, not unlike a small Zinnia in appearance. They are a bright orange-yellow color. Pkt., 10c.

Pumila Delight

The New Ruffled Zinnia

A most striking new variety with medium size flowers of exceptional beauty. The petals of the flowers are ruffled and curled and each petal is outlined by a contrasting color which harmonizes with the body of the flower. The plants are of compact growth and are a mass of blooms, coming into flower early in the season. This is one of the most attractive varieties of Zinnia and the best all around cut flower for basket work. Our seed is from a fine mixture of colors, including salmon shades, cream, buff, golden yellow, lavender, etc. Pkt., 15c.

Giant Dahlia-Flowered Zinnia

Fantasy Zinnia

Chrysanthemum Flowered

15c per packet

All American Winner

Fantasy is the most distinctive and fascinating Zinnia introduced to the flower world in many years. The very informal, shaggy appearing flowers are graceful and interesting, quite distinct from the stiff, formal Zinnias to which we are accustomed. The rounded medium sized flowers are composed of a mass of shaggy ray-like petals which give a delicate and refined appearance, large enough to satisfy the desire for mass of color, yet small enough to lend themselves gracefully to flower arrangement. The color range includes the brightest shades of reds, yellow and orange, as well as the popular pastel pinks and cream. Pkt., 15c; 2 pkts., 25c.

Fantasy Zinnia

Burgess' Perennial Flowers

SEEDS AND PLANTS

Perennials are those which flower several years in succession and are used for permanent plantings. We list with perennials the biennials which are not usually treated as annuals, and those that are in perfection the second year. All varieties listed on this and pages 58 to 70 inclusive are hardy perennials unless otherwise stated. Information relative to the blooming season of different varieties has been secured through tests on our own seed farms here in Michigan.

We take pride in offering our stock of perennial plants to the public because of their superior quality. Our plants are not light grade seedlings offered by so many growers at bargain prices. Neither are they overgrown clumps that have outlived their usefulness and difficult to transplant. With very few exceptions they are blooming age field grown plants. All our plants are free from diseases and insects and carefully selected to be true to name. For best results plant Burgess' high grade perennials.

ALL FLOWER SEEDS AND PLANTS ARE DELIVERED POSTPAID AT PRICES GIVEN.

ANEMONE or WINDFLOWER

Japanese Anemones produce a profusion of bloom at a time when few perennials are in flower. They commence flowering in September and continue until very late in the fall. Excellent for cutting. They require only ordinary good garden soil but should have a light covering of leaves or straw during winter. Grow 2 to 3 feet high.

KRIEMHELDE. Rich pink. Double flowers.

WHIRLWIND. Pure white. Double flowers.

Prices of Anemone Plants: 35c each; 3 for 85c; 12 for \$2.50, postpaid.

ANEMONE HUPEHENSIS A valuable addition to the perennial garden. Grows 18 inches high and blooms profusely from early August until late fall. Color soft mauve rose. Flowers 1½ inches in diameter. Plants, 35c each; 3 for 85c; 12 for \$2.50, postpaid.

ACHILLEA

The Achilleas are of very easy culture, thrive in hot dry locations and will grow in poor soil making them desirable for cemetery planting.

THE PEARL. 18 inches. June—July. Clusters of pure white double flowers resembling miniature pompon Chrysanthemums. Fine for bouquets. Pkt., 15c.

MILLEFOLIUM RUBRUM. 2 ft. June to September. Dense flat heads of ruby red flowers fading to a beautiful rosy-pink. Will do well in shade.

EUPATORIUM. 3 ft. July. Large flat heads of bright yellow flowers used in winter bouquets when desired.

Prices of Achillea Plants: Your choice of above three varieties, 25c each; 3 for 60c; 12 for \$1.75, postpaid.

Astilbe (Herbaceous Spirea)

These handsome, hardy perennial plants are of easiest culture, doing particularly well in a semi-shady situation. They also do well as pot plants. If grown out of doors, the many branched, feathery heads of flowers are produced in abundance during June and July. When grown indoors, they can be forced for winter and early spring blooming. Fine for cutting.

AMERICA. Large lilac-pink blossoms produced profusely. Earlier than most varieties.

GLADSTONE. Immense pure white flower-trusses on elegant long stems.

PEACH BLOSSOM. Beautiful peach-blossom pink flowers in magnificent panicles.

Prices of Astilbe Plants: 50c each; 3 for \$1.25; 12 for \$3.50, postpaid.

Astilbe Peach Blossom

AGROSTEMMA (Rose Campion) Coronaria, Mixed. 2 ft. June-September. Glowing crimson, blood-red, white and violet flowers in fine mixture; flowers one inch across, on long, slender stems; velvety silver-white foliage. Pkt., 8c. Blooming size plants, 25c each; 3 for 60c; 12 for \$1.75, postpaid.

Allegheny Vine or Climbing Bleeding Heart

(Adlumia or Mountain Fringe). A graceful hardy biennial climber, but as it resows itself year after year, it might be considered perennial. The feathery foliage closely resembles that of the Maidenhair Fern. The flowers are tube-shape, pink, somewhat like the Bleeding Heart, and completely cover the plant. Easily grown, and blooms first year from seed. Pkt., 15c.

ALYSSUM SAXATILE (Gold Dust or Basket of Gold). 1 ft. April—May. Dense clusters of small golden yellow flowers; gray foliage. Fine for rockery. Very showy. Pkt., 10c. Blooming size plants, 25c each; 3 for 60c; 12 for \$1.75, postpaid.

Anemone Hupehensis

Ghost Plant

ARTEMISIA

SILVER KING

3 ft. Used for the beautiful landscape effect of its silver-gray foliage from early summer until fall. Excellent for cut flower work and a valuable addition to winter bouquets. It thrives in ordinary soil and requires no care. Forms a symmetrical well-branched bushy plant. Select plants, 30c each; 3 for 75c; 12 for \$2.25, postpaid.

English Hybrid Columbines

The graceful Long Spurred Hybrid Aquilegia or Columbines should be used to brighten up every perennial garden. We believe our English Hybrids to be the best strain of this popular flower that it is possible to produce. Our stock contains all of the beautiful shades, tints and color combinations imaginable. Pkt., 15c. Blooming size plants in fine assortment of colors, 30c each; 3 for 70c; 12 for \$2.00, postpaid.

English Hybrid Columbine

Anchusa Myosotidiflora (Siberian Forget-Me-Not)

10 to 12 inches. One of the most beautiful of the early flowering perennials. Blue flowers resembling the true forget-me-not. Blooms with the tulips in April and May. Long stems; fine for cutting. Of easy culture, and will grow in either sun or shade. Blooming size plants, 35c each; 3 for 85c; 12 for \$2.50, postpaid.

HARDY GOLDEN MARGUERITE

ANTHEMIS KELWAYII. Handsome, finely cut, fern-like foliage and beautiful daisy-like flowers of clear lemon yellow, in bloom all summer; excellent for cutting. Succeeds in the poorest soil. Needs full sun. One of the most satisfactory hardy perennials. Pkt., 10c. Blooming size plants, 25c each; 3 for 60c; 12 for \$1.75, postpaid.

PERENNIAL CANDYTUFT

(Iberis)

Sempervirens. A profuse, white-blooming, hardy perennial, coming in flower early in the spring. Has evergreen foliage. Does well in sun or shade. Much used for cemeteries, rockeries, etc. Pkt., 15c. Blooming size plants, 25c each; 3 for 60c; 12 for \$1.75, postpaid.

Showy Rock Garden Plant **Arabis Rosea**

A most desirable rock garden and border plant of compact growth, 8 to 10 inches high, bearing each Spring an abundance of showy pink flowers. Pkt., 10c.

FALL BLOOMING HARDY ASTERS

Perennial Asters are among the showiest of our autumn-flowering plants, giving a wealth of bloom during September and October, a season when most other hardy flowers are past. They grow freely in any soil. Valuable for mass garden effect and for decorative purposes. They form tall bushy plants with many branches filled with daisy-like flowers.

BLUE GEM. One of the best of the ball blooming Asters and probably the nearest to a true blue. 2 to 3 ft.

GOLDEN SPRAY. A new variety producing dense trusses of small bright yellow flowers. 2 ft.

MRS. RAYNOR. Semi-double flowers of crimson purple. The nearest red and probably the best fall aster. Strong grower. 3 to 4 ft.

WHITE LADY. Large pure white flowers with yellow center. 2 to 3 ft.

Prices of Aster Plants—Your selection of varieties, 30c each; 3 for 60c; 12 for \$1.75, postpaid.

Aster plants cannot be shipped into the State of Wyoming.

HARDY ASTER COLLECTION

We have many varieties in our nursery in too small quantities to list separately so we are offering a collection of eight plants, each a different variety of our selection, and properly labeled, for only \$1.00, postpaid.

PERENNIAL ASTER SEED

NEW HYBRIDS. A fine mixture of the most choice varieties and finest colors. Seed in mixture of colors only. Pkt., 15c; 2 pkts., 25c.

BELLIS (Double English Daisy)

Bellis Monstrosa Giant

A favorite perennial which will stand the winter if given the protection of a little litter. Excellent for borders and rock gardens. Grows 5 to 6 inches high and if the old blooms are kept picked they will stay in bloom until frost.

DOUBLE MIXED. Fine mixture of red, pink and white. Pkt., 10c.

MONSTROSA GIANT. Not so free flowering as smaller flowered varieties, but the flowers are of enormous size, almost as large as a good-sized Aster. Fine mixture of colors. Pkt., 15c.

BUTTERCUP (Ranunculus)

REPENS. 12 inches. May-June. A pretty double flowering bright golden yellow buttercup, blooming in great abundance. Very hardy, of trailing habit which makes it suitable for covering unsightly banks. Succeeds well in poor soil. Suitable for the rockery and an excellent cut flower. Plants 25c each; 3 for 60c; 12 for \$1.75, postpaid.

POPPY MALLOW

(*Callirhoe involucrata*.) Low, trailing plant with finely divided foliage and large, saucer-shaped flowers of bright rosy crimson, with white centers, which are produced all summer and fall. For the rock garden and the margin of dry borders, this beautiful plant has few equals. If planted in full sun, 8 to 10 inches apart, they will produce a mass of brilliant flowers that will make a continuous display that cannot be surpassed. The flowers are borne well above the foliage, have good stems, and make gorgeous bouquets, keeping in perfect condition in water for several days. Blooming size plants, 25c each; 3 for 60c; 12 for \$1.75, postpaid.

Japanese Mountain Chrysanthemums

The Japanese Mountain Chrysanthemum is in many ways superior to other varieties of Chrysanthemum. It is easily grown, can be grown indoors or out, and is extremely hardy. It can be trained into a symmetrical bush or grown as a trailing plant.

The Japanese Mountain Chrysanthemum has a great range of colors, including pure white, lemon, golden yellow, pink, rose, scarlet, crimson and many other intermediate shades. It has varied forms of flowers such as large and small double, semi-double, single, quilled and crested.

While the Japanese Mountain Chrysanthemum is a hardy perennial, it comes into bloom the first year from sowing. Naturally, it will grow to quite a good sized bush if left by itself, and if pinched two or three times a fine shaped plant can be obtained. By proper pinching and staking you can grow them to the most showy and artistic style of hanging or spray pot plants. The flowers keep in good growing condition a month or more after cutting, and unlike most varieties of Chrysanthemums, the foliage keeps fresh and green. The blooming plants sell themselves wherever shown.

Blooming size field grown plants, in mixture of types and colors, 35c each; 3 for 75c; 12 for \$2.25, postpaid.

ALL TYPES MIXED. Mixture of colors. Pkt., 15c; 5 pkts., 60c.

SELECT DOUBLE. Seed saved from only the finest double blossoms. Will produce a larger percentage of double flowers than the regular mixture described above. Pkt., 25c; 5 pkts., \$1.00.

Pink Cushion Chrysanthemum

Japanese Mountain Chrysanthemum Plant

Hardy Chrysanthemums

LARGE FLOWERED VARIETIES

ALADDIN. The earliest flowering variety. Commences to bloom in July and continues throughout the season. Color, coppery bronze with an overlay of orange and apricot shades which deepen as cool weather approaches.

BARBARA CUMMINGS. A new outstanding variety of clear yellow shading to orange bronze in the center. August to October.

BRUNE POITEVINE. Much in demand because of its unusual color which is deep oxblood red suffused bronze. September-October.

DAYBREAK. Soft shell pink, single, fragrant. Fine for cutting. October.

GLORY OF SEVEN OAKS. One of the earliest outdoor mums to bloom. Commencing in August, it flowers through the balance of the season. Clear yellow and of free flowering habit.

GRANNY SCOVILL. Very large flowers of coral-bronze often measuring four inches or more. New and still quite scarce. One of the very best hardy Chrysanthemums. Should have winter protection. October.

LEILAH. Clear lavender. A dependable bloomer and very free flowering. September.

MRS. J. W. MARTIN. Blended color of crimson and crushed strawberry. A fine variety. October.

OLD ROSE. Considered the best early garden variety of recent introduction. Color, clear old rose. September.

RUTH HATTON. A very vigorous variety with clear ivory white flowers shaded lemon-yellow. October.

ZELIA. Flowers bright orange. Very free flowering. October.

PRICES: Your choice of the above eight varieties, at 35c each; 3 for 75c; 12 for \$2.25, postpaid.

The best Chrysanthemums are produced from young plants. Oversized field clumps usually produce shorter stems and smaller flowers. We offer young plants, started in pots, ready to grow as soon as set out. They should not be planted until after danger of frost and unless some date is specified in your order we will ship when we think best.

Chrysanthemums cannot be shipped into Wyoming.

Pink Cushion Chrysanthemum

Probably the most satisfactory of all outdoor Chrysanthemums. Pink Cushion forms a dense mound or cushion 2 feet across and 15 to 18 inches in height. Commences to bloom the last of August and flowers throughout the balance of the season. One plant will produce more flowers than any other variety, with hundreds of flowers open at one time; so many in fact that the foliage is almost entirely covered. Although perfectly hardy, it will make as satisfactory a house plant as anything you have ever tried. 35c each; 3 for 75c; 12 for \$2.25, postpaid.

ARCTIC DAISY (*Chrysanthemum Arcticum*). 2 to 2½ ft. A native of the Arctic regions and one of the best of our fall flowering perennials. Forms an attractive compact bush with dark green foliage and large quantities of Shasta Daisy-like flowers in September, October and November. Flowers pure white; 2 to 2½ inches in diameter. Excellent for cutting. 30c each, postpaid.

KOREAN CHRYSANTHEMUM 2 to 4 ft. Popular plant from Korea: extremely hardy. Starts blooming 2 to 3 weeks later than the Arctic Daisy. The white Shasta-like flowers open white and with the approach of frosty weather turn pink. Often referred to as the Pink Shasta Daisy. Very free flowering and fine for cutting. 30c each, postpaid.

FERN LEAVED CHRYSANTHEMUM (Mawii). 1 ft. A perennial Chrysanthemum with fern-like foliage. Pink daisy-like flowers. A fine border plant; grows in poor soil; blooms through late summer and fall. 30c each, postpaid.

Hardy Outdoor Carnations

HARDY BORDER CARNATIONS. 12 to 18 inches. The true hardy outdoor or border Carnation. A beautiful strain which blooms in great abundance all summer. Excellent for cutting and very hardy. A fine mixture of colors, including white, yellow, all the pink shades, light and dark red and striped. Pkt., 15c; 2 pkts., 25c. Blooming size plants, 25c each; 3 for 60c; 12 for \$1.75, postpaid.

New Hardy Everblooming Carnation BRILLIANCY

The finest and the hardest Carnation yet introduced, having withstood 20 degrees below zero without damage. The flowers are the largest of the hardy varieties. The color is intense crimson and, as the name implies, the color is so brilliant that it actually startles you when you first see a bed of this wonderful Carnation in full bloom. A very profuse bloomer. The large double flowers are produced continually from June until frost on long, strong stems. Ideal for cutting and easily cared for. Choice plants, 40c each; 3 for \$1.00; 12 for \$3.00, postpaid.

Hardy
Everblooming
Carnation
Brilliancy

Centaurea Montana

(Perennial Cornflower.) Vigorous grower of easy culture; 2 feet high; large violet-blue flowers from July to September; excellent for cutting. Prefers sun. Pkt., 10c.

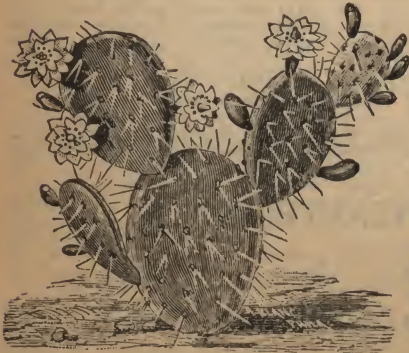

Coreopsis Mayfield Giant

Coreopsis Mayfield Giant

A new giant flowered strain of this popular garden plant introduced from Australia. Tall vigorous plant, 2 to 3 feet high, producing an abundance of large yellow flowers. Pkt., 10c. Blooming size plants, 25c each; 3 for 60c; 12 for \$1.75, postpaid.

Christmas Rose Blooms in the Snow

The Christmas Rose or Helleborus is a very hardy perennial plant with evergreen foliage that produces its flowers in mid-winter after a few mild days, the exact time of bloom depending on climatic and weather conditions. In ordinary winter weather flowers often keep in good condition two months or more. It prefers a partially shaded and moist situation and will bloom better if given a protected location. The plant grows from 12 to 18 inches in height.

Opuntia Polyacantha Cactus (30c Each)

CAMPANULAS (Bell Flowers)

PERENNIAL TYPES

CARPATICA (Hare Bell). A pretty perennial species growing in compact tufts, not exceeding eight inches high; cup shaped flowers of clear blue or white, about 1½ inches in diameter, held erect on wiry stems. It begins blooming in June, continuing until October. As an edging for a hardy border or for the rockery, it is unsurpassed. Your choice of colors, Blue, White or Mixed. Pkt., 10c. Blooming size plants, 35c each; 3 for 85c; 12 for \$2.50, postpaid.

GARGANICA. A low spreading plant covered in June with bright blue star-shaped flowers nearly hiding the foliage. A gem for the rock garden or low border. Pkt., 25c. Blooming size plants, 40c each; 3 for \$1.00; 12 for \$3.00, postpaid.

PERSICIFOLIA (Peach Bells). One of the finest Campanulas, with large, handsome, bell-shaped flowers. 2 to 3 feet high. Blue, White or Mixed Colors. Pkt., 15c. Blooming size plants, 30c each; 3 for 75c; 12 for \$2.25, postpaid.

Blue Bells of Scotland (Campanula Rotundifolia)

Grows one foot high and blooms from June to August. The clear blue, bell-shaped flowers are produced on slender, wiry stems. Will grow in sun or partial shade. Pkt., 25c. Blooming size plants, 35c each; 3 for 85c; 12 for \$2.50, postpaid.

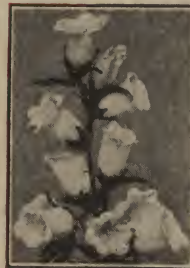

Biennial Campanulas

Canterbury Bells

MEDIUM. The old-fashioned biennial sort with beautiful, large, bell-shaped blossoms. Prefers sun. Blue, Rose, White, Mixed Colors; separate colors or mixed. Pkt., 10c; 3 pkts., 25c.

Cup and Saucer

CALYCANTHEMA. A fine biennial type of this much prized garden plant. Large, semi-double blue, white, rose and striped flowers, each resembling a cup and saucer. Seen in mixture of colors only. Pkt., 10c.

Campanula Medium

HARDY CACTUS

The varieties listed here are perfectly hardy outdoors anywhere in the United States and require no winter protection. Extremely interesting for rock gardens.

OPUNTIA FRAGILIS is a cactus of the prickly pear type with miniature sections or slabs from one-half to one inch across. Large pale lemon-yellow flowers shading to red at center, appear in early July, followed by attractive fruit. Perfectly hardy, withstanding a temperature of 25 to 30 below zero without injury. This variety is especially desirable for Japanese dish gardens and other similar purposes.

OPUNTIA POLYACANTHA. Similar to above with larger sections and flowers, but blooms more profusely; perfectly hardy.

MAMMILLARIA VIVIPARA. Small bell-shaped plants bearing purplish red or pink flowers late in June, followed by reddish green edible berries. Perfectly hardy. The above hardy Cacti, 30c each; 3 for 75c; 6 for \$1.25; 12 for \$2.25, postpaid.

Dianthus or Garden Pinks

MAIDEN PINK (*Deltoides*). 8 inches. May-June. A dwarf variety for carpeting, borders and rock gardens. Dark green foliage close to the ground. Small crimson flowers in profusion, giving the effect of dazzling colored carpet. Pkt., 15c. Blooming size plants, 25c each; 3 for 60c; 12 for \$1.75, postpaid.

DOUBLE CLOVE PINK (*Plumarius*). The favorite of the old fashioned garden. Double carnation-like flowers. Their spicy fragrance adds greatly to their value as a cut flower. Our stock contains a wide range of shades and color combinations of rose, pink and white. In mixture of colors only. Pkt., 10c. Blooming size plants, 25c each; 3 for 60c; 12 for \$1.75, postpaid.

LOVELINESS (*Speciosa*). The flowers of this variety are 1½ to 2 inches across, the petals finely cut and shredded, giving a feathery appearance. They are pale rose or lilac and very fragrant. Plants 12 to 15 inches tall. One of the best cut flower varieties. Blooming size plants 30c each; 3 for 75c; 12 for \$2.00, postpaid.

BEATRICE This new Dianthus is a hybrid between the old-fashioned Pink and the Sweet William. The large, double, pure pink blooms are produced in clusters from June until September. Blooming size plants, 35c each; 3 for 85c; 12 for \$2.50, postpaid.

ROSE CUSHION This plant forms a perfect cushion of blue-green foliage that remains green throughout the winter. In May it is covered with hundreds of dainty pink blooms on 3 to 4 inch stems. A gem for the low border and rockery. Blooming size plants, 35c each; 3 for 85c; 12 for \$2.50, postpaid.

ROCK GARDEN DIANTHUS

(*Allwoodii Alpinus*). A dwarf Dianthus that blooms the first year from seed. Only 4 to 6 inches high, has single and semi-double flowers and contains all the Dianthus colors. Pkt., 25c.

Double Dianthus Plumarius

Dianthus Loveliness

CHINESE LANTERN PLANT

New Improved Large Lantern

Chinese Lantern Plant
(25c Each; 3 for 50c)

Dense bush about 2 feet high, grown for its very attractive balloon-like pods, which turn bright red and resemble Chinese paper lanterns. May be easily dried for winter bouquets and decorations, being very fine at Christmas time, and retaining its color and shape all winter. It is easily grown on any ordinary garden soil, and is unusually striking in the garden.

A money maker for florists and others who have a cut-flower trade. Pkt., 10c. Roots of the New Improved Large-Lantern Strain, 25c each; 3 for 50c; 12 for \$1.25, postpaid.

Digitalis or Foxglove

One of the most popular and highly ornamental hardy plants. Succeeds under almost all conditions and with but little attention. Botanically a biennial, but as the plants usually persist for several years they may be treated as perennials.

GIANT SHIRLEY. 5 to 6 ft. June-July. A magnificent strain, with enormous flower-heads three to four feet long. Colors range from white and shell-pink to deepest rose, and attractively spotted with crimson-maroon and chocolate. Mixed colors only. Pkt., 10c.

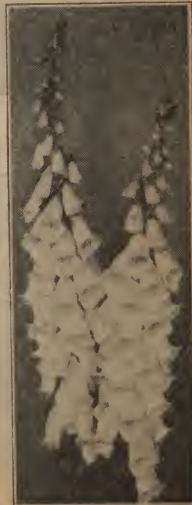

Dicentra or Bleeding Heart

SPECTABILIS. 2 ft. April-June. An old garden favorite; one of the earliest blooming hardy plants; long racemes of graceful heart-shaped rose-pink flowers; easily grown anywhere; especially valuable for border planting and for planting in the shade. Also makes a beautiful house plant if potted late in the fall and kept in a cool place until a few weeks before the flowers are wanted. Blooming size plants, 40c each; 3 for \$1.00; 12 for \$3.25, postpaid.

EXIMIA (Everblooming or Plumy Bleeding Heart). 18 inches. An everblooming sort with beautiful finely cut foliage and showy racemes of heart-shaped deep pink flowers from April to August. It is equally at home in full shade or sun and perfectly hardy everywhere. Blooming size plants, 40c each; 3 for \$1.00; 12 for \$3.25, postpaid.

Dicentra Spectabilis (Bleeding Heart), 45c Each

Digitalis

Shasta Daisies

Shasta Daisies are indispensable to every flower garden to break the monotony of brilliant colors. They are highly prized as cut flowers for they can be used in combination with almost any variety or color of flowers you may have.

DECORATION DAY. 2 ft. May-June. Pkt., 10c.

MRS. C. LOTHIAN BELL. 2 to 3 ft. June-July. No seed.

KING EDWARD. 2 to 3 ft. July-September. Pkt., 10c.

Prices of Shasta Daisy Plants: The above three varieties, blooming size, at 25c each; 3 for 60c; 12 for \$1.75, postpaid.

New Giant Double White

NEW GIANT DOUBLE WHITE. This strain includes an assortment of various types of double flowers ranging from the most fully double fringed petaled sorts through semi-doubles, to a type which, though single, forms unusual and beautifully shaped flowers with lacinated curled and quilled petals. The flowers are all large and carried on long wiry stems. No plants to offer. Seed, 25c per packet.

New Giant Double White Shasta Daisy

Delphinium

(Perennial Larkspur)

"Hollyhock"
Delphinium

The Delphinium is, beyond question, the Queen of all blue flowers, and a liberal planting of them will never be regretted. The wonderful stateliness, loose, graceful shape of flowers, and fine colors make them suitable for most any floral work; indispensable to the hardy border and, planted among the shrubbery, gives a delightful landscape effect. As cut flowers they have few equals and by cutting off the stems immediately after flowering they will bloom throughout the summer and fall.

GIANT ENGLISH HYBRIDS. 5 to 7 feet. The English Hybrid Delphinium is unquestionably the most beautiful hardy plant in existence. Our stock has been grown from seed collected from the finest collections of named varieties in Europe, including many of the rare double flowered forms. The range of color includes all of the self-colors in varying shades of blues and purples with many beautiful combinations and blendings of mauve, pink, lavender, etc. Those who desire to improve on their already prized borders cannot afford to overlook these superior hybrids. Pkt., 25c. Blooming size plants, 35c each; 3 for 85c; 12 for \$2.50, postpaid.

EVERBLOOMING INDIGO (Lamartine). 5-6 ft. The rich indigo flowers appear in June and continue into October. Its branching habit will give you from 10 to 12 spikes of bloom. A thoroughly satisfactory Delphinium that should be in every garden. Pkt., 25c.

CHINESE OR BUTTERFLY, Large-flowered Blue. 2 ft. A very pretty variety with fine feathery foliage and intense gentian blue flowers in open panicles. Pkt., 10c. Blooming size plants, 25c each; 3 for 60c; 12 for \$1.75, postpaid.

CHINESE OR BUTTERFLY, Large-flowered White. 2 ft. A pure white form of above. Pkt., 10c. Blooming size plants, 25c each; 3 for 60c; 12 for \$1.75, postpaid.

CHINESE OR BUTTERFLY HYBRIDS. 2 ft. A dwarf form with fern-like foliage and a persistent bloomer. Our hybrid assortment contains a wide range of colors from sky blue through all the intermediate shades and deep indigo. Some are pure white, and many are suffused with pink and mauve shadings heretofore not found in the Chinese Delphinium. Pkt., 15c. Blooming size plants, 25c each; 3 for 60c; 12 for \$1.75, postpaid.

CLIVEDON BEAUTY. 4-5 ft. Clear sky blue flowers on tall strong stems. A Belladonna variety that is a marked improvement over its parent in every way. We do not hesitate to say that it is the best of the Belladonna strains. Pkt., 15c. Blooming size plants, 35c each; 3 for 85c; 12 for \$2.50, postpaid.

ICEBERG. 4-5 ft. Large spikes of pure white flowers that make a very pleasing contrast when planted with other varieties. Pkt., 25c. Blooming size plants, 50c each; 3 for \$1.20; 12 for \$4.00, postpaid.

HOLLYHOCK OR WREXHAM HYBRIDS. 4 to 6 ft. Recent developments in this new race of Delphinium is rapidly increasing its popularity. The flowers resemble hollyhocks and are produced on tapering spire-like spikes 3 feet long and 10 inches in diameter. The individual blooms are often larger than a silver dollar. The colors range from light to dark blue and many of them are combinations of two or more shades, including the pastel shades found in the English Hybrids. Pkt., 25c. Blooming size plants, 35c each; 3 for 85c; 12 for \$2.50, postpaid.

Hardy or Outdoor Ferns

Outdoor Ferns

Hardy Ferns do well in shady and half-shady places in the garden and park, and are often useful for growing close to houses, in corners which are too dark for most plants. Ferns do best in light soils containing much vegetable matter, so it is always best to work a considerable amount of leaf mould into the soil of a fern bed. The common notion that Ferns require wet or almost swampy conditions is not well founded, as they will do nicely under ordinary garden treatment in the matter of moisture.

We have a fine assortment of Hardy Perennial Ferns, and sell them in a fine mixture of varieties at 3 for 75c; 12 for \$2.00, postpaid.

GAILLARDIA

Improved Hybrids

Our new Gaillardia Hybrids contain the largest and widest range of types and color combinations ever offered in one mixture, and should be planted liberally in the perennial border where they will give a wealth of continuous bloom from May until November. This strain, developed from the best of the American and European varieties, contains all of the colors you can dream of in Gaillardias—copper, scarlet, wine red, golden yellow, orange and apricot; single, semi-double and quilled flowers. Pkt., 10c. Blooming size plants, 25c each; 3 for 60c; 12 for \$1.75, postpaid.

New Gaillardia Burgundy

Shining wine-red flowers about 2½ inches in diameter, on long stiff stems, from June until fall. Bloom from seed the same year, if sown early, and come 60% to 70% true. Pkt., 15c.

Gaillardia "Dazzler"

The largest and most attractive giant red Gaillardia. Flowers very large, rich dark red, with a bright orange tip on the end of each petal. A very attractive flower for the garden and for table decoration. No more beautiful and brilliant sight can be imagined than a large bed of these Gaillardias with their profusion of highly colored flowers from June until November. Pkt., 10c.

Gypsophila (Baby's Breath)

A most desirable addition to the hardy border. They are fine for cutting, being superior to Asparagus Fern for mixing with other cut flowers. They dry perfectly for winter bouquets, and the dried flowers can be made to look again like fresh ones by wrapping the dried blooms in a moist towel and keeping half a day in a cool place.

BRISTOL FAIRY. A full double variety producing larger panicles of flowers than the other types, and flowers more or less continuously throughout the summer. The individual blooms are one-quarter to one-half inch in diameter. As this variety does not come true from seed we offer blooming age, pot grown, grafted plants which will be sent after danger of frost. 45c each; 3 for \$1.20, postpaid.

PACIFICA. 4 ft. A dainty pink flowered variety similar to *Paniculata*, but blooms a little later. Pkt., 20c. Blooming size plants, 30c each; 3 for 75c; 12 for \$2.25, postpaid.

PANICULATA DOUBLE WHITE. 2 ft. A great improvement on the single-flowered type and more lasting. When grown from seed, about 25 per cent usually come double. July-August. Pkt., 15c.

HOP (*Humulus Lupulus*.) The common commercial Hop Vine. Pkt., 15c.

Hen and Chickens (*Sempervivum*)

Evergreen succulent plants with thick leaves in compact rosettes. The rosettes vary in size with the different varieties and are called "Hens." The "Chickens" are the small new rosettes formed either at the base of the parent or between the leaves. As they are not dependable bloomers they are grown for their interesting habits in rockeries, borders and in dish gardens.

Hen and Chickens

TECTORUM (Roof House-leek). Green leaves tipped reddish brown. Grown on the roof in European countries where it grows in the thatch or between the shingles. Chickens produced at the side.

GLOBIFERUM. Green leaves tinged red. Chickens produced between the leaves.

BRAUNI. Bronze red leaves. Chickens produced at base.

The above three distinct varieties, 20c each; 3 for 40c; 12 for \$1.00, postpaid.

Gaillardia

NEW GEUMS

Geums belong to the Rose family, are very showy, and are free-flowering, producing a wealth of attractive flowers which are much prized for cutting.

BORISII. 1 ft. The ever-green foliage and ever-blooming habits of Borisii make it one of the showiest and finest of the Geums. The vivid orange-scarlet flowers are produced in abundance from May to October on 8 to 12 inch stems. Pkt., 25c. Blooming size plants, 40c each; 3 for \$1.00, postpaid.

LADY STRATHEDEN. 2 ft. Large, double, golden yellow flowers produced from June to August. Pkt., 10c.

MRS. BRADSHAW. 2 ft. Large, showy, double flowers of orange-scarlet from June to August. Pkt., 10c. Blooming size plants, 30c each; 3 for 75c; 12 for \$2.00, postpaid.

Garden Heliotrope

(*Valeriana Officinalis*). Large heads of pinkish-white flowers borne on 3 to 5 ft. stems. Very fragrant, perfuming the entire garden. Dark green deeply cut foliage. Pkt., 20c. Blooming size plants, 25c each; 3 for 60c; 12 for \$1.75, postpaid.

KUDZU VINE

Jack-and-the-Bean-Stalk

A remarkable perennial climber which starts new shoots from the crowns of the roots each year. It is the most rapid growing vine in cultivation; grows 8 to 10 feet the first year from seed, and after it has become established a growth of 40 to 60 feet in a single season being not unusual. The foliage is large and furnishes dense shade; bears panicles of rosy-purple, pea-shaped blossoms somewhat like Wistaria, during August and September. A splendid subject for covering permanently verandas, dead trees, etc. Perfectly hardy and will flourish where nothing else will grow. Pkt., 10c. Plants, 25c each; 3 for 60c; 12 for \$1.75, postpaid.

Hollyhock Orange Prince

Sun Roses (Helianthemum)

The Sun Roses (Helianthemum) are low growing evergreen shrubby perennials forming clumps 1½ to 2 feet in diameter and bearing single rose-like flowers. The foliage is almost completely hidden beneath a mass of bloom from June to September.

The Sun Rose is a very desirable plant for the low border and is especially valuable as a rock garden subject as it will thrive in poor or dry soil. Sun Roses come in a wide range of shades and colors from pure white through varying shades of pinks and reds, and from pale yellow to deep orange. Mixture of colors. Pkt., 10c.

Strong field grown plants in mixture of colors at 3 for 60c; 6 for \$1.00, postpaid.

We can supply plants in separate colors, red, pink, white or yellow, at 40c each; 3 for \$1.00, postpaid.

NEW GIANT HOLLYHOCKS

ORANGE PRINCE. Full double flowers of rich apricot-orange, a color heretofore unknown in Hollyhocks. Plants only.

TRIUMPH DOUBLE. 6-8 ft. A large full double early flowering type. Much improved from the older types, both in size and texture. Our mixture contains a full range of both the light and dark shades. Pkt., 10c.

IMPERATOR DOUBLE. Extremely large flowers with wide frilled outer petals and a double rosette in the center. A complete range of colors. Pkt., 15c.

HOLLYHOCK PLANTS—Blooming Size Plants of the above varieties, 25c each; 3 for 60c; 12 for \$1.75, postpaid.

HEUCHERA (Coral Bells)

The coral bells are fine rock garden plants, and are valuable in the border, as they fit in well with almost any type of low planting and are ideal cut flowers. The plant grows in a low rosette from which grow numerous, wiry, 18-inch stems with graceful bell-shaped flowers produced along half their length. Will grow in full sun or semi-shade. Blooms from June until September.

CASCADE. Pink flowers and begonia-like foliage. Free bloomer.

THE SHIRLEY. Bright red flowers. A free and continuous bloomer. Green foliage.

PRICES—Your choice of above varieties, 40c each; 3 for \$1.00; 12 for \$3.50, postpaid.

HARDY GLOXINIA (Incarvillea). 18 inches. June-July. A showy plant for the hardy border, producing clusters of large trumpet-shaped rose colored flowers with yellow throat during June and July. Succeeds either in sun or shade, but should be protected with leaves or litter during the winter. Pkt., 25c. Blooming size plants, 35c each; 3 for 85c; 12 for \$2.50, postpaid.

Philippine Lilies

Lilium Philippinense Formosanum

Flowers Similar to Easter Lily; Easily Grown from Seed; Blossoms the Same Season Seed is Planted

Philippinense Formosanum Lily

It is one of the most wonderful Lillies in existence. Seed sown in February, March and April under ideal conditions produces plants that come into flower in the fall of the same year, and keep on flowering continuously year after year. Flowers are of purest white tinted purple outside, about the same size and form as Easter Lily. Delightfully fragrant. They are excellent both for pot culture and for garden.

A florist in Pennsylvania planted some of the seed in January and on June 26th wrote that the flowers were then ready to open.

The second year they flower more freely, very often as many as ten flowers on a single stem. These flower stems appear one after another, two or three times a year from the same bulb. In the course of two to three years they will make a fine clump of Lily plants and will produce a mass of flowers in August and from then on continuously, by throwing new suckers from the roots.

Sow the seed in shallow boxes or pans, using rather light soil, and transplant when with 5 or 6 leaves. Pkt., 15c. Bulbs, 35c each; 3 for \$1.00; 12 for \$3.25, postpaid.

NEW WHITE PHILIPPINE LILY. An improved strain of the above variety. A large per cent of the blooms come almost pure white, with very little color on outside of flower. Pkt., 25c; 5 pkts., \$1.00.

Lunaria

Lunaria, or Honesty

(Chinese Money Plant)

A beautiful hardy biennial, about 2 feet in height, which is known in the different provinces of China as the silver, satin or money plant, and in Europe as St. Peter's Penny. Flowers are violet-purple, white and dark crimson, followed by the silvery seed pods, which present a beautiful and rather curious appearance. When dried, the stems which are loaded with these glistening seed pouches, will last indefinitely and are exquisite for winter bouquets and other decorative purposes. Pkt., 10c; 3 pkts., 25c.

Hibiscus Mallow Marvel

LUPINUS

Improved Giant Hybrids. 3 to 4 ft. June-July. Long graceful spikes, which are loaded with pea-shaped flowers. Fine for perennial beds and backgrounds and excellent for cut flowers. Can supply in **Blue, Rose, White, and Mixed Colors** at 10c per packet; 3 pkts., 25c.

Physostegia (30c Each; 3 for 60c)

PHYSOSTEGIA (False Dragonhead)

VIVID. 2 to 3 feet September and October. One of the most beautiful late summer and early fall perennials. Dense bushes bearing long spikes of delicate lavender-pink tubular flowers. Larger spike and flower and brighter color than the old-fashioned Physostegia Virginica. Fine for landscape work and for cut flowers. Plants, 30c each; 3 for 75c; 12 for \$2.00, postpaid.

Lathyrus (Perennial Sweet Peas)

Showy, hardy climbers that remain in the ground year after year; often 8 to 10 feet in height and bearing a mass of flowers throughout the summer. Fine for covering old stumps, fences, etc., and excellent for cutting. Mixed colors. Pkt., 10c. Plants, 25c each; 3 for 60c; 12 for \$1.75, postpaid.

HARDY ORCHID

(Cypripedium) Lady Slipper or Moccasin Flower

Terrestrial Orchids hardy in the Northern States. Their large showy flowers are produced on 12 to 15 inch stems. They prefer a cool moist situation in shade or semi-shade. Especially suitable for planting in the rockery, around the pool and along streams.

HARDY ORCHID (Cypripedium Acaule), Pink. 30c each; 3 for 75c; 12 for \$2.00, postpaid.

HARDY ORCHID (Cypripedium Pubescens), Yellow. 30c each; 3 for 75c; 12 for \$2.00, postpaid.

New Flaming Giant Hibiscus or Mallow Marvel

The Flaming Giant is a new Mallow Marvel Hibiscus of unusual color and habit. The large flowers, 10 inches in diameter, are a brilliant, flaming scarlet and are produced from August until the plants are killed by frost, each plant producing from 50 to 100 blooms. The plant is of robust habit, frequently growing 6 to 8 feet high. The foliage is similar to that of the Cut-leaved Japanese Maple. Leaves deep green turning red in the fall. Blooming size plants, 40c each; 3 for \$1.00, postpaid.

12 Mammoth Mallow Marvels \$1.75

These are a wonderfully improved form of our greatly admired Hibiscus, in which flowers of enormous size, frequently 10 to 12 inches in diameter, have been developed. Plants 4 to 7 feet high and produce an abundance of flowers in all shades of crimson, pink and white. Do well on either dry or wet ground and hardy as an oak. Bloom continually from July to October. Our field grown plants are blooming size, and are the richest and finest mixture of colors we have seen. Seed and plants in mixture of colors only. Pkt., 10c. Blooming size plants, 25c each; 3 for 60c; 12 for \$1.75, postpaid.

Penstemon

MYOSOTIS (Forget-Me-Not)

Few spring flowers are more admired than the lovely Forget-Me-Nots, which are especially effective when grown in masses. The Alpestris varieties are biennial and come into bloom very early in the spring and are largely used for bedding or borders in connection with spring-flowering bulbs, Pansies, etc. They also bloom again in the fall; bloom freely the first season and still more profusely the second spring. They do best in shady, moist situations.

ALPESTRIS, BLUE (Biennial). Dwarf bushes of trailing habit. A mass of light blue flowers which stand out sharply from the rich green foliage. Pkt., 10c.

ALPESTRIS, ROSE (Biennial). Beautiful rose-pink; a color rather rare among Forget-Me-Nots. Pkt., 10c.

PALUSTRIS SEMPERFLORENS (Perpetual Flowering). 3 inches. This lovely perennial Forget-Me-Not is of ever-blooming type. Flowers of lovely bright sky-blue color, begin to flower about a month later in the spring than the biennial varieties and continue blooming until late autumn. Prefers a moist location which makes it invaluable as a border around a pool or along a stream. Pkt., 15c. Plants, 30c each; 3 for 75c; 12 for \$2.00, postpaid.

Myosotis (Forget-Me-Not)

PENSTEMON

GLOXINIAFLORA HYBRIDS. 2 feet. July-October. A beautiful strain bearing graceful spikes of large Gloxinia-like flowers. The colors and markings are gorgeously varied from pink and rose to scarlet and maroon. Not hardy in the extreme North, but may be treated as an annual as it will bloom the first season from seed sown indoors early in the spring. Pkt., 10c.

LILY OF THE VALLEY

9 inches. May-June. These popular and fragrant flowers do their best in a shady situation. 20c each; 6 for 35c; 12 for 60c; 25 for \$1.00; 100 for \$3.50, postpaid.

Early Flowered Hardy Primrose

Primula Cashmeriana. Large ball-shaped heads of primula blue flowers grow on 10 to 12 inch stems from a small tuft of dark green leaves. Grows in either sun or shade. One of the earliest perennials to bloom in the spring. Fine for the border or rockery. Blooming size plants, 35c each; 3 for 75c; 12 for \$2.00, postpaid.

PLUME POPPY

(Bocconia Cordata)

A stately hardy perennial, 6 to 8 feet high, bearing panicles of creamy-white flowers, on spikes 2 to 3 feet long. Handsome for shrubby border or massing, and a welcome addition to the mixed bouquet. Pkt., 10c. Plants, 30c each; 3 for 75c; 12 for \$2.00, postpaid.

New Hardy Phlox

Because of the bright showy colors and their long blooming period the hardy Phlox are counted among the most highly prized perennials. Enormous heads of brilliant flowers produced on strong erect stems. Indispensable to the hardy border and for general landscape work; also a fine cut flower. We have discarded all of the common varieties and offer here only those of recent introduction that we know will well repay our customers for the little care they require. They average 2 to 3 feet in height and bloom from June to October.

3 OUTSTANDING VARIETIES

We here select for you three varieties of Phlox that we consider the most outstanding for this season, both for color, size of bloom, and resistance to disease.

BORDER QUEEN. We do not hesitate to recommend this as the most outstanding Phlox of recent introduction. The individual florets of pure bright pink average from 1½ to 2 inches across. If you only have one variety you will make no mistake in selecting Border Queen. Its branching habit keeps it in bloom over a long period. Choice field grown plants, 50c each; 3 for \$1.25; 12 for \$4.50, postpaid.

COLUMBIA. The first Phlox ever to be granted a patent by the United States Government. Cameo-pink flowers with a faint blue eye. Considered by many to be the finest Phlox introduced in the past twenty years. Choice field-grown plants, 50c each; 3 for \$1.25; 12 for \$4.50, postpaid.

LOUIS GANNA. Reddish-purple flowers with star-shaped purple center. Individual blooms 1½ to 2 inches across. Truly outstanding, both for color and size of bloom. Choice field grown plants, 40c each; 3 for \$1.00; 12 for \$3.50, postpaid.

SPECIAL—Three plants, one each of the above three varieties, for \$1.25, postpaid.

Phlox Louis Ganna

General List of New Phlox

BARON VON DEDUM. Large trusses of brilliant orange-scarlet.

E. L. FARRINGTON. Soft salmon-pink with lighter eye.

FLORA J. REIDY. Enormous trusses of pure white flowers.

MORGANROOD. Large clusters of bright rose with deeper eye. A strong grower with large individual florets. A very distinct variety.

NANA CAERULEA. Bluish mauve with lighter eye.

PRICES—Choice field grown plants of the above five varieties, 30c each; 3 for 75c; 12 for \$2.00, postpaid.

BRILLIANT. Large trusses of fiery scarlet with a deeper red eye.

EVELYN. Rich salmon-rose. One of the finest. Its branching habit makes it almost ever-blooming.

GENERAL PETAINE. Deep wine-red. A distinct new color.

GRANDEUR. Deep rose. An outstanding variety.

NORTHERN LIGHT (Nordlicht). Large trusses of pink flowers with carmine-red eye.

PRICES—Choice field grown plants of the above five varieties, 35c each; 3 for 85c; 12 for \$2.50, postpaid.

8 Phlox Plants \$1

We have a surplus of exceptionally fine Phlox plants this spring. Many of the varieties are in too small quantities to list. We will make up a collection of eight varieties from this surplus stock at a special price of \$1.00 for the eight plants, each a different variety of our selection, and delivered postpaid.

Everblooming Phlox

MISS LINGARD. Starts blooming earlier than the above described sorts and continues to flower until late in October. Handsome, long spikes of white flowers with lavender-pink eye. Choice field grown plants, 30c each; 3 for 75c; 12 for \$2.00, postpaid.

MISS VERBOOM. Rose-pink form of Miss Lingard. Early flowered; dependable bloomer and free from disease. Choice field grown plants, 35c each; 3 for 85c; 12 for \$2.50, postpaid.

Dwarf or Creeping Phlox

Forms dense compact clumps 4 to 6 inches in height and 18 inches across. During April and May the plants are so completely covered with bloom that you can scarcely see the foliage. Requires absolutely no care and will thrive in soil so poor that little else will live. Useful for the rock garden, for borders to flower beds and for carpeting terraces and dry banks.

BLUE HILL. Deep blue flowers.

VIVID. Bright pink with bright red eye.

ALBA. Pure snow white flowers.

Above three varieties, 25c each; 3 for 60c; 12 for \$1.75, postpaid.

PERENNIAL PHLOX SEED. A select mixture of all colors. Pkt., 15c; 2 pkts., 25c.

Border Queen Phlox Plant
Showing Fine Root System and Branching Habit

Oriental Poppy

ORIENTAL POPPIES

No flower can compare with the Oriental Poppy for a gorgeous display of rich and brilliant colors. They bloom profusely during May and June and then die down to permit the planting of annuals for summer and fall blooming. Plants grown in pots can be moved successfully in the spring. A few will bloom the first season, and the balance the following year. Field grown poppy plants can be supplied in August or September at 10c per plant higher than the prices shown on this page.

ORANGE KING. Orange-scarlet flowers with black blotch at base of petals.

PERRY'S WHITE. Satiny white flowers with maroon blotch at base of petals.

PINK BEAUTY. Salmon-pink. A better flower than the other varieties of the same color.

WURTEMBURGIA. Brilliant scarlet flowers of large size.

PRICES. Plants of the above four varieties, 35c each; 4 for \$1.00; 12 for \$2.50, postpaid.

Double Pyrethrum

Peony Flowered Oriental Poppy

Large Double Flowers

The Peony-flowered or Olympia Poppy produces large double blooms ten days earlier than single varieties. Bright orange-scarlet overlaid with glistening golden-salmon. A most gorgeous variety and the most profuse bloomer of any of the Oriental Poppies. 35c each; 3 for \$1.00; 12 for \$3.00, postpaid.

New Oriental Poppies

FAIRY. Clear iridescent pink. One of the few true pink Poppies. Profuse bloomer.

JOYCE. Bright cherry-red flowers on tall stiff stems. One of the best.

MAHONEY. Deep oxblood-red. A very unusual color and a very fine variety.

PRICES. Plants of the above three varieties, 40c each; 3 for \$1.00; 12 for \$3.50, postpaid.

ORIENTAL POPPY SEED **ORIENTAL HYBRIDS.** For brilliancy in color, nothing equals them. Flowers of enormous size, often measuring over 6 inches in diameter; colors range from rose and salmon-pink to the most brilliant dazzling scarlet and rich maroon purple. Pkt., 10c.

PYRETHRUM

ROSEUM (Painted Daisy), Mixed. 2 to 2½ feet. May-June. Fine, showy, well-rounded plants with finely cut fern-like foliage. The large, bright, daisy-like flowers are invaluable for cutting, being borne on long stems and lasting a long time. They range in color from pure white and light pink to brilliant scarlet and dark red, with bright yellow centers. Perfectly hardy and easily grown. Pkt., 10c. Blooming size plants in Red, Pink or White, at 30c each; 3 for 75c; 12 for \$2.00 postpaid.

DOUBLE SELECTED. Seed saved from the finest double flowers, and a choice mixture of colors. When grown from seed, only a small percentage will come double the first year; the balance will be semi-double and single. Pkt., 25c.

DOUBLE PYRETHRUM, BUCKEYE. The best variety for garden cultivation in the North. Perfectly formed, large, double, dark pink flowers on tall stems. Free flowering. A wonderful cut flower. Blooming size plants, 40c each; 3 for \$1.00; 12 for \$3.00 postpaid.

New Hybrid Scabiosas

HOUSE'S LARGE FLOWERED HYBRIDS. 2 to 3 ft. Starts blooming in August and continues in flower until killing frosts. The perennial Scabiosa is one of the most handsome hardy perennials, especially valuable for cutting, the blossoms lasting a long time in water; large double and single flowers in all pastel shades of blue and lavender. Pkt., 25c. Blooming size plants, 35c each; 3 for 85c; 12 for \$2.50, postpaid.

JAPONICA. 2 ft. August-September. Lavender-blue semi-double flower. Pkt., 10c. Blooming size plants, 30c each; 3 for 75c; 12 for \$2.00, postpaid.

COLUMBARIA. A South African hybrid with extra large flowers of soft pink. Requires winter protection in the North. Pkt., 15c.

Giant Yellow Scabiosa

CEPHALARIA TARTARICA is not a true Scabiosa, but the blooms so nearly resemble the true varieties that it is usually classified as such. Grows 5 feet tall and each plant produces hundreds of yellow flowers. An excellent subject for background. Pkt., 10c. Blooming size plants, 30c each; 3 for 75c; 12 for \$2.00, postpaid.

New Hardy Perennial Snapdragon

The Hardy Perennial Snapdragon (*Linaria Macedonica Speciosa*) is a splendid addition to the perennial flower garden. Grows to a height of 2 feet, and flowers are of good size. One of the best perennial yellow flowers on the market, and is becoming quite popular. Pkt., 15c. Blooming size plants, 30c each; 3 for 75c; 12 for \$2.00, postpaid.

New Hardy Perennial Snapdragon

Burgess' New Fragrant Pansy—

Swiss Giant Pansies

New Swiss Giant Pansies The Most Gorgeous We Have Ever Seen

If you really want extraordinary Pansies, by all means sow these New Swiss Giants. They are of recent introduction, coming direct from Switzerland and are, without exception, the most gorgeous Pansies we have ever seen. They are of immense size, often measuring 3 1/4 inches across, and are perfectly shaped flowers of thick velvety texture. The wide range of colorings and markings include the richest reds, coppers, bronzes, and yellows, together with the delicate rose-pinks and those beautiful light blues so much desired in Pansies. One of the outstanding features of this wonderful strain is that the long, stiff stems hold the flowers well above the foliage; and the fact that the blooms retain their size almost throughout the season, makes it most valuable as a cut-flower as well as for bedding. Pkt., 25c; 3 pkts., 65c, postpaid.

SWEET ROCKET (Hesperis). 2 feet. May-June. An old-fashioned perennial; also known as Dame's Violet; spikes of showy, fragrant flowers resembling stocks. Mixture of colors. Pkt., 10c.

SWEET WILLIAM Popular garden flower, showing a wonderful array of vivid colors in fancy patterns. Flowers are shaped, clustered and colored much like Phlox, the markings, however, being more sharply defined. A fine mixture of both delicate and gorgeous colors. Pkt., 10c.

STOKESIA (Stoke's Aster) 2 feet. July-October. A beautiful hardy plant bearing freely its handsome cornflower-like blossoms, which measure from 4 to 5 inches across. Indispensable for cutting. Easily grown, succeeding in any open sunny position. A fine mixture of white, blue, lavender and intermediate colors. Pkt., 10c.

SEDUM (Stonecrop)

The perennial Sedums have been termed the backbone of the American rock garden, because they so readily adapt themselves to so many varied conditions. They will thrive most anywhere, but prefer sun and sandy soil. Nearly all varieties have thick evergreen foliage.

6 DWARF SEDUMS 75c
No two alike

There are a great many Sedums differing in foliage characteristics, type of bloom and flowering period. There are too many of them to list individually, so we offer them in collections of 3 and 6 plants, each plant a distinct variety. 3 varieties, 40c; 6 varieties, 75c.

This new Pansy novelty has a most delightful fragrance which in no way compares to the faint smell usually found in Pansies. A dozen or two flowers in a vase in a reasonable size room will fill the entire air with a sweet yet delicate perfume. Our new fragrant Pansies were, a few years ago, accidentally found growing in a field of Roggli Giants in Japan. They are mammoth in size and we now have them in a fine assortment of shades, ranging from the most delicate to the brightest, richest, and most gorgeous colors. This is a wonderful Pansy for bouquets, and we believe it to be one of the most noteworthy novelties of recent years. Pkt., 35c.

GIANT RUFFLED MASTERPIECE. Giant-sized flowers of most striking character, each petal being conspicuously curled or waved, giving them the effect of a double flower. The colors are mainly rich dark shades, bordered, blotched, or marked in ray-like veinings with contrasting colors. Bloom freely and continuously as long as the weather remains cool. Pkt., 20c; 3 pkts., 50c.

EXTRA FANCY LARGE FLOWERED. A fine mixture, similar to Burgess' Best Giant Flowered, but blossoms not quite as large. Pkt., 15c; 2 pkts., 25c.

CHOICE MIXED. A fine mixture of the ordinary varieties. Pkt., 8c.

MAMMOTH ORCHID-FLOWERED. This distinct and beautiful strain of Pansies will appeal to those who prefer delicate tints and soft shades and colors. The unique colorings include shades of chamais, terra cotta, pink, lilac, rose and orange. The flowers are of good size and they bloom freely from early spring until late in the fall. The name "Orchid-Flowered" has been given them because of their delicate shades and finely ruffled edges. Pkt., 15c; 3 pkts., 40c.

TRIMARDEAU MIXTURE. A beautiful and dependable large-flowered strain of Pansies which will serve well where large assortment of colors are wanted. Pkt., 15c; 2 pkts., 25c.

Sedum Spectabilis Brilliant

SEDUM SPECTABILIS BRILLIANT

18 inches. August-September. One of the best of the tall Stonecrops. Broad thick leaves and immense flat heads of showy crimson-colored flowers in the fall. Blooming size plants, 25c each; 3 for 60c; 12 for \$1.75, postpaid.

Everlasting Sea Lavender or *Statice Latifolia*

2 feet. August—September. Tufts of leathery leaves close to the ground, from which spring immense branching plumes of purplish-blue flowers. Although a fine border plant, it is prized more as a dried flower for winter bouquets. Pkt., 10c. Blooming size plants, 30c each; 3 for 75c; 12 for \$2.00, postpaid.

Hardy Perennial Salvia

We consider our improved strain of *Salvia Pratensis* so far superior to other varieties that we have discontinued growing all other species of Hardy Salvias. Dwarf, bushy plants about 1 ft. high and 18 inches across, completely covered with bloom during the early summer months and scattered flowers later in the season. Seed of the Blue only, 20c per packet. Blooming size plants of both Blue and White, 30c each; 3 for 75c; 12 for \$2.00, postpaid.

Hardy Salvia

Statice Latifolia

New Pink Hardy Salvia

We offer for the first time this season a pink flowered form of *Salvia Pratensis*. The color is a pleasing shade of lilac-rose and the habit is exactly like the blue and white flowered forms listed above. Blooming size plants, 40c each; 3 for \$1.00; 12 for \$3.50, postpaid.

SALVIA COLLECTION One each of the above 3 colors of Hardy Salvia—Blue, Pink and White —for only 85c.

Tritoma or Flame Flower

PFITZER'S IMPROVED. 3 to 4 feet. The finest of all Tritomas, the flowers being larger than other varieties, on more upright stems, blooms more profusely and color is more intense. Many of the flowers measure 12 to 15 inches long by 4 inches in diameter. They are dazzling scarlet, the lower half of flower being tinged with rich orange. A clump makes a striking show, surpassing the finest Canna for attractiveness. Bloom from August to October. If roots are covered during the severe winter weather, they will live safely from year to year. Blooming size plants, 35c each; 3 for 85c; 12 for \$2.50, postpaid.

TOWER OF GOLD. A new Tritoma which, other than color, is almost identical to Pfitzer's Improved. The color is pure yellow. One of the most strikingly brilliant flowers for the perennial border and for cutting. Blooming size plants, 50c each; 3 for \$1.25; 12 for \$3.50, postpaid.

EARLY PERPETUAL-FLOWERING HYBRIDS. The first of the Tritomas to bloom; massive flower spikes 3 feet tall; flowers of various colors, ranging from pale yellow to deep orange-scarlet. Pkt., 10c.

Tritoma

Perennial Flower Seed Mixture

25 Varieties, 10c

Every garden should contain a good assortment of perennial plants, as they remain in the ground year after year and require very little care. An easy and inexpensive way of obtaining them is to send for our Perennial Flower Seed Package of 25 Varieties. Package, 10c; 3 for 25c; 7 for 50c, postpaid.

CREeping THYMES

Plant Between
Your Stepping Stones

THYMUS COCCINEA. Small, creeping, evergreen plant for edging and for planting between stepping stones; dark green leaves that turn purple in autumn and remain ornamental throughout the winter. In early summer the plant is covered with crimson flowers. Blooming size plants, 30c each; 3 for 75c; 12 for \$2.00, postpaid.

WOOLLY THYME. Small, gray-green, woolly leaves; pink flowers in early summer. A very desirable variety. Blooming size plants, 30c each; 3 for 75c; 12 for \$2.00, postpaid.

Feverfew

FEVERFEW (Matricaria). 18 inches. June-October. A free-flowering hardy perennial plant, producing fine, double white flowers resembling pom-pom Chrysanthemums. One of the best all-season cut flowers. Pkt., 10c.

Trollius

Trollius or Globe Flower

Spring and summer blooming plants on the Buttercup order that are becoming more popular each year. The plants form neat tufts of dark green, finely cut foliage sending up their graceful blooms on one to two foot stems. They will do well in either sun or shade and make ideal cut flowers.

EARLIEST OF ALL. The earliest variety to bloom. Flowers range from clear yellow to orange. 35c each; 3 for 85c; 12 for \$2.50, postpaid.

ORANGE PRINCE. Very large flowers of bright orange. An excellent variety and highly recommended. 35c each; 3 for 85c; 12 for \$2.50, postpaid.

Blazing Star (*Liatris Scariosa*)

One of the showiest perennials; purple flowers borne in immense spikes 4 to 6 feet high. Blooms appear in August and September, remaining in bloom a long time. One of the best fall blooming perennials and fine for cutting. Blooming size plants, 25c each; 3 for 60c; 12 for \$1.75, postpaid.

Perennial
Verbena
(35c Each)

Perennial Verbena

One of the finest hardy perennial bedding and border plants; a strong, thrifty grower, about 12 inches high and covered from early summer until late fall with a lavish profusion of handsome bright lavender-rose flowers. One of the most satisfactory low-growing perennial plants; a continual display of blooms; fine for cutting and the best plant we know of for the rock garden. No seed. Blooming size plants, 35c each; 3 for 85c; 12 for \$2.50, postpaid.

Veronica or Blue Bird Flower

SUBSESSILIS. Flowers borne in great abundance during July and August in long compact spikes of deep blue. An excellent cut flower. As this variety does not come true from seed we offer plants only, at 40c each; 3 for \$1.00; 12 for \$3.50, postpaid.

LONGIFOLIA BLUE

2 feet. July-September. A fine hardy border plant with stout, erect spikes of intense deep blue flowers; fine for cutting. Pkt., 10c. Blooming size plants, 30c each; 3 for 75c; 12 for \$2.00, postpaid.

Veronica

VALERIANA (Jupiter's Beard). 2 to 3 feet. June-August. Showy, hardy border plants; producing large flowerheads of delicately sweet spicy fragrance. Fine for bouquets. Red. Pkt., 8c. White. Pkt., 8c. Mixed Colors. Pkt., 8c.

YUCCA

Filamentosa. 4 to 6 feet. June-July. Sometimes called Spanish Bayonet and Adam's Needle. A distinctive, hardy evergreen plant producing large spikes of showy creamy-white flowers. Grows well on the poorest and driest sandy soils where little else will grow. A popular plant for cemetery use. 35c each; 3 for 85c; 12 for \$2.50, postpaid.

SURPRISE OFFER

After Season Sales

At the end of our selling season, we generally have a surplus of many kinds of plants, and rather than carry this stock over, we hold a clearance sale beginning May 15th, and make up surplus collections of miscellaneous plants at \$1.50 per collection. In these \$1.50 collections, we give several dollars' worth of plants. All must be strictly our selection. Orders accepted any time before May 15th, and delivery will be made by parcel post, postpaid, as soon after May 15th as possible. When ordering, state which you want—House Plants, Hardy Perennials, or Shrubbery.

Variegated or Gold Band Yucca

Beautiful Foliage All Winter

A variegated form of Yucca Filamentosa. The long leaves are striped bronze and green with a wide yellow edge. Very attractive foliage both summer and winter. Thrives on poor, dry soil, and will survive the hardest, coldest winter unharmed, the beautiful foliage being most attractive at all times. In addition to being a valuable plant for the hardy border, it also makes a fine tub or pot plant. 35c each; 3 for 85c; 12 for \$2.50, postpaid.

Viola or Violet

HARDY DOUBLE ENGLISH. 8 to 10 inches. May and October. This violet is entirely hardy, and if given a sheltered place, will usually begin to bloom before the snow is gone and usually blooms again in late fall. Deep violet-purple and deliciously fragrant; perfectly double. Does especially well in the shade. Plants, 35c each; 3 for 85c; 12 for \$2.50, postpaid.

CORNUTA. 6 inches. Resemble pansies in shape and form, and while not as large, they bloom more profusely and for a longer time. Flower continuously 6 to 8 months in the year. Seed sown in April produces flowering plants by June. Our seed is a choice mixture of all colors. Pkt., 10c.

JERSEY GEM. 6 inches. The most valuable Viola yet introduced. Succeeds in any good soil, in a sunny position, blooming practically without a break from May to the end of the season. Flowers of large size; slightly perfumed; color is pure, rich violet; and borne on good stems about 6 inches long. A splendid subject for cutting. Pkt., 20c. Pot plants, 30c each; 3 for 75c; 12 for \$2.00, postpaid.

VIOLA APRICOT. The best of the recent introductions. A profuse bloomer with large flowers of rich apricot with orange shadings. Pkt., 15c. Pot plants, 30c each; 3 for 75c; 12 for \$2.00, postpaid.

VIOLA ODORATA (Sweet Violet). 4 to 6 inches. April-June. Perfectly hardy; covered with flowers in early spring; wonderfully sweet scented; also suited for forcing. Blue or White, 15c per packet; 2 pkts.—one of each color—25c.

NEW PINK VIOLET (Viola Rosina). The first truly pink flowered Violet ever produced. The flowers are bright rose-pink, very fragrant and perfectly hardy. Unlike most Violets, Rosina will thrive in the sun and bloom not only in the spring but again in the fall. Field grown plants, 50c each; 3 for \$1.25, postpaid.

Yucca Filamentosa (35c Each)

Hardy Water Lilies

Guaranteed to Grow and Bloom

Very few flowers will give you as much enjoyment with as little care and attention as the water lily. After planting it requires no care other than to add enough water to take care of evaporation. If you have no pool, very satisfactory results can be obtained by sinking a wooden tub in the flower bed or rock garden. The hardy water lilies may be left out over winter or may be kept in the basement.

We guarantee our water lilies to grow and bloom the first season, if planted between April 1st and July 15th. They may be safely planted any time before October 1st, but if started later than July 15th they may not bloom until the following summer. If the instructions furnished with each order are carefully followed you should experience no difficulty in successfully growing water lilies. While they are perfectly hardy, much depends on the manner in which they are prepared for the winter. Under these conditions we can only guarantee them during the first summer.

All other plants listed on this page are guaranteed to reach you in good growing condition. Complete cultural directions sent with each order.

Water Lilies and other aquatic plants are shipped from April to October.

AURORA. The flowers open creamy yellow, changing through orange to deep red as the flower ages. \$1.50 each, postpaid.

CARMINE LAYDEKER. Carmine-rose flowers of good size. One of the best for the small pool as it is free flowering and requires little room. \$2.50 each, postpaid.

CHROMATELLA. Bright sulphur yellow flowers, 4 to 6 inches across. Free bloomer, producing an endless succession of large flowers. One of the easiest to grow. \$1.50 each, postpaid.

COMANCHE. The hardest of all colored water lilies. A strong grower and very free flowering. Blooms open a rich apricot and later change to bronze. The leaves are olive green flaked brown. \$2.50 each, postpaid.

GLADSTONE. Pure white flowers with waxy petals and sulphur yellow heart. Of unusual size, often measuring 6 to 8 inches. Should be planted in preference to the common wild *Odonata* as it is a much finer flower. In addition the wild water lily does not prove satisfactory in the small pool. \$1.50 each, postpaid.

GLORIOSA. Deep carmine-rose changing to a deeper red with age. Large flowers freely produced throughout the season. Ideal for either pool or tub culture. \$2.75 each, postpaid.

HELEN FOWLER. Deep pink with lighter center. Very fragrant and free flowering. This variety is especially suited for the small pool or tub. \$1.25 each, postpaid.

JAMES BYRDON. Vivid rosy-crimson flowers 5 to 6 inches in diameter. Well adapted to tub culture. An early bloomer and a continuous one. \$2.75 each, postpaid.

NEPTUNE. Deep pink, flushed red at the base, and lighter at the tips of the petals. A very persistent bloomer. \$3.50 each, postpaid.

PINK OPAL. Deep pink flowers of medium size. Well adapted to the small pool; quite fragrant and one of the best water lilies for cutting. \$1.50 each, postpaid.

ROSE AREY. Brilliant pink, fragrant flowers with pointed and incurved petals. A rapid grower and one of the finest of the pinks. \$2.25 each, postpaid.

SUNRISE. Largest of all hardy water lilies; the blooms often reaching eleven inches or more. The enormous flowers of clear sulphur-yellow are the first to open in the morning. Blooms continually from spring until frost. Leaves deep green flecked red. \$3.50 each, postpaid.

Pigmy Water Lilies

Grow and Bloom in a
15 Inch Bowl

It is not necessary to have an extensive lawn with a large pool in order to grow water lilies. Pigmy Water Lilies can be successfully grown in a small city apartment, provided you can spare a corner of a sunny window.

The Pigmy Water Lily (*Nymphaea Tetragona*) is especially suited for small quarters as it never feels cramped. This dwarf variety is the smallest species in cultivation and will grow and bloom indoors in an ordinary 15 inch crock. The leaves are 3 to 4 inches across. The white flowers, 1½ to 2½ inches across, are open from 3 to 4 days, closing at night.

It is a native of Siberia and perfectly hardy, so can be grown in the outdoor pool as well as inside. Grows readily from seed. Pkt., 25c.

SCAVENGERS FOR POOL OR AQUARIUM. Scavengers are the housekeepers of the pool or aquarium and are required in order to keep it in a sanitary condition for your fish. Snails feed on the green scum (algae) that develops in the pool. We will furnish a collection containing a general assortment of snails. 6 for 65c; 12 for \$1.00, postpaid.

Creeping Hyacinth

Similar to the well known Water Hyacinth, except in habit of growth. It sends out runners like a strawberry plant, each new plant coming into bloom when developed. By continually forming new plants this variety will be in bloom most of the summer. 50c each; 3 for \$1.25, postpaid.

Other Aquatic Plants

Natural ponds and pools contain many small plants, both above and below the surface of the water. To make your pool as natural and realistic as possible you should include several of the plants listed below.

Arrowhead	Pickereel Plant	Water Hyacinth
Cattail	Primrose Creeper	Water Iris, Blue
Umbrella Palm	Sweet Flag	Water Iris, Yellow
Parrot Feather	Water Calla	Water Poppy
Papyrus		

35c each; 3 for 75c; 6 for \$1.25; 12 for \$2.00, postpaid.
For description of Japanese Umbrella Palm, see page 82; Water Iris, page 95; and Water Hyacinth, page 84.

Submerged or Oxygenating Plants

These plants are indispensable in a water garden or aquarium where fish are present. They absorb many of the impurities of the water and liberate oxygen, which is necessary for the life and health of your fish. They furnish cover and protection for the fish during the heat of the day, and also supply them with green food.

Plants received without roots can merely be placed in the water or potted in soil where they will soon develop a root system.

We offer here a well balanced collection of ten plants for either indoors or out. The collection will contain such plants as *Anacharis*, *Cabomba*, *Ludwigia*, *Myriophyllum*, *Sagittaria*, *Spatterdock* and *Valisneria*. 10 for \$1.25, postpaid.

Water Poppies

WATER POPPY

Large, bright yellow, poppy-like flowers borne in continuous profusion throughout the season. The foliage floats on the surface of the water like a miniature pond lily. It should be planted and cared for in the same manner as water lilies, but cannot be left out in winter. 35c each; 3 for 75c, postpaid.

House Plants and Bedding Plants

Our greenhouse department offers you a very complete list of house plants that we can supply throughout the year. We exercise the greatest care in packing to insure against frost and breakage in transit. House plant orders are sometimes held up during sub-zero weather, but never for more than a few days.

The low prices we charge for small house plants give our customers an opportunity of securing a nice lot of choice plants at very little expense.

WE GUARANTEE ALL POT PLANTS TO REACH YOU IN GOOD GROWING CONDITION and will replace free of charge any that do not, provided we are notified within ten days from date plants reach you.

Unless otherwise instructed, all house plants will be packed with damp moss on roots and delivered by parcel post, postpaid. We can send them with earth on roots, at the same prices, provided customers are willing to pay the express charges and will order in quantities of ten or more plants.

HOUSE PLANT SEEDS

Some of our customers prefer starting house plants from seed. Much enjoyment can be had growing some kinds in this way, so we are offering seed of such varieties as we can supply and recommend. Our house plant seeds are fresh and of the very best strains, and we sell them at the lowest prices for which strictly high grade seeds can be produced.

CHINESE BELL FLOWER

(Abutilon or Flowering Maple)

Abutilon (Flowering Maple)—30c Each

A very decorative plant for the house in winter, and for bedding outside in the summer. In the southern part of United States and in California it can be grown outside as a shrub. Produces attractive maple-shaped leaves and bell-shaped flowers. Will bloom in six months from seed.

SAVITZI. A very popular variety with variegated green and white foliage and yellow flowers.

SNOWSTORM. Green leaves and pure white flowers.

SPLENDENS. Green leaves and deep red flowers.

ECLIPSE. Green leaves blotched with yellow. Flowers salmon pink.

Plants, your choice of the above varieties, 30c each; 4 for \$1.00, postpaid. Seeds in mixture of varieties only, 20c per packet.

Giant Angel's Trumpet

The *Brugmansia*, or **Giant Angel's Trumpet**, is a magnificent plant. Hardy outside in the South. In the Northern States it can be kept indoors in winter and on the porch or garden in summer. Blooms both winter and summer. Large tropical leaves; beautiful trumpet-shaped flowers nearly a foot long, pure white, and as fragrant as the Jasmine. One of the most gorgeous of all blooming plants. Easily grown from seed. Pkt., 25c. Plants, 30c each; 3 for 75c, postpaid.

Giant Angel's Trumpet

NIGHT BLOOMING CEREUS

Queen of the Night

A sub-tropical trailing plant native of Mexico. The large white flowers commence to open after sun-down and are at their best about midnight. When fully developed they often reach twelve inches in diameter and over two pounds in weight. Of easy culture when grown indoors. Plants, 40c each; 3 for \$1.00, postpaid.

Baby Tears (Helxine)—24c Each

BABY TEARS

(*Helxine* or Irish Moss.) A compact, dense growing plant with miniature leaves. Of neat habit, and while forming a rounded mass of moss-like foliage, is of partially creeping or drooping tendency, which adds much to its attractiveness. Fine for shaded window boxes; grows easily under living-room conditions. In mild climates may be used in the rock garden and as an edging plant. Plants, 24c each, postpaid.

Night Blooming Cereus (40c Each)

Begonias

24c Each; 3 for 60c

Argentia Guttata (Tree Begonia). Grows 3 to 4 feet tall. Purple-bronze leaves with silver markings; white flowers.

BEEFSTEAK (Feastii). A low spreading Begonia, with circular leaves, red beneath and dark glossy green above, and of heavy texture. Dainty coral-red flowers. The finest pot Begonia for house culture. Grown as easily as a Geranium.

CHRISTMAS RED One of the best flowering Begonias. The flowers are bright cherry color, changing to coral-red. Foliage rich, glossy green, shaded deep bronze. The popularity of this Begonia is well deserved from the fact that it is easily grown and very satisfactory both as a winter house plant and for bedding purposes.

Coralline Lucerne One of the finest and most beautiful varieties. Blooms last from a month to six weeks, borne in immense clusters 12 to 18 inches across, almost hiding the plant. Color bright coral red, changing to delicate pink.

HARDY BEGONIA (Evansiana). Here is one of the best house and garden plants; a rapid, healthy grower, very profuse bloomer with beautiful foliage and clusters of pink flowers. The plant re-establishes itself in the spring from root tubers.

Rex Begonia (Lord Palmerson)—40c Each

Giant Painted Leaf or Rex Begonias

Few house plants are so entirely satisfactory in every way as the Rex Begonias. They are rich in color and beautiful in design and are easily handled under almost any condition. The large, broad leaves, high colorings and exquisite markings make them invaluable as decorative plants for house culture. They make excellent plants for baskets and vases if given plenty of moisture and not exposed to the full rays of the sun. We can supply the following six varieties:

LOUISE CLOSSON. A very odd combination of colors, being deep maroon, with broad band of silvery-rose, edged bronze.

LORD PALMERSON. Leaves have dark bronze center, silver band and irregular bronze border, blotched and speckled into the silver.

LESODSII. Beautifully marked bronze and red. A cross between Diadema and Rex. One of the finest.

MAGNIFICA. Dark reddish-green center; light metal band bordered with light shade of green. Mottled.

BEAUTY OF PEMBROKE. Curled leaf; red and bronze.

PERLE DE PARIS. Large, light silvery foliage. Erect grower; pink flowers.

PRICES: Your choice of the above Rex or Painted Leaf Begonias at 40c each; 3 for \$1.00; or six for \$1.75, postpaid.

Argentia Guttata Begonia

Beefsteak Begonia

Crinkled Leaved Beefsteak

A distinct form of the Beefsteak Begonia with magnificent crinkled, curled and crested reddish-green leaves, topped by clusters of rose-pink flowers. A very novel and attractive plant. 40c each, postpaid.

Watermelon Begonia

VENUS (Mrs. Townsend). A new Begonia, distinctly different. Its dark, glossy green, deeply cut leaves combined with its free flowering habit, make it one of the most attractive plants grown. Blooms the year around.

PRICES: Your choice of the above Begonias at 24c each; 3 for 60c; 6 for \$1.10, postpaid.

Watermelon Begonia

An excellent house plant for the window or table. The leaves withstand the dry air of rooms better than the majority of plants. Leaves thick and waxy-like, are distinctly variegated white and green, and have the appearance of being powdered with frosted silver. Plants, 30c each, postpaid.

Begonia Seed

SEMPERFLORENS HYBRIDS. As a bedding plant, it ranks with Coleus and Geraniums. Of sturdy growth, about one foot high, forming dense bushes, which from May until frost are completely hidden with flowers. As a house plant, it blooms throughout the entire year. A fine mixture of colors, from pure white to deepest crimson. Pkt., 10c.

VERNON. Bright orange-carminé flowers; deep red foliage. A fine house plant and unsurpassed as a bedding variety. Pkt., 10c.

Chinese Paper Plant

or Bougainvillea

30c
each

Bougainvillea Crimson Lake

BOUGAINVILLEA MAGENTA. Beautiful blossoms of brilliant magenta, produced from early March until midsummer. A most desirable window garden plant. Can be trained into a handsome outdoor climber in the South. Plants, 30c each, postpaid.

CRIMSON LAKE BOUGAINVILLEA. A striking variety with the same habits as the above. The color is a brilliant crimson. Plants, 30c each, postpaid.

Cigar Plant

CIGAR PLANT A charming compact house plant, literally covered with scarlet tubular flowers throughout the year. Simple culture. Pkt., 10c. Plants, 24c each, postpaid.

CHOICE CACTUS PLANTS

The Desert Cactus makes a most interesting house plant. Extremely odd and curious. Many have gorgeous and beautiful sweet scented blossoms, and bloom profusely. These oddest of all plants grow in many shapes and sizes, are easily grown, thrive and bloom with very little care, and endure the heat and dryness of the ordinary living room.

If you are an admirer of Cactus plants we can supply you with a collection that will please you. Our selection of varieties, 35c each; 3 for 90c; 7 for \$2.00; each plant a different variety and delivered to you prepaid.

CACTUS SEED in mixture of 30 choice varieties. Pkt., 10c; 3 pkts., 25c.

Chabaud Giant Improved Carnations

This is a particularly fine strain of giant-flowering Carnations which will bloom the first year if seed is sown early in the Spring. The plants make compact bushes 2 to 3 feet

tall and bear, on tall stems, a mass of nicely fringed, intensely fragrant double flowers. In many sections of the country they do well outdoors, but it is when grown in the greenhouse that the flowers develop to their best. Our improved strain comes 90% double. Seed in mixture of colors only. Pkt., 10c.

Large-Flowered Carnation Plants in separate colors—Pink, White, Red and Yellow—24c each; 3 or more at 20c each; or 12 or more at 15c each, postpaid.

Christmas Cactus

An early flowering crimson-scarlet variety with long, drooping flowers borne in great profusion. Easy to grow. Plants, 30c each, postpaid.

Chabaud Giant Improved Carnation

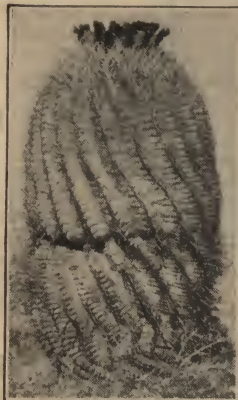

Bird of Paradise

(Poinciana Gilliesii.) The color of the flower is a rich golden yellow, it measures 2 1/4 inches across, and is produced in very large trusses. The most beautiful part of the flower is the long incurved stamens and pistils which are spread out in fan-like form and are of bright crimson color. The foliage is also highly decorative. It should be grown as a tub plant, except in the warmer parts of the South, where it is hardy. If the seeds are started early it should produce blooms the first year. Pkt., 10c. Plants, 24c each, postpaid.

Fish Hook or Candy Cactus

One of the strangest plant curiosities we have ever offered. Covered with hook-like spikes which are exactly the shape of fish

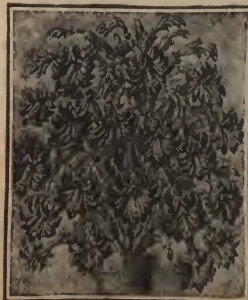

hooks and from 2 1/2 to 3 inches in length. The hooks are very hard, almost as strong as steel, and as sharp as the finest manufactured fish hook. It is claimed that they have been used by Indians of the Southwest for fish hooks for many centuries. The famous Cactus Candy is also made from this plant. The Fish Hook Cactus is easily grown from seed. With each packet of seed we will send complete cultural directions, recipe for making the candy, and one full-grown Indian Fish Hook. Pkt., 15c; 2 pkts., 25c.

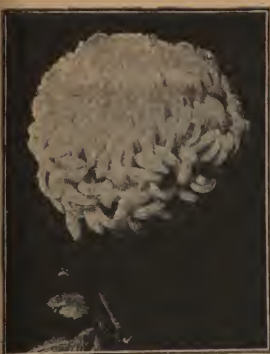

Fish Hook Cactus

Century Plant

An interesting plant with large, thick, leathery, grayish green, lance-like leaves. Tall flower spikes; large clusters of flowers; individual blossoms 2 1/2 to 3 inches across. Useful as a garden or lawn specimen in summer and a house plant in winter. Plants, 30c each, postpaid.

Christmas Cactus

Snow White

Friendly Rival

Gold Lode

Harvard

Chrysanthemums 22c each; 3 for 54c; 12 for \$1.80

The Chrysanthemum is the queen of autumn flowers. For massive blooms, grandeur of colors, ease of culture, and certainty to flower, there is no plant that will surpass them.

While there are a great many varieties to choose from, we have selected those which we believe will give our customers the most enjoyment.

Giant Exhibition Chrysanthemums

AMBASSADOR. Early. The largest early white variety.

DISTINCTION. Mid-season. Bright pink and a strong grower.

ENCHANTRESS. Earliest of the large pinks.

FRIENDLY RIVAL. Mid-season. One of the best. Golden yellow with incurved petals.

GOLD LODE. Early. The best early yellow.

GOLDEN GLOW. Early. One of the best earlies. Bright yellow.

HARVARD. Late. Large crimson-scarlet flowers, full double with reflexed petals. One of the best.

LIBERTY BELL. Mid-season. A beautiful new variety with salmon-pink incurved petals.

LUSTRE. Early. A beautiful variety with lavender-pink flowers.

MRS. DAVID LLOYD GEORGE. Mid-season. Extremely large, often measuring nine inches across. Rich crimson with gold tipped petals. Vigorous and healthy.

MRS. NELLIE ROSS. Late. Magnificent ball type flower of clear yellow. One of the best.

SNOW WHITE. Mid-season. Large snowy white flowers with incurved petals.

THANKSGIVING GLORY. Late. Large flowers of creamy white.

THANKSGIVING PINK. Late. In bloom for Thanksgiving. A fine pink variety.

Baby, Pompon or Button Chrysanthemums

Perfect miniature double flowers produced from late summer throughout the fall. Will live outside with protection except in the extreme north. **Bronze, Yellow, Pink, White.** Your choice of colors.

Prices

of Chrysanthemums

Take your choice of the Chrysanthemum plants listed on this page, at 22c each; 3 or more at 18c each; or 12 or more at 15c each, postpaid.

Anemone Flowered Chrysanthemums

An attractive novelty type having a high, tufted crown surrounded by a single row of broad outer petals. **Pink, White, Yellow, Red.** Your choice of colors.

Coleus (16c each)

FANCY LEAVED COLEUS

Probably the most popular of all foliage plants for bedding purposes and used equally as well as a winter plant or window box specimen.

AUTUMN TINTS. Red, blotched yellow.

BUTTERFLY. Light green leaves splashed bronze.

FIRE BRAND. Dazzling scarlet. One of the showiest.

SENSATION. Maroon with red center.

SUNRISE. Light vermillion edged green and yellow.

YELLOW BIRD. Bright golden yellow.

PRICES: Your choice of above varieties at 16c each; 3 for 40c; 12 for \$1.45, postpaid.

Coleus Seed

RAINBOW HYBRIDS. Our Rainbow Hybrid seeds are saved from a fine assortment of selected plants and excelled only by our Large-Leaved Hybrids. Pkt., 15c.

LARGE-LEAVED HYBRIDS. Leaves often measure 10 inches in length and 8 inches in width, heart-shaped and beautifully crimped, toothed and frilled; handsomely variegated and with color combinations that are remarkably rich. The finest strain of Coleus seed ever offered. Pkt., 25c.

Brazilian Plume Plant

Brazilian Plume Plant

A native of Brazil. It is of the easiest possible culture, and seems to do well everywhere, requiring but little attention. It is a strong, rapid grower, throwing many shoots, each of which is tipped with beautiful pink, plume-like flowers. Plants, 30c each, postpaid.

Trailing Queen Coleus

An excellent variety for hanging baskets, vases and porch boxes. Center of leaves fiery red surrounded by deep maroon and edged olive green. Plants, 16c each; 3 for 40c; 12 for \$1.45, postpaid.

24c
each

GIANT CINERARIA

Our Giant Exhibition Strain of Cineraria is unsurpassed in size of flower, bright colors, and delicate fragrance. Plants grow into round bushes, completely covered by the massive flowerheads. For Christmas blooming, seed should be sown in April; for blooming during early spring, June or July sowing should be made. Sow seed in shallow boxes containing a fine, fairly sandy soil. Keep shaded and moist until seedlings appear. Transplant into other boxes as soon as they are large enough to be handled, and into small pots when the plants attain a fair size. Cinerarias delight in a rich soil, cool and airy rooms and plenty of light. Pkt., 25c; 3 pkts., 60c. Plants, 24c each, postpaid.

Cineraria Radiata (STAR CINERARIA). A beautiful flowering plant for the house or conservatory during the late winter and early spring months. Large, spreading panicles of starry flowers in many pleasing shades of crimson, rose, blush, white, azure and violet. The extreme grace and elegance of the plant and flowers make them wonderfully effective for the house and conservatory, and especially so for church decorations; also useful for cutting. Pkt., 15c. Plants, 24c each, postpaid.

COMET PLANT (ACALYPHA SANDERII). An attractive house plant with dark green leaves and brilliant, glowing, crimson-scarlet, velvety flowers in long, drooping spikes, nearly an inch in diameter and from 18 to 24 inches long. Plants, 30c each, postpaid.

CYCLAMENS

Cyclamens are, without question, one of the best and most beautiful house plants. Our Cyclamen seed is grown up by a specialist, seed being selected only from plants of superior bloom and foliage. The flowers are unsurpassed for size, color and substance. The seed we offer is a mixture of bright red, dark red, light pink, deep pink, salmon, white, white with carmine eye, etc. In fact, the colors range from white to darkest crimson, with all intermediate shades.

Prize Mixture of Giants. Extra large and choice. Pkt. (10 seeds), 25c; 3 pkts., 60c; 10 pkts., \$1.75.

Good Mixture. A very fine strain, but not as large as our Prize Mixture of Giants. Pkt. (10 seeds), 15c; 2 pkts., 25c; 10 pkts., \$1.00.

Cyclamen Plants in the following colors: Red, Pink, White. 40c each; 3 for \$1.00, postpaid.

Prize Giant Cyclamen (40c Each; 3 for \$1.00)

15 Varieties of House Plants 25c

You can secure a nice collection of House Plants at practically no cost by sowing this seed in pots or boxes in the house. Florists grow many varieties of House Plants from seed, and you can do the same. This collection contains 15 or more varieties that can be easily and successfully grown in the ordinary home. The seed is put up in mixture of varieties, a few seeds of each, and at our price of 25c a packet, a large assortment of plants can be grown for less money than you would pay a florist for one plant. Were you to buy these seeds in separate packets, they would cost you from \$2.00 to \$3.00, as many varieties of house plant seeds are hard to get and very expensive. We cannot give a list of the varieties, as this mixture is changed from time to time, but we can assure you that this is a bargain package that will please the most critical lover of house plants. With each packet we send full directions for planting the seed and caring for same. Pkt., 25c; 5 pkts., \$1.00, postpaid.

CROWN of THORNS

(*Euphorbia Splendens*). Curious plant; fleshy twining stems with spines nearly an inch long; foliage bright green; flowers beautiful coral pink. Plants, 28c each, postpaid.

Calceolaria

Calceolaria

An ornamental house plant, producing a mass of beautiful pocket-like flowers in the spring; a universal favorite with florists. The Calceolaria is grown from seed. Our select strain of seed is, we believe, the finest in cultivation; flowers large in size and beautifully spotted and blotched in exceedingly rich and varied colors; very free flowering. No plants to offer. Seed, 35c per pkt.; 3 pkts., \$1.00.

Ostrich Plume Fern

bunching tasseled heads. A most desirable house plant; nothing else like it. Plants, 30c each, postpaid.

MOSS FERN. An upright growing plant with numerous feather stems branching from the base and forming a dense tuft. Grows only 10 to 12 inches high. Plants, 30c each, postpaid.

OSTRICH PLUME. One of the easiest and healthiest ferns to grow. Each frond is delicately cut and curved somewhat resembling the grace of an ostrich plume. Fronds often measure a foot in width. Plants, 30c each, postpaid.

ROOSEVELT. Dense, massive, broad fronds, often measuring 6 inches or more across and 5 or 6 feet long. The divided pinnae or miniature fronds which are so gracefully arranged, keep growing constantly, overlapping each other and showing two shades of green, while the center and main part of the frond is rich dark green, the contrast producing a beautiful effect. Plants, 30c each, postpaid.

Silver Fern

Asparagus Plumosus

SCOTTI. One of the best of the house ferns. Of the Boston type, but narrower fronds growing more erect. Thrives with very little attention. Plants, 30c each, postpaid.

WHITMANI. A dense, compact Fern of graceful appearance. Wonderfully valuable on account of its easy culture and hardiness. Dark green, irregular shaped fronds, which are heavily imbricated, the pinnae overlapping and so formed as to resemble miniature ferns. Plants, 30c each, postpaid.

SILVER FERN

Light green fronds with a band of silver. A most unusual fern and of very easy culture. Plants, 30c each, postpaid.

SHAKING FERN

Large graceful fronds that shake and quiver with the slightest movement of the air. Plants, 30c each, postpaid.

15c Fertilizer for Ferns

Your Ferns will grow better and be more beautiful if you fertilize them with "Soil-Vitamines." Special small size for Ferns and House Plants, postpaid, 15c; 2 packages, 25c.

Shaking Fern (Pteris Tremula)

CHOICE HOUSE FERNS

BOSTON. A wonderfully healthy Fern with long, drooping fronds which often attain a length of 6 to 8 feet. Plants, 30c each, postpaid.

CRESTED FERN. A dwarf variety of graceful and compact habit. Each branch has a row of miniature fronds at right angles to the mid-rib giving the plant a plummy effect. Plants, 30c each, postpaid.

DWARF or BUSH BOSTON. A dwarf, compact form of the Boston Fern. Forms a very bushy plant. Plants, 30c each, postpaid.

HOLLY FERN. Not a true fern, but listed here because of its similarity in appearance and habit. Rich glossy green leaves about the size of a rose leaf. Of easy culture and a very satisfactory pot plant. Plants, 30c each, postpaid.

MAIDEN HAIR. An exceedingly beautiful and healthy dark green variety, the fronds of which are developed at the ends into

Moss Fern

Asparagus Ferns

PLUMOSUS (Lace Fern). Very finely divided feathery foliage. Seed, 15c per packet. Plants, 24c each, postpaid.

SPRENGERI (Feather Fern). Long, drooping branches; fine for hanging baskets and window boxes. Seed, 10c per packet. Plants, 24c each, postpaid.

Weeping Firecracker Plant. Slender, arching, drooping habit; literally covered with brilliant coral-red buds and flowers. Especially adapted for hanging baskets, vases, window boxes, etc. 24c each.

DOUBLE GERANIUMS

Fancy Leaved Geraniums

GOLDEN BRONZE. Foliage bright golden yellow with wide zone of chestnut-brown and scarlet flowers.

HAPPY THOUGHT. Dark green foliage, creamy center with dark zone. Scarlet flowers.

MME. SALLEROI. Small green leaves, edged white. Small variegated flowers of pink and white.

MRS. POLLOCK. Foliage bronzy red, bordered crimson and edged yellow. Flowers orange-red.

VARIEGATED S. A. NUTT. Leaves edged white; flowers crimson.

WM. LANGGUTH. Foliage deep green with pure white margin. Double brilliant scarlet flowers.

Your choice of the above varieties, 30c each; 3 for 75c; 6 for \$1.30; or 12 for \$2.40, postpaid.

Scented-Leaved Geraniums

LEMON. Foliage strongly lemon-scented. An old favorite.

NUTMEG. Foliage has the fragrance of the Nutmeg. Flowers pink.

OAKLEAF. Oak-shaped leaves; walnut scented. Flowers pink.

ROSE SCENTED. Red flowers, rose-scented foliage.

SKELETON LEAF. One of the most popular of the scented leaved varieties. Deep cut fern-like foliage; cerise flowers.

Your choice of the above varieties, 20c each; 3 for 50c; 6 for 90c; or 12 for \$1.50, postpaid.

Pansy Geraniums

(Pelargonium or Lady Washington)

The gorgeous colorings of the Pansy Geraniums rival the Azalea for beauty. They are very free bloomers and of easy culture.

EASTER GREETINGS. Fiery amaranth-red.

GARDENER'S JOY. Apple blossom pink.

LUCY BECKER. Rosy-pink.

MME. LAYLE. A most unusual variety because of its color, a combination of pink, white, purple and black. A beautiful flower and a profuse bloomer.

SCHWABEN MAID. Large reddish-carmine with black blotches.

SPRINGTIME. An unusual shade of salmon-pink.

Your choice of the above varieties, 30c each; 3 for 75c; 6 for \$1.30; or 12 for \$2.40, postpaid.

"SOIL-VITAMINES"

will make your Geraniums and other house plants grow and bloom better. House Plant Size, 15c, postpaid.

ALPHONSE RICARD. Enormous trusses of semi-double flowers of brilliant orange-red. One of the best.

AMERICAN BEAUTY. Extremely large heads of two inch flowers resembling the American Beauty Rose in color. Foliage green and brown.

BEAUTE POITEVINE. Apricot with white eye.

IRVINGTON BEAUTY. Clear rosy-salmon. Always in bloom.

MME. BUCHNER. Large flowers of pure white. Vigorous grower.

PEACH BLOSSOM. Peach-pink shading to white.

PINK BEAUTY. Beautiful shade of clear rose-pink. One of the best.

RADIO RED. Brilliant scarlet. A good bedder, and a free bloomer.

SENSATION. Bright flame-red flowers with velvety foliage.

VIOLET BEAUTY. Unusual color in Geraniums. Rich velvety violet tinged red.

Your choice of the above varieties, 20c each; 3 for 50c; 6 for 90c; or 12 for \$1.50, postpaid.

Double Silver-leaved Geranium,
Wm. Langguth
(30c Each)

Pansy Geranium
(30c Each)

Geranium Seed

A superb strain of the finest American and European varieties, many of them with zoned and variegated leaves. A choice mixture of all colors. Very interesting to grow from seed, and easily grown. Pkt., 10c; 3 pkts., 25c.

Trailing Ivy Geraniums
(20c Each)

Ivy Geraniums

Of trailing habit, with ivy-shaped foliage and flowers of exquisite colors. Fine for hanging baskets and urns. Your choice of colors: Pink, Red and White. 20c each, postpaid.

Strawberry Geranium

Leaves nearly round, striped freely with silver bands; blooms white, of great beauty and borne in spikes nearly 12 inches high. The plant is of easiest growth; will stand neglect and mistreatment; adapted for hanging baskets, vases, etc. 24c each, postpaid.

Strawberry Geranium
(24c Each)

French and German Hydrangeas

These are the Hydrangeas that are so extensively grown by florists. They are especially adapted for pot or tub plants for indoor, porch, lawn or garden decoration. In some soils the flowers turn blue, and this color can be secured artificially by mixing one-half pound of broken alum with each one-half bushel of soil. These Hydrangeas are easily grown and will many times repay you for the little time required in caring for them. Hardy out of doors in mild climates.

BLUE PRINCE. A new variety producing immense flower heads of lavender-pink changing to blue under soil conditions described above.

GERTRUDE GLAHN. Very large flowers of dark rose-pink.

HELGE. One of the most popular of the newer sorts. Deep carmine red and very early.

LE CYNE. Large pure white flowers. The leading white variety.

MARECHAL FOCH. A very popular variety because of its earliness. Very early and a good forcer. Flowers of deep carmine.

MME. CHATTARD. Large deep salmon-pink florets in immense, compact flower heads.

PRICES: Your choice of the above Hydrangeas at 30c each, postpaid.

French Hydrangea

Special Offer

6 French Hydrangeas, one of each of the above varieties, for only \$1.50, postpaid.

Darlingtonia

Snake Headed, Flesh Eating Plant

One of the queerest and most fascinating plants known to man. It resembles the hooded cobra of the jungles of India, and is one of the few carnivorous plants known to science.

The plant has no leaves, the stalks are twisted and funnel shape, small at the bottom, growing larger with a rounded hood at the top from which hang two crimson and green appendages which have the appearance of feelers or whisks, is of striking

aspect and beautiful in coloring.

The top of the hood is beautifully mottled by white translucent areas through which the interior is lighted. Both hood and appendages bear many honey glands, the excretion from which tempts bugs, ants, flies, in fact all kinds of insects toward the mouth, an orifice on the under side of the hood, and are lured inside the funnel-like stem from which they can not come back, as the stem is lined with innumerable little hair-like prongs all pointing downward, and once they get below a few of these points they have to continue on downward where the victim is absorbed in the digestive fluid or liquid in the bottom of the stem.

The Darlingtonia is usually grown as a house plant, in pots of sandy soil and leaf mould. It is, however, a perennial which will grow year after year out of doors, provided it is given a shady position and never allowed to become dry. They blossom in the spring, having beautiful purple flowers.

If kept in a room free from all insects, it is advisable once or twice weekly to place a few small particles of raw beef, about the size of a grain of wheat, in the orifice for its nourishment; however, if placed where there are other plants, in the average room, a sufficient number of insects will be attracted from them, making artificial feeding unnecessary.

Plants shipped prepaid, anywhere in the United States, at \$1.00 each; 3 for \$2.50.

Everblooming Impatiens or Sultana Hybrids

One of the most beautiful and free blooming bedding or house plants. They produce a great abundance of bright colored flowers which are well shown off by a background of heavy, rich foliage. Colors pink, orange-pink and brilliant vermilion. Continuous bloom may be expected from July to October. We can supply both seed and plants in finest mixture of colors. Pkt., 20c. Plants, 24c each, postpaid.

LEMON VERBENA

A universal and well known favorite that is grown principally for its fragrant lemon-scented foliage. It is a low growing, tender plant with white flowers; may be grown in the garden in the summer and in pots in winter. Its pale green delightfully scented foliage is fine for bouquets and goes well with any flower; leaves may be dried and laid among linens. Pkt., 15c. Plants, 24c each, postpaid.

Burgess' Fuchsias

One of the most desirable house plants grown. In most varieties the sepals and corolla are of a different color, making a very pleasing combination. Of easy culture and will thrive in the temperature of an ordinary living room.

CARMELIATA. The finest of all double white Fuchsias. Very free flowering; scarlet and pure white.

LIBERTY BELL. Largest flowering Fuchsia in cultivation. Tall and branching like a tree. The glossy green leaves are veined crimson. The enormous scarlet and purple flowers, 3½ inches across, are very double.

LITTLE BEAUTY. One of the most desirable varieties in cultivation. Neat, compact habit, well branched and a constant profusion of bloom. Scarlet and violet-purple.

SPECIOSA. Rosy carmine. A compact grower.

TROPHEE. An easy variety to grow and a continuous bloomer. Double flowers, waxy white and violet-blue.

TRAILING QUEEN. Entirely different from other varieties in its trailing habit. A good subject for the fernery or hanging basket. Flowers scarlet and purple produced in large drooping clusters.

PRICES Take your choice of the above Fuchsias at 30c each, postpaid.

FUCHSIA SEED. A fine mixture of varieties. Pkt., 25c.

Fuchsia

Lantana Michael Schmidt
(24c Each)

AFRICAN VIOLET

(Saintpaulia ionantha)

A charming little pot plant producing violet-blue flowers resembling violets. The foliage is similar to that of the Gloxinia. Blooms luxuriantly during the winter months. Plants, 30c each, postpaid.

Philippine Copper Plant

Blue Lily of the Nile

A splendid ornamental plant with bright evergreen foliage spreading 3 or 4 feet and surmounted with spikes of bright blue flowers which remain in bloom for a long period. It is a most desirable tub plant for porch or lawn. Should be wintered in the cellar or greenhouse. Seed, 15c per packet. Plants, 30c each, postpaid.

Lantanas

The unexcelled everblooming bedding or border plant; also used as pot plant, in hanging baskets, porch boxes and vases. Almost constant blooming.

MICHAEL SCHMIDT. Brilliant yellow, passing to pure vermillion.

PINK BEAUTY. Flower heads in various shades of pink with yellow center; large.

RADIATION. Brilliant scarlet with orange-yellow center.

SNOW WREATH. Pure white. The best white and a good bloomer.

TETHYS. Beautiful lemon yellow.

WEeping LANTANA (*Russelia Elegantisima*). Very striking semi-trailing plant, especially adapted for hanging baskets, vases, window boxes, etc. Large clusters of lilac or rosy-pink flowers. Very beautiful.

Prices: Your choice of above Lantana plants at 24c each, postpaid.

LANTANA SEED Everblooming Hybrids. One of the most desirable half-hardy perennial house or bedding plants. Verbena-like heads of orange, white, rose, crimson and various red shades; constantly in bloom. 2 to 3 feet. Fine mixture of colors. Pkt., 10c.

LOBELIA

SAPPHIRE. A beautiful trailing plant of strong growth; a mass of unusually large sapphire-blue flowers with a beautiful white eye; never out of flower. A most desirable pot and basket plant. Pkt., 15c. Plants, 20c each, postpaid.

HYBRIDS. Delicate blue and white flowers. Pkt., 10c.

Monkey Flower

(*Mimulus Tigrinus*). Tender, little, half-hardy perennial which does best as a house plant. Oddly shaped flowers of yellow, red, pink, and orange, all tigered and spotted. Named Monkey Flower from the resemblance of the corolla to a mask or face. Blooms the first season if seed is sown early. A very attractive plant. Will do well planted out in a moist shady situation. Pkt., 10c.

Musk Plant

(*Mimulus Moschatus*). The musk scented foliage of this variety perfumes the spot where it is grown. Chiefly a foliage plant but it bears numerous small pale yellow tubular flowers. Pkt., 10c.

Artillery Plant

An interesting novelty used for window boxes and as specimen plants. Graceful frond-like foliage and many small flowers. The flowers produce a snapping sound when sprinkled with water and the discharge of pollen gives the effect of smoke. Plants, 24c each, postpaid.

Oleander (24c Each)

Monkey Flower

Lobelia Sapphire (20c Each)

Passion Flower

A handsome climber, grows rapidly and produces a profusion of fragrant pink, blue and white flowers. The peculiar structure of the flower has long been of great interest to botanists and many curious stories have been woven about it. Hardy as far north as Washington, D. C. Farther north they should be grown as pot plants on trellises, during the winter, and outside during the summer. Pkt., 20c. Plants, 24c each, postpaid.

Scarlet Plume Plant

(*Euphorbia Jacquiniflora*). An excellent subject for the conservatory or window. The flowers are produced in cymes with orange-scarlet petal-like appendages. Plants, 24c each, postpaid.

Oleander

No plant makes a more handsome specimen for tub, pot or box culture for the house, veranda or yard. Large, double blossoms, as pretty and as fragrant as a rose. We can supply seed in mixture of colors only. Pkt., 15c. We can supply plants in separate colors, Red, White, Pink, Salmon and Yellow, at 24c each, postpaid.

Variegated-Leaved Oleander

Leaves bordered creamy white. Double pink flowers. Very attractive. Plants, 24c each, postpaid.

Philippine Copper Plant

(*Acalypha Tricolor*). A most distinctive and valuable bedding or pot plant. Large, beautiful, copper-colored foliage, with blotches of crimson-bronze. Highly tri-colored and of tropical appearance. Easily grown. Plants, 24c each, postpaid.

Night Blooming Jasmine

The Night Blooming Jasmine (*Cestrum Parqui*) is a highly prized house plant. The foliage is a deep green color; produces richly fragrant blooms; very fragrant at night. Plants, 24c each.

Giant Heliotrope Midnight (24c Each)

Chinese Hibiscus (20c Each)

Night Blooming Jasmine (24c Each)

Sweet Scented Heliotrope

These are universal favorites on account of their delightful fragrance. Flower equally well as bedding plants in summer or as pot plants during the winter.

MIDNIGHT. New giant-flowered, wonderful Heliotrope; darkest lavender-purple. Plants, 24c each, postpaid.

PICCOLA. Large blue flowers. Plants, 24c each, postpaid.

SNOW QUEEN. Large beautiful flowers, pure white. Plants, 24c each, postpaid.

KING OF THE BLACKS. Deep purple; almost black. Darkest of all Heliotropes. Very fine. No plants to offer. Seed, 15c per packet.

PRIZE MIXTURE. Flowers of great size and ranging in shade from dark blue to lilac. Pkt., 10c.

Chinese Hibiscus

The Chinese Hibiscus in bloom is one of the most striking plants in existence. The well formed flowers are of immense size. A popular outdoor plant in mild climates, and a wonderful house plant in the North.

BRILLIANT QUEEN. Rapid grower. Extremely large double flowers, vermilion-scarlet. One of the best.

GRANDIFLORA. Rich Scarlet.

MINIATUS. Bright Vermilion.

ORANGE BEAUTY. Large double orange flowers. Very attractive.

PEACHBLOW. Rich clear pink. Double.

SUBVIOLEACEOUS. Enormous violet tinted flowers.

Prices: Your choice of the above Hibiscus plants, at 20c each; 6 for \$1.00, postpaid.

Jerusalem Cherry (24c Each)

Jerusalem Cherry

A very showy house plant, loaded with ornamental "cherries," which turn to glossy scarlet when ripe. Fine for Thanksgiving and Christmas decoration. The bright cherries, which are not edible, will hang on the plant all winter; foliage always green and very ornamental. Pkt., 10c; 3 pkts., 25c. Plants, 24c each; 3 for 60c, postpaid.

JADE PLANT

or Japanese Rubber Plant

(*Crassula Arborescens*)

An attractive novelty from the Orient. Thick waxy foliage of jade green. Being a succulent, it will withstand the hot dry atmosphere of the average living room. A fine pot plant. Plants, 24c each; 3 for 60c, postpaid.

Jade Plant (24c Each)

Water or Parlor Ivy

A rapid growing trailing plant especially suited for indoor hanging baskets, vases and trellis work. Small glossy green leaves and clusters of yellow flowers. Grows in either soil or water. Plants, 20c each, postpaid.

English Ivy

Though listed among the hardy vines this variety is more popular as a house plant. A vigorous grower. May be trimmed into many shapes, or trained on a trellis or over a window. Pot plants, 24c each, postpaid.

VARIEGATED ENGLISH IVY

Except that it is not hardy it grows exactly as the above. Large dark green leaves blotched cream and pure white. Plants, 30c each; 3 for 75c, postpaid.

POINSETTIA

Christmas Red

Tropical plant with brilliant red bracts surrounding the flowers. Too well known to require much description. Indispensable for table decoration and for cut flowers at Christmas time. Plants, 30c each; 3 for 75c, postpaid.

Blooms for Easter and Mother's Day

Two sensational new plants that should be in every home. Their easy culture and the lasting quality of the blooms make them ideal gifts for Easter and Mother's Day.

KALANCHOE GLOBULIFERA COCCINEA. Plants grow about one foot high and a well developed plant may produce as many as fifty flower stems. The brilliant cerise-scarlet flowers are produced in abundance over a period of three months or longer beginning in February. Plants, 30c each, postpaid.

CRASSULA RUBICUNDA BRILLIANCY. A dwarf plant with pencil-shaped deep green leaves and an abundance of bright red flowers of unequalled brilliancy, on stiff upright stems. In bloom for both Easter and Mother's Day. Plants, 30c each, postpaid.

SHOWER OF GOLD

(Genista)

This beautiful plant well deserves the great popularity it has gained during the past few years. The drooping branches are covered with delicate sage-green foliage, and every twig tipped with a long raceme of exquisite pea-shaped blossoms of rich golden yellow, almost hiding the foliage. Grows and flowers freely with ordinary care, and is usually a mass of bloom at Easter time. Plants, 30c each, postpaid.

Shower of Gold

Umbrella Palm

Dracaena Indivisa

Dracaena Terminalis

Swan Flower (Swainsonia) 30c Each

SWAN FLOWER

(Swainsonia)

A very pretty plant, both for flower bed and house culture. The flowers are borne in sprays all over the plant. Flowers red or white, your choice of colors, 30c each; 2 for 50c, postpaid.

DRACAENA

DRACAENA INDIVISA. Slender, drooping leaves of several shades of green with delicate stripings of yellow and red. Very graceful in habit and an exceedingly handsome ornamental plant for the conservatory, window box, vase or urn. Pkt., 10c. Plants, 20c each, postpaid.

DRACAENA TERMINALIS. One of the finest of ornamental foliage plants and of easy culture. The long broad leaves are a rich crimson marked with pink and white. Plants, 50c each, postpaid.

DRACAENA FRAGRANS. Similar to the above but dark green foliage. Grows under adverse conditions. Plants, 50c each, postpaid.

Japanese Umbrella Palm

Not a true palm, but handsome ornamental palm-like plant. Grows in water or soil. Indispensable for aquariums, fountains or pools. Pkt., 10c. Plants, 35c each, postpaid.

SPRAYWELL PLANT SPRAYER

\$1.00 Postpaid

Essential to the success of house plants, and keeps the foliage fresh and healthy.

Sprays Under the Leaves, the Most Important Place to Spray.

Excellent for Sprinkling Newly Sown Seed, as it will not wash them out. Also for spraying cut flowers and sprinkling clothes before ironing and any surface before sweeping.

Easy to fill. Simply compress bulb and hold spray end in liquid and then relax pressure on bulb, or remove metal cap and hold under water tap.

A pressure on the bulb ejects the water in a fine spray.

Price, \$1.00, postpaid.

WAX PLANT

Hoya Carnosa or true Wax Plant is an easily grown climbing house plant suitable for window gardens and trellis work. Umbels of fragrant, waxy, white flowers with pink centers, produced in succession. The shining, succulent, dark green foliage makes it an interesting plant even when not in bloom. Plants, 50c each, postpaid.

PRIMROSE (Obconica Grandiflora)

One of the finest and most important winter blooming pot plants. Can be easily grown in any light window, flowering abundantly and continuously, bearing immense trusses of large flowers in choice assortment of colors, from pure white and soft pink through the different shades of rose and red to the brightest crimson. Pkt., 25c.

Plants in separate colors—Red, Pink, White—at 24c each, postpaid.

Giant Fan-Leaved Palm

The finest of all Palms, and easily grown from seed. Elegant fan-shaped leaves of a rich, dark green; beautifully fringed with long, thread-like filaments along the segments of the leaves. The plant is a compact grower, well adapted to pot culture, and succeeds in any situation. Needs no petting; stands dust and dry air; lack of sunshine does not bother it. Seed, 25c per packet. One-year plants ready to develop fan-shaped leaves, 50c each, postpaid.

Kentia Palm

The most popular of all Palms, because it will withstand more neglect than most varieties. Like the above variety it will stand dust, dry air and lack of sunshine. Graceful, curving leaves; bright green foliage. As a decorative plant for the window, dinner table or conservatory, it has few equals. One-year plants, 50c each, postpaid.

Primrose Obconica Grandiflora (24c Each)

PHILODENDRON CORDATA

A popular tropical vine used for hanging baskets and vases or as a window vine. Large glossy pear-shaped leaves. One of the few vines that will succeed without full light. Plants, 30c each, postpaid.

POTHOS Sometimes called Variegated Philodendron. We list this with Philodendron because of the similarity of growth. A rapid growing vine with heart-shaped leaves of clear green, mottled yellow. A strong grower, making an ideal basket plant. Plants, 30c each, postpaid.

RUBBER PLANT (Ficus Elastica). Dark green, shiny foliage. One of the most satisfactory house plants. Being of tropical nature, the plant is at its best under moist conditions and high temperature. 80c each, postpaid.

Resurrection Plant

These peculiar plants are found among the pines and cedars of Palestine and other desert waste places. When you get the plant it will have the appearance of a ball of tightly folded leaflets, dry and dead. Put it in water and it will open up its handsome fern-like foliage and turn green. Take it out of the water and it curls up, turns brown and becomes dead again. It is capable of apparently dying and coming to life again repeatedly, and will keep in its dead or dormant state for years and reawaken directly upon being placed in water. It is an interesting, curious and most beautiful house plant. If you want a "table fern" that will prove satisfactory under all conditions, don't fail to get one of these marvels of plant life. Greatly admired by everyone. 10c each; 3 for 25c.

ROYAL PURPLE PLANT

Universally popular on account of its brilliant and exquisite coloring. Surpasses the finest Coleus or Begonia in the color of its leaves. 24c each, postpaid.

Giant Fan-Leaved Palm (50c Each)

St. Bernard's Lily (24c Each)

St. Bernard's Lily (Anthericum)

Recurved, graceful foliage which makes a handsome pot plant; also useful for vases. Leaves are dark green, beautifully marked with broad stripes and bands of a creamy-white color. Bears large spikes of white flowers. Pkt., 25c. Plants, 24c each, postpaid.

Resurrection Plant (10c Each)

Rubber Plant (80c Each)

Royal Purple Plant

FAIRY OR BABY ROSE

Roses from Seed the First Year

One of the most unique and novel pot flowers grown. The only genuine dwarf house Rose, blooming in three to five months after sowing the seed, giving about equal proportions of single, semi-double and double flowers, borne in clusters and contain all the tints and colors of cultivated Roses. Plants from seed sown in February in the house may be had in bloom in June, and should bloom continuously month after month. Seed in mixture of colors only. Pkt., 10c; 3 pkts., 25c. Plants in separate colors—Red, Pink, White—at 25c each; 3 for 45c, postpaid.

Trailing Vinca
(20c Each)

SILK OAK OR AUSTRALIAN SILK TREE

A magnificent plant for decorative purposes. Grows rapidly from seed and is pretty in all stages of growth. Long, drooping, silky foliage. Excellent for fern dish use. In California and Florida it grows into an ornamental tree and has bright, orange-colored flowers. A fine pot plant for the house, where it grows from one to five feet, depending upon size of pot in which it is grown. Pkt., 10c. Plants, 20c each, postpaid.

SHOO-FLY PLANT

It is said that flies will not stay in a room where it is grown if they can conveniently escape. What there is about it that repulses them is not clear, as the plants and flowers have no odor. It is a beautiful flowering plant, and blooms in a short time (60 days) from seed. It is a profuse bloomer in pots both summer and winter, the blossoms being large, cup-shaped and of a lovely light blue color with white center. Pkt., 10c.

SMILAX

One of the most desirable and graceful window vines. The slender stems are covered with small, glossy, green leaves. A fine plant for hanging baskets or window boxes. Used extensively for bouquets and floral decorations. Pkt., 8c. Plants, 20c each, postpaid.

SNAKE PLANT

(Sanseveria.) A most striking decorative foliage plant. Very odd, beautiful and easily grown. No other house plant stands as much downright neglect and hardship. Nothing but frost or continued drenching with water seems to hurt it. It will stand gas and dust and will go for months without a drop of water. Plants, 24c each, postpaid.

GOLDEN STRIPED SNAKE PLANT (Sanseveria Laurenti). This new variety has all the good qualities and habits of the above and in addition has a band of creamy yellow on the outer edges of the leaves. Plants, 40c each, postpaid.

Snake Plant (Sanseveria)

STAPELIA OR JEWEL FLOWER

A branching succulent plant from Africa, somewhat resembling a Cactus. Produces grotesque star-shaped flowers nearly two inches across, spotted yellow and brown. A very attractive plant and a great curiosity. Plants, 24c each, postpaid.

Vinca or Periwinkle

ROSEA. Ornamental free-blooming plants, with dark, glossy, laurel-like foliage and handsome pink and white flowers. One of the most satisfactory and long-flowering bedding plants we have. They can be taken up in the fall like Chrysanthemums, potted, and kept in bloom through the winter. Seed in mixed colors only, 8c pkt. Plants, either pink or white, 20c each.

TRAILING VARIEGATED PERIWINKLE. A beautiful variegated trailing vine, admirably adapted for hanging baskets and vases. The leaves are a glossy green, broadly margined a creamy white; flowers blue. No seed. Plants, 20c each; 3 for 50c, postpaid.

WANDERING JEW

Too well known to require description. Will grow in either soil or water and is of easiest culture. Green-variegated (green and white) or multicolor (green and purple). Plants, 20c each; 6 for 80c, postpaid.

WATER HYACINTH

A beautiful water plant for the house, forming a lovely rosette of shining green leaves and throwing up spikes of exquisite lilac-rose flowers resembling Hyacinth blooms. The most beautiful effect is produced by using a glass vessel of some sort with shells and white sand so arranged as to conceal the small amount of soil used. It is a most useful plant for aquariums and outdoor pools, as fish will not thrive unless enough plants are growing to furnish them with oxygen. To do this there should be not less than one plant to every two gallons of water. Plants, 35c each, postpaid.

WEATHER PLANT

(Abrus Precatorius). A beautiful house plant which climbs to a height of about 7 feet. Light purple flowers, followed by pods with brilliant red seeds which are used for beads. If the leaves stand upright the weather will be fine. If they stand out straight, changeable weather is expected, and the leaves droop or "go to sleep" during a storm. Pkt., 10c.

HOUSE PLANT FOOD 15c

For the benefit of our customers who want a high grade fertilizer for house plants, and who do not want to purchase more than they need, we have had prepared for us a special House Plant Size of "Soil-Vitamines" (enough to cover about 25 square feet). It is the best fertilizer we know of for ferns, and a remarkable plant food for all kinds of house plants. It is clean, odorless and easy to use. Make your plants glad today. House Plant Size, postpaid, for 15c.

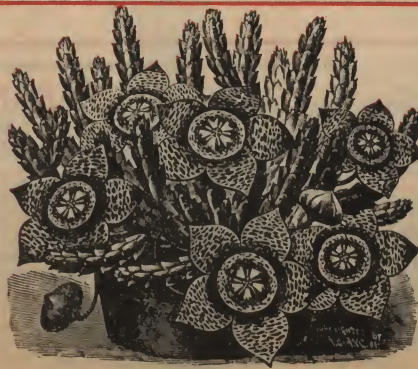

SHOO-FLY PLANT

Water Hyacinth
(35c Each)

Wandering Jew (20c Each)

Stapelia or Jewel Flower (24c Each)

Silk Oak Tree (20c Each)

BULBS For Outdoor Spring Planting and Indoor Winter Planting

Everyone succeeds in growing flowers from bulbs, and with very little care excellent results may be obtained. The hardy bulbs, when once planted, will live outdoors for years without being disturbed. The most of the tender varieties, if taken up and given a period of rest, may be re-planted each year and, handled in this way, the previous year's display will be repeated. A good supply of bulbs may be obtained at very little expense. Directions for planting go with each order for bulbs.

Burgess' Bulbs Are Guaranteed to Grow and We Will Replace, Without Charge, Any That Fail

AMARYLLIS Giant Hybrids

Giant Hybrid Amaryllis

There is nothing that will give the amateur greater pleasure for the window garden than these giant-flowering Amaryllis. The strain we offer is the finest that has ever been produced; strong bulbs, throwing vigorous stems with from four to six giant blooms of the most perfect form, ranging in color from almost pure white, through various shades of pink and rose, to the brightest scarlet and the deepest crimson, some with beautiful markings and mottled throats. Large, blooming size bulbs, in separate colors—Red, White or Variegated (red, pink and white striped)—85c each; 3 for \$2.25. In mixture of colors, 65c each; 3 for \$1.75, postpaid.

AMARYLLIS Equestre

Often called Barbados or Gloriosa Lily. Brilliant salmon-red flower with a green and white throat. Flowers 4 to 5 inches across, and 2 to 4 flowers on a stem. Makes a fine pot plant and is valuable for outside planting in the South, where it propagates freely. Blooming size bulbs, 30c each; 3 for 85c; 6 for \$1.60; 12 for \$3.00, postpaid.

CRINUM

A fine bulbous plant which produces flowers of great beauty. Usually two flower stalks are sent up at the same time, each bearing a large cluster of lily-like, fragrant blooms. The flowers are enormous in size; color, white with a lavender-pink or reddish-purple stripe through the center of each petal. Succeeds in pot or open ground. It is not hardy, so bulbs should not be left outdoors through the winter. 75c each; 3 for \$2.00, postpaid.

Crinum

Apios Tuberosa (15c Each)

the least regard for their requirements they will repay with an abundance and brilliancy of bloom not equaled by any other class of plants. All Begonias we offer are blooming size.

Double Pink, Double Scarlet, Double Orange and Double Yellow, separate colors, at 30c each; 3 for 85c; 6 for \$1.60; 12 for \$3.00, postpaid.

Double Mixed, 25c each; 3 for 70c; 6 for \$1.30; 12 for \$2.50, postpaid.

HARDY AMARYLLIS or Magic Lily

Hardy Amaryllis or Magic Lily

Hardy Out of Doors All Winter

This bulb, known botanically as Amaryllis Halli, or Lycoris Squamigera, is a native of Japan and one of the most interesting members of the Amaryllis family. It produces attractive green foliage in the spring which disappears in midsummer. About a month later, as if by magic, the flower stalk appears, bearing a cluster of 7 to 12 fragrant lily-shaped flowers of delicate lilac-pink, shaded blue.

The Hardy Amaryllis is perfectly hardy in the northern states, where it may be left in the ground year after year unmolested. As the bulbs are very scarce, we have only a limited supply and suggest that orders be placed as early as possible. Price, \$1.00 each, postpaid.

APIOS TUBEROSA

Tuberous-Rooted Wistaria

A valuable and desirable tuberous-rooted twiner, resembling Wistaria in form of leaf and flower, but smaller. Grows to a height of 8 to 10 feet. Dies to the ground each winter, but the tuberous root is perfectly hardy. The numerous clusters of deep purple, pea-shaped blossoms have a strong, delicious violet fragrance. A valuable vine for trellis or rock work. Plant two or three bulbs near together to produce a mass of vines and flowers. 15c each; 3 for 40c; 6 for 75c, postpaid.

Tuberous-Rooted Begonias

This charming class of Begonia is perhaps the most handsome of all summer-flowering tuberous-rooted plants, and deserves even greater popularity. Fine for pot plants and for planting outside in a semi-shady location. Their culture is of the simplest, and with

Chinese Cinnamon Vine

The Cinnamon Vine is one of the most satisfactory climbers. Its handsome foliage and fragrant, cinnamon-scented blossoms commend it to every lover of flowers. It is tuberous-rooted and, once planted, will grow a lifetime. It is perfectly hardy, thrives on all soils, in sun or shade, wet or dry. No insects or blight ever trouble. Will quickly surround your windows, arbors and porches with a mass of vines, and profusion of small white flowers.

While the Cinnamon Vine is grown mainly for its beauty and fragrant blossoms, the tubers are edible, being most delicious when baked like Sweet Potatoes.

For windows, plant two on each side. For porches, walks, etc., plant 8 inches or a foot apart, covering 2 inches. Furnish twine support for the vines.

Choice tubers, 15c each; 2 for 25c; 6 for 60c; 7 for \$1.00; 30 for \$2.00, postpaid.

Fancy Leaved Caladiums

No other foliage plant equals the Fancy Leaved Caladium in rich and gorgeous, yet soft coloring. Wherever high-class decorations are required, these plants are indispensable. When grown in pots, they may be used in the conservatory or the house with equal satisfaction. For table decorations, for window boxes, for jardinières, and for enlivening groups of palms or ferns, they are most serviceable. They are quite as desirable for bedding purposes, and do their best in a shady or semi-shady position. Their beautifully shaped foliage is elegantly variegated in the most telling manner with delicate but vivid colors. Some are ivory white, light green, crimson and pink stripes, dark olive green, pink centers, silver spots, some veined with deep crimson. Unlike most varieties of plants, which are at their best only when in bloom, the Fancy Leaved Caladiums are always beautiful. No plant in bloom could attract more attention than the foliage of our Caladiums. Our collection is made up of many different varieties, all choice kinds and extra select bulbs. Full cultural directions with every order. 35c each; 3 for 90c; 12 for \$2.90, postpaid.

Colchicum

The Wonder of the Floral Kingdom. Requires No Soil, No Water, No Care.

Beautiful rosy tinted blossoms, 2 to 3 inches in diameter. Through Nature's own process, Colchicum bulbs store within themselves all the fertility, water, etc., they require to bloom. Simply place the bulb in a dish or on the table or window sill and watch its beauty unfold. The blooms keep in good condition about two weeks, and when they wilt, cut them off and others will follow, each bulb producing from 6 to 15 flowers. When the blooming has ceased in the early fall, the bulbs may be planted in the open garden or lawn, where, each fall they will bloom in great profusion, or if you prefer you can remove the bulbs from the ground about July first, dry them in darkness for a few weeks, and use for indoor decoration as at first. Orders for Colchicum bulbs cannot be filled before August, but you should place your order as soon as possible, as our supply is limited. Choice bulbs, 35c each; 3 for \$1.00; 7 for \$2.00, postpaid. Seed 25c per pkt.

GLOXINIA

HYBRIDA GRANDIFLORA. The finest strain of Gloxinia; magnificent flowers of the richest colors, containing the spotted hybrids as well as the finest self-colored sorts. Seed, 25c per pkt.

Bulbs which will bloom in 6 or 8 weeks from time they are planted, 35c each, 3 for 85c; 12 for \$2.95, postpaid. Separate colors—White, Purple, Scarlet—40c each; 3 for \$1.00, postpaid.

Pink Calla

A magnificent Calla with beautiful bright pink flowers. One of the most exquisite flowering plants we have ever seen. Will grow and bloom freely in pots like the common white Calla. Marvels of beauty; sweet scented. Fine blooming size bulbs, \$1.00 each, postpaid.

BLOOMING \$1.00
SIZE

Fancy Leaved Caladiums

CALLAS

BLACK CALLA (Pictum). Flowers deep purple, almost black. An interesting novelty that will attract much attention. Blooming size bulbs, 45c each; 3 for \$1.25, postpaid.

YELLOW CALLA (Elliottiana). Beautiful pure golden yellow flowers, 4 to 5 inches broad. The leaves are attractively marked with white spots. Easily grown. Blooming size bulbs, 30c each; 3 for 85c, postpaid.

WHITE CALLA (Aethiopica). Our stock of seeds and bulbs are an exceptionally fine strain of the old White Calla, and much superior to the newer sorts. Flowers are pure white, unusually large, held high, and on stiff stems. Pkt., 10c. Blooming size bulbs, 30c each; 3 for 85c, postpaid.

NOTICE Pink and Yellow Callas can be shipped from January 1st to June 1st; White Callas from October 1st to June 1st; and Black Callas during the months of August, September and October only.

Calla Aethiopica (30c Each)

Elephant Ears

The Elephant Ear is a well known large green leaved variety of Caladium which is planted for ornamental purposes. We recommend combining the ornamental with the practical by planting the Dasheen, which is an edible-tubered variety of Caladium and has very much the same appearance as the common Elephant Ear. See page 17 for complete description. 15c each; 3 for 40c; 6 for 75c; 12 for \$1.25, postpaid.

Colchicum

Gloxinia (40c Each)

Fairy Lilies (Zephyranthes)

One of the prettiest and most easily grown bulbs; white and rose colored flowers, similar to the Amaryllis, but of miniature growth. For an effective display, the best way is to plant several bulbs in a box or flower pot. They can also be planted in the open ground in the spring, where they flower in great profusion during the summer; suitable for the rock garden. Bulbs should be taken up in the fall and treated the same as Gladiolus.

White. Pure white. 10c each; 3 for 25c; 12 for 80c; 25 for \$1.50, postpaid.
Rose. Large flowers of a clear rose color. 15c each; 3 for 40c; 12 for \$1.25; 25 for \$2.25, postpaid.

Yellow. Flowers coppery yellow, striped with purple outside. 20c each; 3 for 50c; 12 for \$1.75; 25 for \$3.25, postpaid.

Fairy Lilies

Madeira Vine, or Climbing Mignonette

A popular climber with thick, waxy, green, heart-shaped leaves, and numerous racemes of feathery white flowers of delicious fragrance. Grown from tubers, which may be taken up in the fall and stored like potatoes. Easily grown; will thrive in any soil or location; and will grow rapidly, covering a large space in a short time. One of the best vines for planting thickly along the front edge of a porch or window for quick effect. Also makes a fine rapid growing house plant when trained in a sunny window indoors. Tubers, 10c each; 3 for 20c; 12 for 70c; 25 for \$1.25, postpaid.

Ismene Calathina or Peruvian Daffodil

A grand summer flowering bulb, producing with great freedom large Amaryllis-like, pure white, fragrant blossoms. Keep the bulbs in a dry, warm place, and plant out in June. Bulbs can be taken up in October, and after a few weeks' rest, potted and flowered in the house in the winter or kept over for planting out another season. Easily grown. 20c each; 3 for 50c; 6 for 90c; 12 for \$1.75, postpaid.

Tigridia

Giant Hyacinth

(*Hyacinthus Candicans* or *Galtonia*). A species of Hyacinth. Blooms late in summer. Huge spikes of pure white flowers on stems 3 to 5 feet high. Blooming size bulbs, 20c each; 3 for 50c; 12 for \$1.50, postpaid.

Montbretias

Montbretias

The Montbretia is one of the most floriferous and showy of summer flowering bulbous plants, producing in great numbers, graceful spikes 8 to 12 inches in length, each spike bearing from 18 to 30 exceedingly beautiful star-shaped flowers, 1½ to 2 inches across. These beautiful flowering bulbs are very popular for clumping among perennials and shrubbery, are easily grown and add much to any flower garden. They are also highly valued as cut-flowers and can be grown in flower-pots in the house. Montbretias are quite hardy and should be planted early in the spring, preferably in a warm, sunny location. They should be protected during the winter with a heavy covering of leaves, or can be taken up each fall and stored the same as Gladiolus bulbs. Our mixture contains many bright shades of yellow, salmon, orange and scarlet. Special Mixed. 15c each; 3 for 30c; 6 for 50c; 12 for 90c; 25 for \$1.65; 100 for \$6.00, postpaid.

Excelsior Pearl Tuberose

The finest double Tuberose, and one of the most beautiful of the late summer flowering bulbs. Spikes and blooms enormous in size and very double and fragrant. 10c each; 3 for 20c; 12 for 70c; 25 for \$1.25, postpaid.

Tuberose

Early Flowering Tuberose

A beautiful variety that can be planted as soon as danger of frost is over, and will bloom four to six weeks earlier than other Tuberoses. The flowers are on long stems, ten to twenty blossoms to each stalk; snowy white, star-like petals, thick, wax-like, filling their surroundings with the sweetest fragrance. 15c each; 3 for 30c; 12 for \$1.00; 25 for \$1.75, postpaid.

TIGRIDIA (Tiger or Shell Flower)

Showy, bulbous plants suitable for the mixed border, growing about 18 inches high, bearing erect spikes of large attractive flowers with oddly blotched cup-shaped centers. Few flowers are more gorgeously colored or so beautiful. Bloom from middle of July to September. The bulbs are edible. When plain boiled and seasoned they have a delicious, nutty flavor, as palatable as a potato. They are easily grown and keep better than potatoes. The Tigridia should be extensively grown in vegetable and flower gardens everywhere. Bulbs are planted and handled the same as Gladiolus. Separate colors, Red, Rose or Yellow, 25c each; 3 for 60c; 12 for \$2.35; 25 for \$4.00. Mixture of colors, 20c each; 3 for 50c; 12 for \$1.75; 25 for \$3.00, postpaid.

Ismene Calathina

Burgess HARDY LILIES

**GUARANTEED
TO GROW**

Gold Banded Lily (35c Each)

Coral Lily (30c Each)

Regal Lily (25c Each)

Lilies are of the easiest culture, comparatively free from insect pests, and need no dusting or spraying with poisons. The varieties listed below are all hardy, and will increase in beauty and size with each succeeding year. Directions for planting sent with all Lily bulbs.

REGAL LILY (Myriophyllum). One of the most beautiful of all Lilies. The flowers are white, slightly suffused with pink; with a beautiful glow of canary yellow at center, which continues part way up the trumpet. They are borne in clusters and measure 4 to 6 inches in length, and are nearly as broad. Delightfully perfumed, reminding one of the Jasmine. In the garden it blooms profusely during July, continuing its glorious display well into August. One of the hardiest and finest outdoor Lilies. 3 to 5 feet. 25c each; 3 for 70c; 12 for \$2.25, postpaid. Seed, 15c per packet.

CORAL LILY (Tenuifolium). A most attractive Lily for rock gardens or in the foreground of the herbaceous border, attaining a height of 18 inches to 2 feet. Bears large heads of pendulous, waxy, deep scarlet flowers on wiry stems. This Lily attracts an unusual amount of attention for its daintiness and brilliancy. Probably the brightest in color of all Lilies. Easily grown and permanent. 30c each; 3 for 85c; 12 for \$2.75, postpaid. Seed, 15c per packet.

GOLD BANDED LILY OF JAPAN (Auratum). Immense, fragrant flowers, measuring nearly a foot in width when fully expanded, are produced in great profusion from July to September. Broad petals, gracefully recurved. White, thickly studded with crimson-maroon spots, with a wide gold band down the center of each petal. 3 to 6 feet. A woman in Iowa writes that she had 75 blooms on one stalk and the stalk was 6 feet high. 35c each; 3 for \$1.00; 12 for \$3.25, postpaid. Seed, 15c per packet.

RED BANDED LILY (Speciosum Magnificum). No words can overstate the brilliant beauty of this famous Japanese Lily. Large, rosy-white flowers, thickly dotted with crimson spots. One of the best for garden culture. 2 to 4 feet. August and September. 35c each; 3 for \$1.00; 12 for \$3.25, postpaid. Seed, 20c per packet.

FIREFLAME (Elegans). For a gorgeous display of rich coloring, very few flowers equal this improved type of Lilium Elegans. The brightest and most brilliant of all the orange-scarlet Lilies; 1½ to 2 feet; blooms during June and July; large, erect flowers. An always dependable hardy Lily. 25c each; 3 for 70c; 12 for \$2.25, postpaid. Seed, 20c per packet.

EASTER LILY (Longiflorum). The most reliable of the Easter Lilies for growing indoors in pots, and the most popular. Large pure white fragrant flowers borne 3 to 12 on a plant. Easily grown; hardy outside with protection and may be planted in the garden after it is through flowering inside. 35c each; 3 for \$1.00; 12 for \$3.25, postpaid. Seed, 25c per packet.

GIANT TIGER LILY. A grand Lily with large pyramids of orange-red flowers spotted with purplish black. August and September. 4 to 5 feet. One of the hardest and most easily grown. 25c each; 3 for 70c; 12 for \$2.25, postpaid.

DOUBLE TIGER LILY. A double form of the popular Tiger Lily. Flowers are borne in large clusters during August and September. Very hardy, permanent, easily grown and exceedingly beautiful. 30c each; 3 for 85c; 12 for \$2.75, postpaid.

PHILIPPINE LILY (Philippinense Formosanum). See page 64 for description. 35c each; 3 for \$1.00; 12 for \$3.25, postpaid. Seed, 15c per packet.

NEW WHITE PHILIPPINE LILY. See page 64. No bulbs to offer. Seed, 25c per packet.

MADONNA LILY (Candidum). A very popular Lily growing 2 to 4 feet tall and bearing fine, large flowers in clusters from 3 to 20 at the top of each stem. The blooms are waxy white and have yellow anthers. The individual blooms are 3 to 4 inches long and fully as wide. They have a delightful fragrance. It is of easy cultivation and does well in any soil or location, lasting almost indefinitely. Blooms during June and July. 35c each; 3 for \$1.00; 12 for \$3.25, postpaid.

Note: Madonna Lilies are planted in the fall only. Order now and bulbs will be delivered next September. All other varieties are delivered in the spring.

LILY SEED A mixture of the above listed varieties of Lily seed. Pkt., 25c.

Blackberry
Lily

(Pardanthus)

An interesting, hardy, lily-like perennial plant, and an old garden favorite. It is also sometimes called the "Leopard Flower." Showy and attractive flowers; orange, spotted red; stems 2½ to 4 feet high. Seed pods split in the autumn, leaving clusters of attractive, shining black, roundish seeds resembling a blackberry. Of easy culture, preferring a sunny location. Blooming size plants, 35c each; 3 for 85c; 12 for \$2.50, postpaid.

Japanese Day Lilies

BLUE AND WHITE

Hardy herbaceous perennials with handsome foliage and lily-like flowers borne on graceful spikes. While they prove satisfactory in either sun or full shade, they prefer a semi-shaded location. They will thrive in poor soil and with very little care.

BLUE PLANTAIN LILY (*Funkia Caerulea*). Their broad, massive foliage makes them attractive subjects for the border even when not in flower. Blue flowers in summer borne on spikes 2 feet high.

FRAGRANT PLANTAIN LILY or **WHITE DAY LILY** (*Funkia Plantaginea*). Their broad, massive, light green foliage makes them attractive subjects for the border even when not in flower. Clusters of large, pure white flowers borne on 2 foot stems in August and September. Very fragrant.

VARIEGATED PLANTAIN LILY. Flowers purplish mauve on 18 inch stems during August and September. Foliage green with white margin. Very attractive at all times. Popular for borders and the rockery.

PRICES—Your choice of the above three Japanese Day Lilies at 35c each; 3 for 85c; or 12 for \$2.50, postpaid.

Hemerocallis Day Lilies

LEMON AND GOLD

GOLDEN LILY (*Hemerocallis Fulva*). 2 to 3 ft. June-July. Rich orange-red with mahogany shadings. 20c each; 3 for 50c; 12 for \$1.60, postpaid.

LEMON LILY (*Hemerocallis Flava*). 3 ft. June. Beautiful lemon-yellow flowers, 3 to 4 inches in diameter, and delightfully fragrant. A fine cut flower. 25c each; 3 for 60c; 12 for \$2.00, postpaid.

DWARF LEMON LILY (*Hemerocallis Middendorfi*). 18 inches. May. The earliest Lemon Lily. Blossoms 2 to 3 inches in diameter. Fine for borders and rock gardens. 30c each; 3 for 70c; 12 for \$2.25, postpaid.

World's Most Select Gladiolus

The Cream of Over 600 Kunderd Creations

Kunderd Gladiolus are famous the world over, so need no introduction. After careful consideration the following Kunderd varieties have been selected from over 600 distinct colors and shadings, enabling us to offer to our customers the very best in each of the various price classes. You need not hesitate to order any of the varieties offered here, even though you are not familiar with them, as they will please the most critical buyer.

BATTLE CREEK. (71 days.) An attractive, almost self-colored deep violet; a little deeper in throat.

FLAMING VALE. (74 days.) Very tall; long spikes with large, deep, cardinal red flowers. Throat a little deeper.

GRAPHIC. (67 days.) Soft, deep, mellow purple. Blotches of fine deep rhodamine purple red on lower petals. Very outstanding.

HIGHLAND LADDIE. (85 days.) Large massive flowers; beautiful shade of pink.

LUSTRE. (87 days.) Tall, large flowered, orange-vermilion. A grand flower.

MRS. FRANK PENDLETON. (76 days.) Tall, majestic spikes of deep rose-pink blossoms bearing a giant blotch of richest velvety carmine on lower petals.

ROSE GLORY. (77 days.) Very large ruffled flowers of pure rose-pink. Darker in the throat. A prize winning variety.

RUTH HUNTINGTON. (72 days.) Beautiful, tall, violet-lilac, with deeper lilac markings on lower petals.

SCARLET PRINCES. (74 days.) Bright red; throat a little deeper. Winner of many awards.

SPANGLED BEAUTY. (86 days.) Dark rose-pink closely flaked a deeper shade. Tall graceful plant with many showy flowers open at one time.

SULPHUR FRILLS. (76 days.) Tall; many medium sized flowers open at a time. Beautifully ruffled; of finest pure soft sulphur yellow.

TWILIGHT. (85 days.) Beautifully blushed creamy-buff with yellow and pink throat.

UHLAN CHIEF. (69 days.) Tall, graceful spikes of brilliant vermilion-scarlet flowers. A magnificent variety.

The above varieties are 5c each; 10 for 35c; 100 for \$2.75, postpaid.

ANTHONY B. KUNDERD. (86 days.) Tall, large, intensely ruffled flower of delicate deep cream, overspread finest blush pink.

DREAM. (86 days.) Large, massive ruffled blooms of deep salmon red. Large, very showy blotches.

GOLDEN GLORY. (79 days.) A large, richly colored yellow ruffled variety, with beautiful red throat.

INDIAN. (71 days.) A strong grower with many well expanded flowers open at one time. Color, deep aniline or Indian red.

KING OF ORANGES. (79 days.) A large showy variety of an intense deep orange-saffron color. A primulinus type but larger than many of the larger flowered sorts.

MARY PICKFORD. (70 days.) A most delicate creamy-white. Throat finest soft sulphur-yellow. Stem and calyx also white.

PINK CLOUD. (77 days.) Soft rose-pink blossoms with deeper rose throat. Usually seven to nine open at a time.

PURPLE GLORY. (79 days.) Deepest velvety maroon-red, with almost black blotches appearing to be burned into petals. Winner of hundreds of awards.

ROBERT J. KUNDERD. (80 days.) A most brilliant

deep vermilion, or orange-scarlet self color.

SWEET ROSE. (76 days.) Massive flowers of purest rose-pink with red throat. A prize winner and one of the finest of the rose-pink varieties.

The above varieties are 8c each; 10 for 50c; 100 for \$3.75, postpaid.

BUTTERFLY MIXTURE

An assortment of several dozen varieties of the Butterfly-flowered or Primulinus Hybrid Gladiolus. Contains all shades and colors. Large bulbs only. Ten for 50c; 25 for \$1.00; 100 for \$3.00, postpaid. By express, not prepaid, \$11.00 per 500; \$20.00 per 1,000.

Rainbow Glad Garden

25 Different Varieties of Gladiolus

We do not have room to offer all of the beautiful varieties displayed at "A Century of Progress" so we have made up what we believe to be the finest assortment of Gladiolus ever put up in one package. Every variety in this collection was exhibited in the Horticultural Building during "The Chicago World's Fair" in 1933 and 1934. Each variety will be properly labeled so you will know just what you are planting.

The collection will contain one each of 25 different varieties and will not include any of the varieties listed in this catalog. All large blooming size bulbs. 1 collection (25 large bulbs) \$2.00, postpaid; 3 collections for \$5.00.

CRINKLES

(92 days.) A beautiful deep peach-blossom pink. Intensely ruffled. Always a prize winner, and one of the most outstanding ruffled varieties. 15c each; 3 for 35c; 10 for 90c; 100 for \$6.75, postpaid.

THOMAS A. EDISON

(77 days.) One of the most extraordinary and outstanding Gladiolus of recent introduction and named by special permission of that great wizard of invention. Very large flowers of dark blood-red, beautifully ruffled. Six to seven flowers open at one time and greatly admired by everyone who sees it. 25c each; 3 for 60c; 10 for \$1.50; 100 for \$9.00, postpaid.

Thomas A. Edison

COL. CHAS. LINDBERGH. (76 days.) Cattleya rose, with lavender tint on a white ground on upper petals. Lower petals covered two-thirds with soft pastel creamy yellow, beautifully stippled, with central bars of fine cream color extending beyond the blotches. 35c each.

FAVORITE. (83 days.) Beautiful orange-salmon, deeper in throat. Tall, strong, vigorous plant with many large, finely ruffled flowers open at a time. 10c each.

FIRE GLOW. (72 days.) A most intense vivid glowing scarlet. Exceedingly brilliant and showy. 10c each.

GOLD BUG. (72 days.) Beautiful, deep golden buttercup yellow. Grows tall spikes which are usually bent, giving it a very attractive appearance. 20c each.

GOLDEN LIGHT. (71 days.) Fine handsome spike with large flowers. Soft deep sulphur-yellow upper petals; lower petals a very rich deeper yellow. Both colors perfectly blended. A first class florists variety. 10c each.

LOHENGRIIN. (77 days.) Finest deep flesh pink, with beautiful light rose feathered blotch in throat. 20c each.

LOS ANGELES (Cut-and-Come-Again Glad). Immense spikes bearing huge blossoms of shrimp pink with a throat of orange tinted with carmine. Sends up new spikes after the old are cut, making it almost ever-blooming; often 100 blooms from one bulb. This variety is creating a sensation among Gladiolus growers everywhere. 15c each.

LULLABY. (66 days.) A prim of outstanding merit. Color, light orange-yellow with a wide border of deep orange-red. 10c each.

MARSHAL FOCH. (84 days.) Giant show flower, with many florets open at a time. Almost self-color of finest salmon-pink. 10c each.

MRS. CALVIN COOLIDGE. (66 days.) A large flowered prim of a very pleasing color of deep flesh or salmon-rose pink. Lower petals of a soft creamy yellow tint bordered pink. 10c each.

MRS. LEON DOUGLAS. The largest Gladiolus in existence; has' taken first prizes in every show where exhibited. Color, begonia-rose striped with flame-scarlet. Lip is pale lemon speckled with ruby. The size of the individual flower is, we believe, the largest of any variety. The spikes are extra long and have up to as many as seven side spikes on each main spike. 15c each.

NORTHERN LIGHT. (97 days.) Lower petals and ends of upper a fine rose-pink. Upper throat almost white; lower throat rose-pink. 35c each.

PINK FAVORITE. (102 days.) A very beautiful rose-pink with a deep rose red line in throat. Six or more large showy blooms open at one time. 10c each.

THE ORCHID. A distinctly new type of Gladiolus. Long, slender petals ruffled and frilled, opening to a width of 6 to 9 inches. Color pale lavender flecked with lavender-pink. The color and appearance of the flower suggests that of the Cattleya Orchid. 15c each.

TYRIAN ROSE. (79 days.) Bright Tyrian-rose; upper throat lighter, lower throat deep, rich, velvety dark red. 10c each.

YUKON. (74 days.) A delicate pure white. Irregularly placed flowers give an unusually showy and attractive appearance. 35c each.

SPECIAL PRICES All Gladiolus listed in this catalog at 10c each are sold at 60c per 10; \$5.00 per 100. 15c ones are 90c per 10; \$6.75 per 100. 20c ones are \$1.20 per 10; \$7.50 per 100. 25c ones are \$1.50 per 10; \$9.00 per 100. 35c ones are 3 for 80c; 10 for \$2.40; 100 for \$13.00. All bulbs are delivered postpaid at these prices.

All Glads in this catalog, with the exception of Los Angeles, Mrs. Leon Douglas and The Orchid are Kunderd originations.

KUNDERD'S GLORY MIXTURE The finest mixture we have ever offered containing hundreds of different colors, shades and varieties. This mixture contains more varieties than any other we have ever known. Try some of these bulbs this year and be convinced.

LARGE BULBS. Ten for 50c; 25 for \$1.00; 100 for \$3.00, postpaid. By express, not prepaid, \$11.00 per 500; \$20.00 per 1,000.

SMALL BULBS. Ten for 30c; 25 for 60c; 100 for \$1.75, postpaid. By express, not prepaid, \$6.50 per 500; \$12.00 per 1,000.

GLADIOLUS SEED Glads are easily grown from seed. New varieties are produced in that way. If seed is planted early, some will bloom the first year. Pkt., 10c.

King of Oranges

EXHIBITION CACTUS DAHLIAS

The following varieties are the very best in the Cactus group:
AMBASSADOR. This giant Cactus is one of the largest and most beautiful among our new introductions. An exquisite blending of golden-orange to yellow. Very long stiff stems, excellent keeper and wonderfully good for cutting and exhibition purposes. Each, \$1.00.

COUNTESS OF LONSDALE.

Delicate apricot shading to carmine-pink. Early and very free flowering. Each, 35c.

SUNSET GLOW. Flaming orange blending to golden yellow. Wonderfully attractive, excellent keeper, fine stiff stems. A great favorite for cutting. Each, 35c.

EFFECTIVE. Ideal little miniature, 2½ inches across. Most effective for decorative purposes. An exquisite blending of primrose-amber to copper at the center. Most abundant and continuous bloomer. Very dainty. Each, 75c.

TALISMAN. Brilliant crimson-red with gold near base of petal. In addition to the usual petals this creation has very tiny thread-like inner petals, which curl and twist.

Very abundant bloomer, and giving it an entirely different and unique appearance. Each, 75c.

ROYCROFT. One of the earliest and most abundant bloomers; excellent branched plants, very fine stiff stems, ideal for cutting, decorative and exhibition purposes. A most beautiful cinnamon shade, very lovely and desirable. Very long, straight, pointed petals add to its attractiveness and beauty. Each, \$1.25.

SPECIAL OFFER. One each of the above six Cactus Dahlias for only \$3.00, postpaid.

MINIATURE POMPON DAHLIAS

The midget Dahlias are perfectly formed ball type flowers from 1½ to 2 inches across. Ideal for table decorations and bloom continuously from July until frost.

AMBER QUEEN. Rich amber. 20c each.
DARKSOME. Blackish-maroon. 25c each.
GOLDEN QUEEN. Golden yellow. 20c each.
JESSICA. Soft yellow edged red. 30c each.
LITTLE HERMAN. Maroon and white. 35c each.
PRINCE CHARMING. Rich purple. 25c each.
ROSE BUD. White tipped pink. 30c each.

SPECIAL OFFER.

One each of these seven Pompon Dahlias for only \$1.50, postpaid.

Cactus Dahlia

Kathleen Norris

Prize Winner Dahlias

The following varieties are the cream of all the newer large flowered varieties and cannot be too highly recommended.

DWIGHT W. MORROW (Decorative). The enormous flowers of rich cardinal red make this variety one of the most spectacular Dahlias grown. A true exhibition variety and a healthy grower. Flowers 10 by 6 inches are easily attained. A prize winner in 1932. \$1.00 each.

EAGLE ROCK FANTASY (Decorative). One of the best Dahlias in cultivation. Monster blooms of clear mallow-pink with broad petals artistically notched at the tips. Because of its great size and beauty this variety is bound to be a consistent winner at flower shows. Sold for \$15.00 in 1932. \$1.50 each.

KATHLEEN NORRIS (Decorative). One of the finest exhibition Dahlias grown. Monstrous flowers with broad overlapping petals of true rose-pink often attaining a diameter of 10 inches and 5 to 6 inches deep. An excellent bloomer, borne on long stiff stems, and a long keeper. Recognized as the greatest pink Dahlia in cultivation for exhibition purposes. 75c each.

CHEMAR'S MASTERPIECE (Semi-Cactus). A very beautiful orchid lavender, producing gigantic flowers very abundantly and continuously. Long, wavy, curling petals add to its beauty. 50c each.

LOUISE FINGER (Semi-Cactus). The finest pure white Dahlia to our knowledge for cutting and garden purposes. Excellent, stiff, wiry stem and good quality. \$1.00 each.

MRS. T. A. GALVIN (Decorative). The largest and best of the two colored Decoratives; bright rich yellow, tipped pure white. Very attractive, and desirable; excellent for exhibition purposes; good bloomer and fine stems. \$1.50 each.

SPECIAL OFFER One each of the above six Prize Winner Dahlias for only \$4.75, postpaid.

"Big Six" Collection

Every bulb in this collection is a giant flowered variety and classed among the best sellers.

JANE COWL (Decorative). Deep, massive bloom of bronzy-buff and old gold, shading deeper at a perfect center. Without special care it often reaches ten inches in diameter and by special care and disbudding it will grow to twelve and fourteen inches. 45c each.

MARGARET WOODROW WILSON (Decorative). A remarkable blending of creamy white and opalescent pink with a deeper pink reflex. An exceptional flower for exhibition, because of its tremendous size. 35c each.

MRS. I. DE VER WARNER (Decorative). Clear lilac-rose coloring seldom seen in a Dahlia; beautifully formed; carried well on long extra strong stems; wonderful cut flower variety. Blooms often reach 10 inches or more across. A prize winner. 35c each.

RADIO (Decorative). A giant among giants, 10 to 12 inches in diameter, and four to six inches deep. American Beauty red blending to yellow, with long stems; splendid bloomer; recommended for garden, cutting and exhibition purposes. \$1.00 each.

SEQUOIA GIGANTEA (Decorative). 10 inches. Gigantic, rich, butter-cup yellow flowers with long stems. Strong, sturdy, vigorous grower, and a continuous bloomer. 35c each.

YANKEE KING (Decorative). Gigantic flowers of reddish copper and salmon-bronze. The extra stiff stems are often eighteen inches long, making it a perfect variety for cutting. 50c each.

SPECIAL OFFER One each of the above Big Six for only \$1.95, postpaid.

Cut Flower Dahlias

This carefully selected collection will give you cut flowers throughout the season.

AVALON (Decorative). The brightest, clearest, rich primrose-yellow. Ideal for cutting; good stiff stems; excellent for decorative and garden purposes. 35c each.

BEATRICE SLOCOMBE (Decorative). An exceptionally early flowering variety, continuing to bloom throughout the season. A warm blending of deep red and gold making it one of the most attractive Dahlias grown. Mammoth flowers with excellent keeping qualities. 60c each.

JERSEY'S BEACON (Decorative). A decided novelty of Chinese scarlet with a paler reverse, giving a two-tone effect; large exhibition flower of excellent habits. This variety is possibly the most spectacular of the Jersey family. 35c each.

JERSEY'S BEAUTY (Decorative). Beautiful true pink of recent introduction; the best pink Dahlia in existence for commercial use. The flowers are early, perfect in shape, produced in abundance, on long stems. Keeping qualities are unexcelled. 45c each.

MRS. C. D. ANDERSON (Show). Probably the largest of the tightly quilled Ball dahlias; an excellent keeper after cut. Very long stiff stems; exceptionally abundant bloomer; rich American-beauty red, called by some purple-crimson. Very desirable. 35c each.

ROMAN EAGLE (Decorative). Brilliant burnished copper; free flowering, on good stems. Very large, often measuring 10 to 12 inches across. 50c each.

SNOWDRIFT (Decorative). Large, pure white flowers with broad waxy petals. Profuse bloomer and easy to grow. One of the best whites. 45c each.

SPECIAL OFFER One each of the above seven Cut Flower Dahlias for only \$2.15, postpaid.

"Favorite Seven" Dahlias

The following varieties have been garden favorites for the past few years. All are large flowers and sure to please.

ALICE ALEXANDER (Decorative). Brilliant oriental red, beautiful irregular formed flowers with long wavy petals. 45c each.

BASHFUL GIANT (Decorative). Gigantic bloom of apricot with golden shadings. One of the largest varieties ever produced, often reaching 10 to 12 inches. Where very large flowers are wanted for exhibition purposes this variety has "IT." 40c each.

DARLENE (Decorative). The earliest dahlia to blossom, like a lovely water-lily with its dainty blending of cameo-pink to white. Continuous and abundant bloomer. 35c each.

MISS NELLIE GRAY (Decorative). Unique combination of colors, buff heavily speckled crimson-red. Attractive and different. Good bloomer. 40c each.

MRS. JOHN BOWMAN (Show). Large golden yellow hybrid; long stems, compact, beautifully quilled; good keeper. 35c each.

PRIDE OF CALIFORNIA (Decorative). A very large, thick flower of dark crimson; shades to almost maroon at the center. An ideal garden and cut flower variety. 35c each.

PURITY (Decorative). The purest white dahlia we have seen. Beautiful, clear, waxy white. Free flowering. 40c each.

SPECIAL OFFER One each of the above Seven Favorites for only \$1.75, postpaid.

Dahlias in Mixture of Colors

An assortment of Dahlias embracing all the types in a riot of colors, including many of the new ones and some of the best of the older kinds. These tubers are strong and vigorous and sure to bloom. This is your opportunity to secure Dahlias worth many times what they will cost at our bargain prices of 6 for \$1.00; 10 for \$1.50; 24 for \$3.00, postpaid.

6 for \$1.00 10 for \$1.50
24 for \$3.00

Burgess' Choice Peonies at Reduced Prices

Chinese Peonies are very desirable on account of their large size, fine colors and profuse blooming. They are perfectly hardy, and will succeed in any ground unless so wet the water stands on the surface in the winter and spring. May be planted either in the autumn or spring. Avoid planting too deeply, as this is often the cause of shy blooming; 2 inches of soil over the crown (eyes) being sufficient.

BARONESS SCHROEDER. Large globular flowers of cream-white shading to flesh. Of free flowering habit and very fragrant. One of the finest Peonies grown. 55c each, postpaid.

CLAIRE DUBOIS. Globular-shaped flowers of a uniform shade of violet-rose tipped white. One of the very best cut flower varieties. Late. 70c each, postpaid.

EDULIS SUPERBA. The famous Decoration Day Peony; very fragrant; of upright growth; and one of the best. Large double blossoms; beautiful pink. 40c each, postpaid.

FELIX CROUSSE. Very brilliant red; flowers mammoth in size, perfectly globular in shape, and have an agreeable fragrance. Mid-season. 45c each, postpaid.

FESTIVA MAXIMA. Large globular flowers. Pure white, with the center tipped crimson. Extra early; popular variety for cutting. 40c each, postpaid.

KARL ROSEFIELD. Pure, rich, intense crimson. Very large flower; globular, semi-rose type. Extremely vigorous grower, tall and free flowering. As a late red it has no equal. 45c each, postpaid.

LE CYGNE. The nearest perfect of any Peony, having a rating of 9.9. The fragrant white flowers are of true rose type and borne on tall stiff stems. The finest Peony in existence. \$1.30 each, postpaid.

MONS. JULES ELIE. A gorgeous Peony of mammoth size. Glossy lilac-pink shading to a deeper rose at the base; the entire flower overlaid with a sheen of silver. 45c each, postpaid.

MONS. MARTIN CAHUZAC (The Black Peony). Deep maroon; the darkest of all red Peonies. Offered by some growers last year for as much as \$6.00 per root. 80c each, postpaid.

OFFICINALIS RUBRA. The old-fashioned red "Piney" is the first Peony to bloom in the spring after Fern-Leaved *Tenuifolia*. Opens in plenty of time for Decoration Day. 75c each, postpaid.

PHILIPPE REVOIRE. The American Peony Society gives this a rating of 9.2 which places it in a class by itself as the world's most perfect red Peony. It is also the most fragrant of the reds. Blooms mid-season. Flowers bright crimson. Plant of splendid habit. \$1.60 each, postpaid.

PHILOMELE. A beautiful, large Peony of the Anemone type. Guard of primary petals of bright violet-rose, with center of narrow, finely cut golden yellow petals. As the flower develops a crown appears of bright rose edged dark crimson. A strong, upright grower, fine bloomer and very fragrant. 40c each, postpaid.

RICHARD CARVEL. An early large flowered red of excellent habit. Makes a good lawn specimen and is a valuable cut flower variety. Much in demand. 65c each, postpaid.

SARAH BERNHARDT. A popular large "show" variety that should be in every Peony garden. A fine flower of apple-blossom pink. Each petal is tipped with a silver sheen. 55c each, postpaid.

SOLANGE. Very large rose-type flowers. Color, deep cream with orange-salmon and amber shadings. A strong grower and free bloomer. One of the finest. 60c each, postpaid.

THERESE. The immense bloom of this Peony surpasses anything thus far produced. Rich satiny pink with a silky sheen. Delightfully fragrant. Flowers of enormous size; blooms most profusely. Received the highest rating of any pink Peony yet judged by the American Peony Society. 60c each, postpaid.

WALTER FAXON. A most exquisite color of coral pink. Semi-rose type. Beautiful flowers of wonderful size. Unsurpassed for growing fancy specimen flowers for cutting. 60c each, postpaid.

UNNAMED PEONIES—DOUBLE PINK, DOUBLE RED and DOUBLE WHITE. 35c each; 3 for 90c, postpaid.

A REAL YELLOW PEONY

PRIMEVERE. Many of the so-called yellow peonies have a shading of cream in the center when opening but soon fades to pure white. Primevere has a single row of creamy white guard petals enclosing a high crown of sulphur yellow. While strong sunlight will fade the blooms somewhat outdoors, they may be cut in the bud and allowed to open inside where they will hold their clear yellow color. \$1.00 each, postpaid.

FERN-LEAVED PEONY

The Earliest Double Peony to Bloom

FERN LEAVED (*Tenuifolia*). The earliest double flowered Peony to bloom in the spring, coming before Decoration Day. The flowers are brilliant crimson. The finely cut foliage resembles that of the Cosmos, setting the flower off in a very artistic manner. This variety is very scarce and this is the first season we have had sufficient stock to offer to our customers. \$2.00 each, postpaid.

Therese (60c Each)

Mons. Jules Elie (45c Each)

Le Cygne (\$1.30 Each)

German Iris Alcazar

FINE MIXED IRIS

This fine mixture of German Iris contains a most wonderful variety of showy colors, including popular sorts which we haven't in large enough quantities to offer as named varieties. 6 for 50c; 12 for 85c; 25 for \$1.50, postpaid. In lots of 50 or more, by express, not prepaid, 4 cents each.

Burgess' Choice Iris

Bearded or German Iris

The German Iris is one of the most beautiful of hardy garden plants. Will grow almost anywhere, in out-of-the-way corners, among shrubbery, etc., but for best results plant in a well drained sunny situation, barely covering the roots. Avoid fresh manure in preparing the bed. They require very little care, and will remain in the ground from year to year.

In the descriptions "S" denotes the stands or upright petals and "F" denotes the falls or drooping petals. The figures following descriptions refer to the height of the flowering stem.

- ALCAZAR.** S. soft violet; F. rich crimson-purple with white throat. 3 ft.
AMBASSADEUR. S. deep bronzy-lavender; F. maroon and purple. 3½ ft.
DREAM. Soft, clear pink. A fine variety. 3 ft.
HER MAJESTY. S. rosy-pink; F. darker pink veined crimson. 2½ ft.
HONORABILIS. S. golden yellow; F. mahogany. 1½ ft.
KOCHII. S. and F. rich velvety purple; very early. 2 ft.
LENT A. WILLIAMSON. S. soft violet; F. deep velvety violet. 3½ ft.
LORELEY. S. yellow splashed purple; F. purple bordered cream. 2½ ft.
MME. CHEREU. S. and F. white with wide border of clear blue. 3 ft.
MME. CHOBOUT. Pale yellow, flushed red and veined brown. 3 ft.
MOTHER OF PEARL. Unusually large flowers. The iridescent coloring is that of mother of pearl. 4 ft.
OPERA. S. reddish-purple; F. purple-violet. 3 ft.
PALLIDA SPECIOSA. S. and F. purple shaded lavender and red. 2½ ft.
PARISIANA. S. lilac and white; F. creamy white with purple dotted edge, shading to yellow at the base. 2½ ft.
PRINCESS BEATRICE. S. and F. soft lavender. Flowers large. 3 ft.
PROSPER LAUGIER. S. fiery bronze; F. rich ruby-red. 3 ft.
QUEEN OF MAY. S. and F. soft lilac-pink. One of the most popular. 2½ ft.
RHEINE NIXE. S. white; F. rich violet-purple bordered bluish-violet. 3 ft.
SHEKINAH. Pale lemon-yellow, deeper at center. 3 ft.
SHERWIN WRIGHT. S. and F. bright golden-yellow. Free blooming. 2 ft.
- PRICES** All the above named varieties of German Iris, 15c each; 3 for 35c; 6 for 60c; 12 for \$1.00, postpaid. In lots of 50 or more, by express, not prepaid, 8c each.

Select Varieties Bearded Iris

BRUNO. One of the largest and best. No collection should be without it. Stands rosy-fawn shading to yellow at base. Falls rich reddish-brown. 2½ ft. 30c each.

EL CAPITAN. Giant blooms of unusual beauty. Color light violet-blue. Several blooms open at one time. 3½ ft. 50c each.

EUPHONY. Stands mustard-yellow with fluted and waved petals stained light brown at the tips. Falls yellow, flushed blue and brown. A beautiful Iris and a free bloomer. 3 ft. 35c each.

FOLKWANG. Very large flowers. Stands white flushed delicate rose and the falls claret red with a narrow cream edging. One of the finest Iris in cultivation. 3 ft. 30c each.

FREIDA MOHR. Stands are a pleasing shade of lilac-pink. Falls a deeper tone of the same color. A very dependable variety with huge flowers. 4 ft. 35c each.

JUBILEE. Late bloomer. Stands soft yellow, ruffled. Falls creamy white peppered deep maroon. Orange beard. An outstanding variety because of its unique coloring. 2 ft. 35c each.

KING TUT. A blazing color blend of red and brown tones. Easy to grow and a free bloomer. Highly recommended. 3 ft. 50c each.

LA NIEGE. Beautiful creamy white of waxy texture; flaring falls. 2½ ft. 20c each.

MIDGARD. A very distinct flower because of its ruffled petals, and has proven universally popular. Both stands and falls are a blending of pink and yellow. 3 ft. 35c each.

SENSATION. Both stands and falls are a clear cornflower-blue. Extra large perfect blooms. The best of all blue Iris. 4 ft. 75c each.

SIR MICHAEL. Unquestionably the finest blue and purple Iris in existence. One of the largest Iris in cultivation and highly recommended. 4 ft. 60c each.

PUMILA. The earliest Iris to bloom in our gardens. The first buds open up in late March or early April and stay in bloom until well into May. The plants are so completely covered with flowers that you can scarcely see the foliage. Height 6 inches. We can supply the following varieties:

CYANEA. Glowing violet.

FLORIDA. Bright primrose-yellow.

La FIANCEE. Pure white.

ROYAL PURPLE. Deep royal purple.

PRICES. Your choice of the above four Pumila varieties at 25c each; 3 for 60c; 6 for \$1.10; 12 for \$2.00, postpaid.

CRISTATA. A dainty dwarf variety with blue flowers. 4 to 6 inches high; fine for the rock garden or edge of border. 20c each; 3 for 50c; 6 for 90c; 12 for \$1.65, postpaid.

"DOGZOFF"

If you are bothered with dogs, cats or rabbits, "Dogzoff" is the spray you need. It is a most efficient animal repellent and one spraying will last from three to four weeks. Not poisonous to plants and will not injure animals. Not offensive to humans. Its use is guaranteed to keep these animals from any place where they are not wanted.

"Dogzoff" is applied with any small insect sprayer and one application, usually does the work.

"Dogzoff" will save its cost many times over around the garden and home. Price, 69c, postpaid.

JAPANESE IRIS

The largest and the richest colors of all Iris. Blossoms 6 to 10 inches across, 3 to 4 blossoms on a stem. They begin blooming after all other Iris are gone and continue for 5 to 6 weeks. Fine for cut flowers. They succeed in almost any position, but like rich soil and plenty of water when they are forming buds and developing flowers.

ARARAGI. Pure dark violet, solid color. There is no better color in Japanese Iris. 50c each, postpaid.

GOLD BOUND. A fine pure white double flower with a gold banded center. 50c each, postpaid.

KOKI NO IRO (Purple and Gold). Enormous double flowers 8 inches across. Rich violet-purple with conspicuous golden throat. One of the best Japs. 50c each, postpaid.

MAHOGANY. Large double flowers of mahogany-red. A late bloomer. 50c each, postpaid.

CHOICE MIXTURE OF JAPANESE IRIS ranging from white through varying shades of purple, violet, blue and red with delicate veinings of cream, white, yellow, etc. 25c each; 3 for 60c; 12 for \$2.00, postpaid.

Water Iris

PSEUDACORUS. Bright yellow on 3 to 4 ft. stems. Valuable for planting around pools or along streams. Grows equally well in the garden among your other Irises. 35c each; 3 for 75c; 6 for \$1.25; 12 for \$2.00, postpaid.

VERSCOLOR. A native species producing bluish-purple flowers on 24-inch stems. Invaluable for planting around pools or at the edge of a stream as it will thrive when the roots are standing in 2 or 3 inches of water. 35c each; 3 for 75c; 6 for \$1.25; 12 for \$2.00, postpaid.

Iris Seed

While we recommend Iris plants to our customers, we can supply seed to those who want it. Iris grown from seed will not bloom until the second year. The planting of seed, however, enables one to get started with a good assortment of colors at a very low cost. Seed in mixture of colors only.

GERMAN—1 Pkt., 20c. **JAPANESE**—Pkt., 15c. **SIBERIAN**—Pkt., 15c.

Japanese Iris

Evergreen Shrubs and Vines

DAPHNE (Garland Flower)

Daphne Cneorum is a dwarf evergreen shrub. It has become very popular within the last few years, due to the beauty and pleasing fragrance of its blossoms.

The soft pink flowers appear profusely during April and May. Later, in the fall, it will blossom again. The fall flowers are not affected by frost and frequently can be picked in early December. The blue-green foliage is handsome at all seasons of the year.

It is a most adaptable hardy plant, ideal for the herbaceous border, edging the shrubbery border or in the rock garden. The plant grows to a height of one foot, with spreading branches which cover over a space of two to three feet.

2-year-old, well branched plants, 75c each; 3 for \$2.00, postpaid.

EVERGREEN BITTERSWEET

(**Euonymus Vegetus.**) A beautiful thick leaved evergreen shrub or vine. Will grow in either shady or sunny location. If planted near a wall, they make a low vine, and if planted in the open, they grow into a low spreading evergreen shrub. They bear bright orange-red berries in the autumn like the wild Bittersweet, the berries remaining on the plant the greater part of the winter. The plants also hold their beautiful green leaves all winter. 2-year-old plants, 50c each, postpaid.

English Ivy

HARDY ENGLISH IVY

A true evergreen climbing vine which retains its beautiful, broad, glossy, dark green leaves all winter. It is perfectly hardy in the open ground, and can be grown in the shade, near porches and foundations, where very few other plants will grow. It is a most desirable vine wherever a low or medium size vine is wanted; much used for cemetery work. It also makes an excellent house plant or tub plant for the porch. By pruning it will branch out and can easily be trained into fine globe, pyramid, and fan-shaped specimens. Choice pot plants, 24c each; 3 for 60c, postpaid.

MIDGET ROSE ROULETTI

Hardy Everblooming Rose for the Rock Garden or the House

Just imagine a full grown rose bush small enough to place beneath a water glass. The tiny buds are perfectly formed, opening into miniature double rose-pink flowers about the size of a dime. May be used as a pot plant or grown outside in the rock garden, or for edging around the rose garden and flower bed. It is perfectly hardy. Blooms all summer outdoors and the year around in the house. Strong plants, grown in pots, 30c each; 3 for 75c, postpaid.

Burgess' Hardy Roses

We grow only the very best of the hundreds of varieties of Roses that are on the market, and prove them in our cold Northern climate before offering them to our customers.

Our field grown stock is all Northern grown, to assure our customers of receiving the hardest type of plants. Northern stock is the only kind that should be planted in the North, and it will also give the utmost of satisfaction when planted in either the South or West.

Everblooming Hybrid-Tea Roses

These roses are the result of crossing the tender everblooming Tea Roses with the hardy Hybrid Perpetuals or "June Roses." These roses are hardy and of vigorous growth, but should be given winter protection in the Northern States by hilling the soil up around the plants to a depth of 6 or 8 inches and covering with loose clean straw or leaves. They have the size of flower and exquisite fragrance of the "June Rose," combined with the constant blooming qualities, delicate hints and rich bright colors of the "Tea" or Monthly Blooming Roses. In other words, they inherit the good points of both the Teas and Hybrid Perpetuals, and bloom continually from early summer until fall frosts set in.

CHARM. Bright, dark pink; long, pointed buds and enormous flowers having not less than 80 petals; long, rigid stems. Very fragrant; very few thorns; never subject to mildew.

COLUMBIA. Deep peach pink. Magnificent blossoms, often measuring six inches across; fragrance beyond description; almost thornless.

CRUSADER. Rich, velvety crimson; heavily petaled, big double blooms, on long stems, and deliciously fragrant. Robust, strong growing, free flowering and disease resisting.

EDITH NELLIE PERKINS. Very fine double flowers. Inside of petals salmon-pink; outside coppery-orange. Strong grower with few thorns.

E. G. HILL. Probably the largest red Hybrid Tea Rose yet produced; dazzling scarlet, shading to a deeper pure red as it develops. Very free flowering.

ETOILE de HOLLANDE. Magnificent, brilliant red flowers. Very fragrant and particularly free flowering.

FRANCIS SCOTT KEY. A most perfect and glorious Rose; very large; buds and blooms of noblest form; very double; rich, glowing scarlet with darker shadings; fragrant.

GRUSS AN TEPLITZ. This is one of the most useful of all roses for the lawn, succeeding under the most ordinary conditions. Grows freely to a height of 4 or 5 feet; hardy in all sections; vivid, dazzling, fiery crimson; sweetly fragrant; and is in bloom all the time.

JULIEN POTIN. Pointed buds of deep yellow. Cupped flowers of primrose borne on strong stems.

JOANNA HILL. Large bright yellow buds opening into a full flower of creamy yellow. Produced on long stems. A fine cut flower variety.

LADY MARGARET STEWART. Large exhibition bloom of perfect form. Golden yellow streaked orange and red.

LOS ANGELES. Bright pink tinged with red and shading to rich yellow at the base. Very free flowering and one of the most satisfactory outdoor roses.

MARGARET McGREDY. Large cupped flowers of solid orange-vermilion. Resistant to mildew and very hardy.

MME. JULES BOUCHE. Large fragrant white flowers shaded light blush at center. A strong grower and of free

Francis Scott Key

Edith Nellie Perkins

flowering habit.

MRS. CHAS. BELL. Sweetly perfumed bloom of shell pink. Strong bushy plant.

MRS. E. P. THOM. Slender yellow bud opens into well shaped bloom of bright canary-yellow. Vigorous grower.

MRS. G. A. VAN ROSSEM. An outstanding Rose of vivid color. Deep orange-apricot over a golden yellow ground.

MRS. HENRY BOWLES. Globular flowers of clear bright pink. A vigorous and free flowering variety. Highly recommended as one of the best pinks.

MRS. PIERRE S. DU PONT. Deep golden yellow; almost always a mass of bloom. Long, pointed buds; very lasting, fragrant flowers. A strong, vigorous grower.

OLYMPIAD. Long, pointed buds of fiery orange-scarlet, opening to oriental scarlet with golden yellow at base. Fragrant blooms; long stems; strong grower and free bloomer.

RED RADIANCE. A magnificent shade of cerise-red; does not fade.

SOUVENIR DE CLAUDIUS PERNET. A true everblooming, pure yellow Rose. Yellow throughout at all stages from exquisite bud to full open flower.

TALISMAN. Brilliant red and gold buds, opening to well shaped blooms of scarlet-orange and rich yellow.

PRICES

All Roses listed on this page are thrifty, Northern grown two-year-old, field grown plants.

Take your choice of the varieties offered on this page, at 60c each; 4 for \$1.80; or 10 for \$3.80, postpaid.

For younger Rose plants at lower prices, see page 99.

4 NEW ROSES

75c Each
4 for \$2.25

AMI QUINARD. Considered by many to be the best of the so-called Black Roses. Long pointed buds of deep velvety crimson-maroon. The lasting cup-shaped fragrant flowers are borne upright on good stems. The color is best if sheltered from the hot afternoon sun. 75c each, postpaid.

AUTUMN. For richness of color Autumn is unsurpassed by any other Rose. The flowers are burnt-orange suffused with bronzy-red over a ground of rich yellow, forming a color combination that no words can describe. A vigorous and healthy grower. 75c each, postpaid.

NEW PATENTED ROSES

The Roses listed under this heading are covered by the patent laws of the United States. Regulations covering the handling of patented Roses do not permit us to give any discount from the prices and we cannot make free replacements after the goods are delivered in growing condition. Our stock was obtained from the owners of the patent rights and is of the very highest quality. The following descriptions are furnished by the originators.

BETTER TIMES. Hybrid-Tea. Plant Patent No. 23. New. The brilliant cerise flowers are large, double and delicately fragrant. Being produced on long, strong stems, they are excellent for cutting; foliage is leathery, dark green; a very free full bloomer. Its success is indication of the name. \$1.50 each, postpaid.

BLAZE. Everblooming Climber. Plant Patent No. 10. Acclaimed by the nation and continues to be the most popular of all new climbing roses. The only hardy ever-blooming scarlet climber. Every one of the plants offered this season was propagated from blooming wood, in order to definitely and more quickly reproduce the everblooming quality in this rose. \$1.25 each, postpaid.

COUNTESSE VANDAL. Hybrid-Tea. Plant Patent No. 138. Today the most popular rose in America as well as in Europe. The long pointed buds, upright stems, richer coloring and larger size differentiate it from Edith Nellie Perkins. It also blooms more steadily. The color combination can hardly be described, a superposition of pink, copper, gold and salmon, producing a peculiar effect, changing as the bloom ages. \$1.00 each, postpaid.

MARY HART. Hybrid-Tea. Plant Patent No. 8. A striking red sport of Talisman. The bud is maroon-red, opening to well-formed blossoms of deep velvety blood-red with an over-

CALEDONIA. The most desirable white Rose. Exceptionally long pointed buds opening to very double, long lasting flowers. Free bloomer. 75c each, postpaid.

GOLDEN DAWN. An outstanding bedding rose brought to America from Australia. The massive lemon-yellow blooms, occasionally stained crimson, are deliciously fragrant and very double. Its sturdy growth and disease-resistant foliage make Golden Dawn one of the best yellow roses for garden planting. 75c each, postpaid.

SPECIAL ROSE OFFER.—One each of these four outstanding Roses for only \$2.25, postpaid.

glow of amber. Unlike most red Roses, Mary Hart does not wilt or dry out when cut, but opens perfectly. \$1.00 each, postpaid.

NIGRETTE. Hybrid-Tea. Plant Patent No. 87. The Black Rose of Sangerhausen. The cup-shaped flowers are intensely deep maroon with blackish velvet sheen and are deliciously fragrant. It is the darkest of Roses, appearing almost black from a little distance. The petals do not burn in the sun. The plant is continuously in bloom, spending most of its energy in forming blossoms. The sensation of the European Rose world. \$2.00 each, postpaid.

PRINCESS VAN ORANGE. Climbing Polyantha. Plant Patent No. 106. New sensational climbing sport of Gloria Mundi. It has strong growth and rich green foliage. The branches are literally covered with masses of blazing Gloria Mundi red flowers in polyantha-like trusses. The most talked of European climbing novelty in many years. \$1.25 each, postpaid.

TOKEN. Hybrid-Tea. Plant Patent No. 95. New. The full, double flowers are a single toned glowing orange; a unique color. It is a free bloomer and has an upright growth in the garden. The flowers are very lasting and are pleasing at all stages. The glossy foliage is disease-resistant. \$1.50 each, postpaid.

Hybrid Perpetual Roses

The Hybrid Perpetuals are hardier than the Hybrid Teas, and require but little care after once planted. Perhaps the most valuable of all hardy bushes for permanent planting, as they will succeed almost anywhere. Great numbers of people living in the Northern States think they cannot grow Roses on account of the severe winters, but Roses can be grown in any climate, provided the right kinds are planted. We have listed below sturdy, vigorous kinds, suitable for the North. They thrive in all sections and bloom profusely and regularly at the usual time and intermittently throughout the summer months.

AMERICAN BEAUTY. The famous rich glowing crimson Rose.

GENERAL JACQUEMINOT. Brilliant, velvety crimson.

JUBILEE. Deep velvety maroon-purple. Very large and free flowering.

MME. ALBERT BARBIER. Sometimes called the Yellow American Beauty. Large full double flowers of soft fawn-yellow blended with pinkish shades at the center, changing to creamy white with age. An unusual color for a rose in this class.

PAUL NEYRON. The largest rose ever produced, sometimes measuring six inches across; clear rose pink.

WHITE AMERICAN BEAUTY (Frau Karl Druschki). The best white rose ever produced; blooms continuously.

Select the Roses You Want at the Following Low Prices

Your choice of the above six Hybrid Perpetual Roses at 60c each; 4 for \$1.80; or 10 for \$3.80, postpaid. These Roses are thrifty, Northern field grown, two-year-old plants. For younger Rose plants at lower prices see page 99.

BURGESS SEED & PLANT CO., Galesburg, Michigan

Hardy Polyantha or Baby Roses

Baby Doll

(Dwarf Everblooming Roses)

The most truly everblooming of all Roses. They are practically never out of flower during the entire season.

Border your flower beds or garden walks with these delightful Roses and have a continuous mass of bloom from early spring until after frost. The growth is rapid and symmetrical, although dwarf in size, with an average height of less than 18 inches, which makes a most desirable combination for edgings and borders; unsurpassed for cemetery planting. Being perfectly hardy, low in growth and continuous bloomers, they are taking the place of Geraniums and other bedding plants, for once planted they are there to stay and increase in beauty yearly.

BABY DOLL. Buds and blooms are of perfect form and finish, resembling miniature tea roses. Exquisite for cutting. Makes a magnificent show in the open ground, always blooming from early spring until late fall. The tips of the petals are vivid scarlet, then mellow down through shades of pink into saffron, lavender and gold, finally into deep old gold, a combination extraordinary and pleasing.

ELLEN POULSEN. Dark, brilliant pink; sweet-scented.

GLORIA MUNDI. Double, lasting flowers of glowing orange-scarlet.

IDEAL. The brightest red Baby Rose.

KATHERINE ZEIMET (White Baby). Pure white.

PRICES Two-year-old, Northern field grown Roses of the above varieties will be delivered prepaid at 60c each; 4 for \$1.80; or 10 for \$3.80.

Ellen Poulsen

Hardy Eskimo Beauty Roses

The Rugosa roses and their Hybrids, commonly known as the Eskimo Beauties, are the hardiest race of roses in cultivation. They are not only suited to the coldest Northern States, but do equally as well in the South and West; in the mountains and at the sea shore; in fact they will grow most anywhere, requiring no care or protection and will adapt themselves perfectly in rough places and neglected corners of your yard. They are valuable for their resistance to insects, disease, blight, etc., and their ability to thrive under all sorts of adverse conditions, withstanding almost anything except prolonged drought or excessive moisture.

They make dense compact shrubs 4 to 6 feet in height and are very useful as well as ornamental both as specimen plants and in the shrubbery border. They are the most dependable of all roses and should be liberally planted.

A severe pruning immediately following the spring blooming period will bring an abundance of bloom through late summer and fall.

F. J. Grootendorst

AMELIE GRAVEREAUX. Large, full double, carmine-red flowers changing to "American Beauty" red as the blooms develop. A new variety and one of the finest of the Hybrid Rugosas. The flowers are produced in profusion during June and again in the fall.

BELLE POITEVINE. Full double flowers of bright rose produced in loose clusters and in flower continuously from June until frost. Its dense growth, good foliage, and extreme hardiness make it ideal for hedges.

F. J. GROOTENDORST (Everblooming Carnation Rose). Small, bright red, double fringed flowers produced in large clusters resembling bouquets of red carnations. Blooms profusely from spring until frost. A very vigorous plant, growing to a height of 6 feet. When kept trimmed to a height of about 4 feet it makes a fine everblooming hedge. A very desirable shrub, and we consider it the most dependable rose in existence.

PINK GROOTENDORST. A shell-pink flowered form of F. J. Grootendorst. Blooms throughout the season.

SIR THOMAS LIPTON. Flowers perfectly double; pure white; very fragrant; borne in profusion in the spring and sparingly through the summer and fall. Extremely hardy.

HUGONIS. While not of the Rugosa class, Hugonis is listed here because of its extreme hardiness. It is the first rose to bloom in the spring, producing a profusion of single canary-yellow flowers closely set along the entire length of every branch. One of the few yellow roses that does not fade.

Prices of 2-Year-Old Roses

All Roses listed on this page, except Agnes, will be delivered prepaid at 60c each; 4 for \$1.80; or 10 for \$3.80.

These Roses are all thrifty, Northern grown, two-year-old, field grown plants. For younger Rose plants at lower prices, see page 99.

New Yellow Hybrid Rugosa

AGNES. Coppery-yellow buds opening to ivory-yellow. A wonderful new variety developed by the Canadian Government and one of the hardiest. A fine double rose, richly fragrant and the only yellow Hybrid Rugosa. We can supply choice 2-year-old field grown plants at 75c each, postpaid.

Hardy Climbing Roses

These roses are necessary for the home, giving it a touch of beauty and calling forth more admiration than any other ornamental plants. They are used extensively for screening undesirable views of buildings and create most delightful and refreshing shade when used on porches, verandas, pillars and fences. All are hardy everywhere and require very little care and attention to produce an amazing profusion of exquisite hued blossoms.

CLIMBING AMERICAN BEAUTY. A sturdy, vigorous grower, absolutely hardy, throwing strong flowering canes in one season which are covered with dark, glossy foliage that is immune to disease and insects. The roses are 3 to 4 inches in diameter, are produced on individual stems, vivid rosy-crimson in color, and with the same delicious fragrance as the old American Beauty.

LE REVE. We consider this variety the best of all yellow climbers. Golden yellow buds open into bright yellow semi-double flowers. A profuse bloomer, and probably fades the least of any yellow climber.

MARY LOVETT. The finest of all hardy white climbers. Waxy-white, sweet scented, double flowers, 4 inches in diameter.

PAUL'S SCARLET CLIMBER. Full, double, scarlet flowers cover the entire bush in a solid vivid mass of flaming red. The petals do not fade like many climbing roses, but retain their bright color, and remain in bloom for from two to four weeks.

SPANISH BEAUTY (Mme. Gregoire Stachelin). A new type of climbing rose brought to this country from Spain. The long pointed buds are crimson, opening to iridescent pearl-pink splashed with carmine. Large semi-double flowers, often measuring 5 inches across, are borne on 12 to 15 inch stems. One of the earliest to bloom, free flowering and fragrant, a characteristic which is seldom found in hardy climbers. Flowers are followed by large attractive fruits. Vigorous grower; resistant to disease.

PRICES The above five varieties in thrifty, Northern grown, two-year-old, field grown plants, 60c each; 4 for \$1.80; 10 for \$3.80, postpaid.

Rambler Roses

The Ramblers are a class of climbing roses of vigorous habit which produce their flowers in clusters. While the individual blossoms are not large, the immense clusters are borne in great profusion, and make a gorgeous showing. You can use them on porches, arbors, arches, pergolas, clothes-posts, fences and old stumps of trees. Hardy everywhere.

BLUE RAMBLER (Vielchenblau). Flowers, rosy-lilac when opening, and changing to a metallic blue. Covers a large porch in a single season; very showy.

DOROTHY PERKINS. Flowers in large clusters; very double, with prettily crinkled petals; remarkably pretty pointed buds; beautiful clear shell pink in color, lasting a long time without fading. The best pink Rambler.

RED DOROTHY PERKINS (Excelsa). The most popular red Rambler; large clusters of rich scarlet.

WHITE DOROTHY. A pure white sport of the well-known Dorothy Perkins.

YELLOW RAMBLER (Goldfinch). Deep yellow buds borne in large clusters, opening into cream colored flowers with yellow centers. A strong grower and a free bloomer. Fragrant.

TAUSENDSCHOEN (Thousand Beauties). A climbing rose which produces on the same plant so many different colored flowers that it is impossible to describe the variations, hence the fitting name, "Thousand Beauties." Blooms profusely; double flowers in large clusters. The colors run from tender rose through the intermediate shades of bright rose and carmine, with white and yellow tints showing.

VIOLETTE. An improved form of Vielchenblau, producing large clusters of deep violet double flowers. 75c each; 3 for \$2.00, postpaid.

PRICES The above Rambler roses are thrifty, Northern grown, two-year-old, field grown plants, and all of them, with the exception of Violette, are delivered prepaid at 60c each; 4 for \$1.80; or 10 for \$3.80.

Climbing American Beauty

Everblooming Climbing Roses

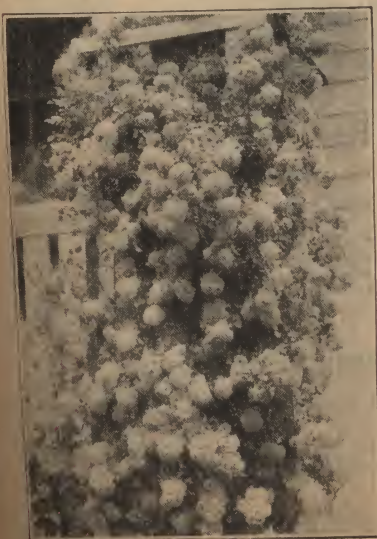

The Climbing Hybrid Tea roses are exactly like the bush roses of the same name, except that they grow in climbing or pillar form. They do not make as tall a vine as the ramblers and other thoroughly hardy climbers, but usually grow to a height of 5 to 6 feet, making a fine pillar rose. Usually given protection in winter and grown as a bush rose in severely cold climates.

CLIMBING COLUMBIA.

CLIMBING RED RADIANCE.

CLIMBING TALISMAN.

PRICES These three Everblooming Climbing roses, in thrifty, Northern grown, two-year-old, field grown plants, 75c each; 3 for \$2.00, postpaid.

Yellow Rambler

Pot Grown ROSES 12c to 25c Each

These roses are grown on their own roots in pots under glass. They are shipped in full leaf and may be transplanted any time after danger of frost. After they have been grown outside through the summer they are just as hardy as the field grown stock and should be treated in the same manner. Order with the rest of your stock and we will ship them as soon as it is safe to plant. For guarantee on pot plants see page 72.

We can furnish pot grown plants of the following varieties only, at 25c each: 3 for 45c; or 12 or more at 12c each, postpaid:

Ornamental and Flowering Shrubs

Butterfly Bush

The shrubs we offer are strong healthy field grown plants which, with ordinary care, should give the very best of satisfaction. Our prices are placed as low as possible and still give our customers the high-grade stock that has enabled us to build up our enormous business.

The 18 to 24 inch sizes are 2 and 3 years old while the larger sizes vary from 3 to 5 years of age. In order to meet present day demands for low priced stock we have also included a 12 to 18 inch grade. These are mostly of one and two years' growth and cannot be compared to the larger sizes which are older, but they are old enough to be easily transplanted and will give you an opportunity to landscape your premises at little cost. With each order we furnish complete instructions for planting.

Figures following variety names indicate approximately the height of the plant when approaching maturity.

ALTHEA (Rose of Sharon). 8 feet. Bloom profusely in late summer and early fall, when few other shrubs are in bloom. These are the color spots of fall, as Lilacs and Weigelas are of spring. We can supply the finest double flowered varieties in the following colors: **Lavender, Pink, Red, White.** 12 to 18 inches, 25c; 18 to 24 inches, 35c, postpaid. By express, not prepaid, 2 to 3 feet, 45c; 3 to 4 feet, 50c.

AMORPHA (False Indigo). 8 feet. Attractive deep violet-blue flowers in June; feathery foliage. The finest blue flowered shrub. 12 to 18 inches, 25c; 18 to 24 inches, 40c, postpaid. By express, not prepaid, 2 to 3 feet, 50c; 3 to 4 feet, 60c.

BARBERRY, Japanese (*Berberis Thunbergii*). 4 feet. Beautiful shrub of neat, dense growth, with graceful drooping branches. Yellow flowers, followed by scarlet berries in fall and winter. Fine for planting along drives and walks. As a hedge plant, it needs no trimming.

12 to 18 inches, 2-year-old plants, 20c each; 5 for 90c; 10 for \$1.70, postpaid. By express, not prepaid, 25 for \$2.00; 100 for \$7.00.

18 to 24 inches (transplanted), 4-year-old plants, by express, not prepaid, 25c each; 5 for 90c; 10 for \$1.60; 25 for \$3.50; 100 for \$12.00.

24 to 30 inches (transplanted), 4-year-old plants, by express, not prepaid, 30c each; 5 for \$1.20; 10 for \$2.20; 25 for \$4.75; 100 for \$17.00.

RED-LEAVED JAPANESE BARBERRY. 4 feet. Like the green-leaved Japanese Barberry except that the color is of a rich, lustrous, bronzy red, similar to the richest red-leaved Japanese Maples. If planted in a sunny situation, the coloring becomes more brilliant and gorgeous as the season advances, and in the fall its foliage changes to vivid orange, scarlet and red shades. Brilliant, scarlet berries remain on the plant the entire winter. 1 to 1½ feet, 30c each; 5 for \$1.25; 10 for \$2.25; 25 for \$4.00, postpaid. 1½ to 2 feet, by express, not prepaid, 45c each; 5 for \$2.00.

KOREAN BARBERRY. 6 feet. A new Barberry of exceptional merit. The upright growth permits its use in many locations where the common Japanese type will not fit. 18 to 24 inch, 3-yr.-old plants, 50c each, postpaid. By express, not prepaid, 25c each; 6 for \$1.25; 12 for \$2.25.

The Columnberry can be trimmed in globe, fan-shaped, shapes of animals, etc., the same as Boxwood.

Columnberry Before Trimming and After Trimming

Columnberry, the Ready Made Hedge

The new Truehedge Columnberry (*Berberis Thunbergii Pluriflora Erecta*) has revolutionized hedge making. Its natural habit of growth forms a compact upright hedge closely resembling the famous Boxwoods of the East and South. A satisfactory substitute for columnar shaped Evergreens in locations that are bothered by dogs. By planting the larger size and giving it a slight pruning to even it up, you will at once have a hedge equal to the common Japanese Barberry that has been planted for 2 or 3 years. Sold under U. S. Plant Patent No. 110 at the following prices: 12 to 15 inch, 2 yr., 45c each, postpaid. By express, not prepaid, 5 for \$1.60; 25 for \$6.75; 100 for \$25.00. 24 to 30 inch, 70c each; 5 for \$3.00; 25 for \$13.75; 100 for \$50.00.

New Butterfly Bush, Ile de France

This new French variety produces blooms of deep violet-purple. The most perpetual bloomer and one of the finest of all shrubs; flowers from early summer until severe frosts. A single plant the first season will throw out as many as 50 flower spikes, which increase greatly in number during succeeding years. The plants grow 4 to 6 feet high and attract butterflies by the hundreds. 2-yr.-old stock, 18 to 24 inches high, 50c each, postpaid.

BUDDLEIA MAGNIFICA. The common Butterfly Bush is like the above except for color which is soft lilac. 1 to 2 feet, 40c each, postpaid. By express, not prepaid, 2 to 3 feet, 50c; 3 to 4 feet, 60c.

Althea (Rose of Sharon)—25c Each

NEW BEAUTY BUSH

(*Kolkwitzia Amabilis*)

An exceedingly handsome ornamental shrub which has come to us from the wilderness of China. It grows 6 to 9 feet tall, with the inner stems erect or ascending and the outer ones arching to the ground, the whole plant forming a dome-shaped mass. The flowers are produced along the entire length of the branches in clusters at the ends of short leafy shoots. They are tubular with a gaping mouth, deep pink with yellow-brown throat and lip. The immense clusters of flowers are produced in great abundance, and in June the whole bush is a shower of pure pink. The flowers are followed by curious cobwebby fruits. The graceful habit of the plant, its free-flowering qualities and pleasing color, combined with perfect hardiness, make this one of the most beautiful and useful shrubs. 12 to 18 inches, 60c; 18 to 24 inches, 75c, postpaid. 2 to 3 feet, by express, not prepaid, 85c.

CALYCANTHUS Floridus (Sweet Scented Shrub). 6 feet. A unique shrub of upright growth; large glossy leaves; odd, double, spicily fragrant flowers of mahogany red; blooms in June and at intervals thereafter. 12 to 18 inches, 40c; 18 to 24 inches, 60c, postpaid. 2 to 3 feet, by express, not prepaid, 70c.

CORAL BERRY or **INDIAN CURRANT**. 4 feet. Graceful shrub; flowers light pink, followed by clusters of bright red berries, which remain on the branches until late in the winter. Very ornamental. 12 to 18 inches, 25c; 18 to 24 inches, 35c, postpaid. By express, not prepaid, 2 to 3 feet, 45c; 3 to 4 feet, 55c.

CYDONIA JAPONICA (Japanese Quince). 7 feet. Spreading, compact shrub; completely covered with dazzling scarlet flowers, very early in the spring, followed by small, quince-shaped fruits which are quite fragrant. Glossy foliage. 12 to 18 inches, 25c; 18 to 24 inches, 40c, postpaid. 2 to 3 feet, by express, not prepaid, 60c.

Beauty Bush, photo furnished us by Courtesy
Arnold Arboretum, Harvard University

Cornus or Dogwood

The Dogwoods are valuable for their handsome variegations of foliage in Summer, brilliancy of fruits in Fall, and highly colored barks in Winter. All varieties do well in sun or shade. May be used to advantage in shrub groups. For the flowering tree Dogwoods see page 107.

GOLDEN-BRANCHED (*Lutea*). 6 feet. A broad bush with bright yellow bark. Strikingly conspicuous when combined with the red barked varieties. Small white flowers; white berries. Very attractive. 12 to 18 inches, 25c; 18 to 24 inches, 40c, postpaid. By express, not prepaid, 2 to 3 feet, 50c; 3 to 4 feet, 60c.

RED-BRANCHED (*Siberica*). 8 feet. Bright coral-red bark. Yellowish white flowers in Spring and a profusion of bluish white berries in the Fall. 12 to 18 inches, 25c; 18 to 24 inches, 40c, postpaid. By express not prepaid, 2 to 3 feet, 50c; 3 to 4 feet, 60c.

VARIEGATED-LEAVED (*Elegantissima Variegata*). 8 feet. One of the finest variegated shrubs. The dark green leaves are broadly margined and blotched white; small white flowers in clusters, followed by black berries which remain a long time; brilliant red bark. 12 to 18 inches, 35c; 18 to 24 inches, 50c, postpaid. By express, not prepaid, 2 to 3 feet, 60c; 3 to 4 feet, 70c.

Deutzia Pride of Rochester
(25c Each)

Deutzia

Pride of Rochester. 8 feet. One of the finest shrubs; a vigorous upright grower; very double, bell-shaped flowers borne in great profusion during the month of June. Flowers white, tinged rose. Excellent contrast where grouped with *Weigela Eva Rathke*. 12 to 18 inches, 25c; 18 to 24 inches, 40c, postpaid. By express, not prepaid, 2 to 3 feet, 50c; 3 to 4 feet, 60c.

Elsholtsia

The last shrub to bloom in the fall. Grows 5 feet high and covered with spikes of lilac-purple flowers during September and October. Similar in growth to the *Butterfly Bush*. One-year-old shrubs, 25c.

HYPERICUM (Gold Flower)

2½ ft. Bright golden yellow flowers two inches or more across. Fern-like foliage on purplish arching stems. A prolific bloomer and a shrub that will do well in partial shade. 12 to 18 inches, 35c; 18 to 24 inches, 50c, postpaid. By express, not prepaid, 2 to 3 feet, 60c.

Forsythia Spectabilis
(35c Each)

Forsythia (Golden Bell)

The Forsythias are beautiful shrubs with golden yellow flowers that appear very early in the spring, before the leaves, frequently while the ground is still covered with snow. Branches cut off in winter and put in a vase of water will bloom in the house. We can supply the following three varieties:

FORTUNEII. 10 feet. The old popular variety. 12 to 18 inches, 25c; 18 to 24 inches, 35c, postpaid. By express, not prepaid, 2 to 3 feet, 45c; 3 to 4 feet, 55c.

SPECTABILIS. 10 feet. The showiest of all Forsythias. The branches are so densely covered with the golden yellow flowers that the wood is scarcely visible. 12 to 18 inches, 35c; 18 to 24 inches, 45c, postpaid. By express, not prepaid, 2 to 3 feet, 55c; 3 to 4 feet, 65c.

WEeping (*Suspensa*). 8 feet. Graceful, long, slender, drooping branches, with long sprays of golden yellow flowers. 12 to 18 inches, 25c; 18 to 24 inches, 35c, postpaid. By express, not prepaid, 2 to 3 feet, 45c; 3 to 4 feet, 55c.

Purple Fringe (Smoke Tree)
(50c Each)

Hydrangea Hills of Snow
(35c Each)

Hydrangea Paniculata Grandiflora (35c Each)

PURPLE FRINGE (Smoke Tree)

15 feet. The Purple Fringe or Smoke Tree (*Rhus Cotinus*) is a conspicuous spreading shrub or small tree; overhung in mid-summer by mist-like clouds of tiny flowers. These billowing panicles of light lavender give the impression of smoke at a distance. One of the most beautiful of all large shrubs. Can be grouped with other shrubs or used as a lawn specimen. 12 to 18 inches, 50c; 18 to 24 inches, 65c, postpaid. By express, not prepaid, 2 to 3 feet, 80c; 3 to 4 feet, 95c.

Honeysuckles

TARTARIAN PINK. 12 feet. A large, handsome bush. Loaded with pink flowers in the spring, followed by red berries during the summer and fall. 12 to 18 inches, 25c; 18 to 24 inches, 35c, postpaid. By express, not prepaid, 2 to 3 feet, 45c; 3 to 4 feet, 55c.

TARTARIAN WHITE. 12 feet. White flowered variety of above. 12 to 18 inches, 25c; 18 to 24 inches, 35c, postpaid. By express, not prepaid, 2 to 3 feet, 45c; 3 to 4 feet, 55c.

TARTARIAN RED. 12 feet. Red flowered form of above. 12 to 18 inches, 25c; 18 to 24 inches, 35c, postpaid. By express, not prepaid, 2 to 3 feet, 45c; 3 to 4 feet, 55c.

MORROWII (Japanese Bush Honeysuckle). 8 feet. A broad, spreading bush; pure white flowers which change to yellow tones, followed by a multitude of blood-red berries which furnish the most thrilling spectacle among summer-fruiting shrubs. 12 to 18 inches, 25c; 18 to 24 inches, 35c, postpaid. By express, not prepaid, 2 to 3 feet, 45c; 3 to 4 feet, 55c.

Tartarian Bush Honeysuckle
(25c Each)

Hydrangeas

Hills of Snow. 5 feet. The earliest blooming Hydrangea, flowering from June until August; large balls of beautifully formed flowers of dazzling whiteness. A magnificent shrub which does well in either shady or sunny places. 12 to 18 inches, 35c; 18 to 24 inches, 45c, postpaid. By express, not prepaid, 2 to 3 feet, 60c; 3 to 4 feet, 70c.

Paniculata Grandiflora. 9 feet. One of the most popular shrubs; blooms from August until autumn, after which the blooms may be dried for winter bouquets. Immense pyramidal panicles of bloom a foot long, white at first, but gradually turning to rose color. Will blossom the same year they are set out. 12 to 18 inches, 35c; 18 to 24 inches, 45c, postpaid. By express, not prepaid, 2 to 3 feet, 60c; 3 to 4 feet, 70c.

For indoor Hydrangeas, see page 79.

Winged Burning Bush

(*Euonymus Alatus*)

6 feet. A handsome shrub, usually broader than high, and most regular in outline. The outstanding characteristics are its winged branches, coming from the plant in horizontal planes, and its peculiar corky bark. Yellow-red flowers in June. The bright green leaves change in Autumn to deep rose, a color unusual among shrubs. Particularly handsome in Fall with its brilliant foliage and small, scarlet fruits. Best used as a specimen as its horizontal grace is lost in mass planting. 12 to 18 inches, 60c; 18 to 24 inches, 80c, postpaid. By express, not prepaid, 2 to 3 feet, \$1.00; 3 to 4 feet, \$1.25.

Lace Bush

(*Stephanandria Flexuosa*.) 5 feet. A fine shrub with very ornamental, feathery, fern-like foliage, deep green in Summer and bronze-red in Autumn. Branches, spreading and drooping. Cream colored flowers in June. A handsome shrub which should be extensively used in the shrubbery border and other landscape work. 12 to 18 inches, 40c; 18 to 24 inches, 60c, postpaid. 2 to 3 feet, by express, not prepaid, 75c.

If You Want 12 or More Shrubs See Special Discounts on Page 105

French Hybrid Lilacs

The hybrid Lilacs listed below differ from the common Lilacs in that their flower clusters are much larger and fragrance more entrancing. The plants themselves are more dwarf and bushy, usually reaching a height of 6 to 8 feet, and do not sucker or sprout from the roots. A much greater range of color runs through the varieties of hybrids than may be found in the common varieties.

CHARLES X. Large trusses of single flowers; rich purple, with a tinge of lavender and red. The finest of its color.

CONGO. Immense trusses of deep wine-red flowers. The best of its color and one of the most popular varieties.

MARIE LE GRAYE. Large panicles of single, pure glistening white flowers in great profusion; a wonderful white variety.

PRESIDENT GREVVY. The most popular blue variety. A profuse bloomer; magnificent panicles of large double lilac-blue flowers, very fragrant.

PRICES We can supply choice plants of the above named varieties of French Hybrid Lilacs, 12 to 18 inches, 40c; 18 to 24 inches, 60c each, postpaid: By express, not prepaid, 2 to 3 feet, 80c each; 3 to 4 feet, \$1.00 each.

COMMON LILACS

COMMON PURPLE. 12 feet. The well known old-fashioned Lilac. Fragrant, lilac-colored flowers in May. 12 to 18 inches, 25c; 18 to 24 inches, 40c, postpaid. By express, not prepaid, 2 to 3 feet, 60c; 3 to 4 feet, 75c.

COMMON WHITE. 9 feet. Pure white, single flowers; fragrant. 12 to 18 inches, 25c; 18 to 24 inches, 40c, postpaid. By express, not prepaid, 2 to 3 feet, 60c; 3 to 4 feet, 75c.

PERSIAN. 9 feet. Very graceful, drooping branches; does not sucker or sprout from the roots. Single, light lavender, loosely arranged flowers; beautiful for cutting. 12 to 18 inches, 25c; 18 to 24 inches, 40c, postpaid. By express, not prepaid, 2 to 3 feet, 60c; 3 to 4 feet, 75c.

Philadelphus Virginialis (35c Each)

Lilac Marie Le Graye (40c Each)

PRIVET

Besides being one of our best hedge plants, the Privets form interesting groups on the lawn, and make richly green foliage backgrounds against foundation walls. Useful in shaded places. To plant a single row, set them about 9 inches apart; for a double row, about 18 inches apart each way and alternately.

AMOR RIVER. Hardy northern type; will withstand 40 degrees below zero without injury. Bright green, somewhat lustrous leaves; fragrant white flowers followed by blue-black berries. 1½ to 2 feet, 25c each, postpaid; or 10 for \$1.00; 25 for \$2.00; 100 for \$7.50, by express, not prepaid.

CALIFORNIA. The finest of all Privets for localities where the winters are not too severe. Shiny, dark green, leathery foliage. 1½ to 2 feet, 25c each, postpaid; or 10 for 80c; 25 for \$1.50; 100 for \$5.00, by express, not prepaid.

REGAL. An extremely hardy type with dark shiny leaves. The branches spread horizontally instead of upright as in other privets. A graceful drooping plant suitable for informal hedges and especially adapted to foundation planting. 1½ to 2 feet, 35c each, postpaid; or 10 for \$2.00; 25 for \$4.25; 100 for \$15.00, by express, not prepaid.

Philadelphus, Syringa or Mock Orange

CORONARIUS. 8 feet. An old variety, but one of the finest for grouping and specimen planting. Beautiful white flowers in early summer; probably the most fragrant of all shrub blossoms. Fine for cutting. 12 to 18 inches, 25c; 18 to 24 inches, 35c, postpaid. By express, not prepaid, 2 to 3 feet, 50c; 3 to 4 feet, 60c.

VIRGINALIS (Double Syringa). 6 feet. A magnificent variety. The flowers are double and the largest and most striking of all varieties; often measure two inches or more in diameter, very fragrant and excellent for cutting. It has a long blooming season, making its best display of flowers in May and June, and continues to blossom into the fall. One of the most desirable shrubs for the border and for foundation plantings. Many who have seen it, declare it to be the most beautiful white flowered shrub that has been introduced within the last quarter of a century. 12 to 18 inches, 35c; 18 to 24 inches, 50c, postpaid. By express, not prepaid, 2 to 3 feet, 65c; 3 to 4 feet, 80c.

AUREA (Golden Syringa). 5 feet. Golden-yellow foliage; white flowers. The best golden-leaved shrub and one of the few that will hold its color when planted in the shade. When dotted at intervals along the shrub border they add life and character to the planting; also valuable for grouping and foundation planting. 12 to 18 inches, 50c; 18 to 24 inches, 65c, postpaid.

Philadelphus Coronarius (25c Each)

Common Snowball (*Viburnum Sterilis*)—25c Each

Mayflower Viburnum (Pink Flowered Snowball)

The Fragrant Mayflower Viburnum Carlesii (Pink Flowered Snowball) is one of the earliest shrubs to bloom in the spring. It is a dwarf, compact shrub, growing to a height of about 4 feet, with beautiful silvery-green foliage. The large, globular clusters of beautiful flowers, which completely cover the bush in May, are white tinged with pink, and have the fragrance of the trailing arbutus. This shrub is considered by the Arnold Arboretum of Harvard University as Korea's great gift to our gardens. Entirely hardy, but does best in a somewhat sheltered position. 12 to 18 inches, \$1.00; 18 to 24 inches, \$1.25, postpaid. By express, not prepaid, 2 to 3 feet, \$1.50.

Spirea Van Houttei (Bridal Wreath)
(25c Each)

Spirea, Anthony Waterer (40c Each)

SNOWBALL

COMMON SNOWBALL (*Viburnum Sterilis*). 12 feet. A well-known favorite shrub with globular clusters of pure white flowers. Most attractive for Decoration Day, as they are usually in full bloom at that time. 12 to 18 inches, 25c; 18 to 24 inches, 40c, postpaid. By express, not prepaid, 2 to 3 feet, 60c; 3 to 4 feet, 70c.

JAPANESE SNOWBALL (*Viburnum Plicatum*). 8 feet. Erect, compact growing; purple tinted foliage of beautiful pattern, spangled with perfect ovoid corymbs of purest white in June. 12 to 18 inches, 40c; 18 to 24 inches, 60c, postpaid. By express, not prepaid, 2 to 3 feet, 80c; 3 to 4 feet, \$1.00.

Sweet Pea Shrub

An extremely hardy shrub or small tree from Siberia. Sometimes called Siberian Pea Tree. Grows to a height of 15 feet. Handsome green colored bark; dainty, yellow, pea-like flowers cover the tree in May or June. By trimming it can easily be trained to grow in any shape desired, such as globe, pyramid and fan-shaped specimens. 12 to 18 inches, 25c; 18 to 24 inches, 35c, postpaid. By express, not prepaid, 2 to 3 feet, 50c; 3 to 4 feet, 65c.

Snowberry

(*Symphoricarpos Racemosus*). 5 feet. A beautiful shrub with pinkish-white flowers in loose racemes, in summer, followed by clusters of snow-white berries, which remain on the branches until way into the winter. 12 to 18 inches, 25c; 18 to 24 inches, 35c, postpaid. By express, not prepaid, 2 to 3 feet, 50c; 3 to 4 feet, 60c.

SPIREAS

ANTHONY WATERER (Perpetual Blooming Red). 2½ feet. Handsome round bush, 2½ to 3 feet in height and width. Begins to bloom in early summer, and if the dead blossoms are picked off, it will continue blooming until late in the fall. Bright red flowers in large clusters, all over the bush. The most popular of all red flowered shrubs. 12 to 18 inches, 40c, postpaid. 18 to 24 inches, heavy, by express, not prepaid, 50c.

AUREA (Golden Spirea). 8 feet. Of similar habit to Spirea Van Houttei; golden yellow foliage. One of the finest yellow-leaved shrubs. 12 to 18 inches, 25c; 18 to 24 inches, 35c, postpaid. By express, not prepaid, 2 to 3 feet, 45c; 3 to 4 feet, 55c.

BILLARDI ROSEA. 6 feet. A grand shrub for planting in masses, and makes a wonderful cut flower. Spikes of beautiful pink flowers from July to October. 12 to 18 inches, 25c; 18 to 24 inches, 40c, postpaid. By express, not prepaid, 2 to 3 feet, 50c; 3 to 4 feet, 60c.

BLUE SPIREA. The Blue Spirea (*Caryopteris Mastacanthus*) is a most attractive shrubby border plant, which is covered with umbels of beautiful lavender-blue flowers from September until frost. The tops die back each winter and new branches come up each spring, in about the same manner as the Butterfly Bush. In about the height the first season. A choice plant which is easily grown, but needs some winter protection in the North. 45c each; 3 for \$1.25, postpaid.

PROBELI (Perpetual Blooming Pink). 3 feet. Covered with clusters of beautiful pink flowers in June, and then blooms less abundantly throughout the remainder of the summer and fall. A handsome round shrub, about six inches taller than Spirea Anthony Waterer. 12 to 18 inches, 25c; 18 to 24 inches, 40c, postpaid. 2 to 3 feet, by express, not prepaid, 50c.

VAN HOUTTEI. 7 feet. A leader among shrubs and a beautiful ornament at all seasons. Sometimes called Bridal Wreath. A round and graceful bush with arching branches, covered with white flowers in the spring. No doubt one of the most useful of all shrubs. 12 to 18 inches, 25c; 18 to 24 inches, 35c, postpaid. By express, not prepaid, 2 to 3 feet, 40c; 3 to 4 feet, 50c.

Snowberry (25c Each)

If You Want 12 or More Shrubs See Special Discounts on Page 105

Bush Bittersweet

(*Euonymus Europaeus*). 15 ft. Large, erect shrub; yellow flowers in nodding clusters in May, followed by rose colored berries. In the fall the berries open to display the orange colored seeds in the same manner as the common Bittersweet or Celastrus, and hang on until mid-winter. The leaves turn crimson-scarlet in fall. 12 to 18 inches, 35c; 18 to 24 inches, 50c, postpaid. By express, not prepaid, 2 to 3 feet, 60c; 3 to 4 feet, 70c.

Fern-Leaved Sumac

Rhus, Typhina Laciniata. 10 feet. Beautiful fern-like foliage of deep green, which, in the fall, turns to shades of golden yellow and brilliant red. Especially effective if placed in the rear of lower shrubs. Flowers are borne during June and July in dense terminal panicles, followed by red fruits which are attractive in the autumn and winter. Extremely hardy; will thrive in any soil, even in dry, barren spots where little else will grow. 12 to 18 inches, 25c; 18 to 24 inches, 35c, postpaid. By express, not prepaid, 2 to 3 feet, 45c; 3 to 4 feet, 60c.

ROSE ACACIA

(*Robinia Hispida*). 8 ft. One of the most striking of all spring flowering shrubs. The pea-shaped flowers of rose-purple are produced in May and June in loose panicles giving the impression of a cluster of sweet peas. 12 to 18 inches, 30c; 18 to 24 inches, 40c, postpaid. By express, not prepaid, 2 to 3 feet, 50c; 3 to 4 feet, 70c.

12 Shrubs for \$2.15, 5 for \$1.00

Tamarix (Feather Tree)

AFRICANA. 10 feet. Fine feathery foliage like that of Juniper. Delicate pink flowers, borne profusely on graceful drooping branches, which have red bark. Hardy and will thrive in almost any situation; will do well in the poorest, dry, sandy soil. A beautiful shrub. 12 to 18 inches, 25c; 18 to 24 inches, 35c, postpaid. By express, not prepaid, 2 to 3 ft., 50c; 3 to 4 ft., 60c.

HISPIDA (Spanish Tamarix). 4 ft. A densely bushy shrub. Flowers bright coral-pink, produced in extra large upright panicles in mid-summer. Finely feathered foliage. A very striking shrub both in and out of bloom. 12 to 18 inches, 25c; 18 to 24 inches, 35c, postpaid. By express, not prepaid, 2 to 3 ft., 50c; 3 to 4 ft., 60c.

Weigela

EVA RATHKE. 5 feet. An extremely showy variety; large, brilliant, crimson flowers completely cover the whole plant during early summer, and continues to bloom on the new growth through the summer and autumn months. One of the finest flowering shrubs. 12 to 18 inches, 30c; 18 to 24 inches, 40c, postpaid. By express, not prepaid, 2 to 3 ft., 50c; 3 to 4 ft., 60c.

ROSEA. 5 feet. Deep pink bell-shaped flowers in great profusion during June. An elegant and most popular shrub. Thrives in sun or shade. 12 to 18 inches, 25c; 18 to 24 inches, 35c, postpaid. By express, not prepaid, 2 to 3 ft., 45c; 3 to 4 ft., 55c.

VARIEGATED. 4 feet. Leaves variegated, green, yellow and pink. Flowers delicate rose and pink. A charming shrub. 12 to 18 inches, 30c; 18 to 24 inches, 40c, postpaid. By express, not prepaid, 2 to 3 ft., 50c; 3 to 4 ft., 60c.

French Pussy Willow

10 feet. Not the wild pussy willow but a cultivated variety that has made a sensation wherever it has been shown. Branches of this variety have been selling at retail during the winter months in cities at from \$1.00 to \$2.00 per dozen. You Can Grow Them on Your Own Lawn. Enjoy these dainty silvery flowers every winter. A beautiful round shrub in summer. Wherever you have room for a Lilac or Snowball, you have room for a Pussy Willow. Use them for tall screens or back-grounds. Cut the ends of the branches in January or February. Place them indoors in a vase of water. Watch them unfold their large catkins of silvery pink, from 1 to 2 inches long. They will repay you many times their cost in pleasure. 12 to 18 inches, 25c; 18 to 24 inches, 35c, postpaid. By express, not prepaid, 2 to 3 ft., 45c; 3 to 4 ft., 55c.

SPECIAL PRICES ON LARGE SIZE SHRUBS

To those who order large shrubs in dozen lots, we can make the following prices:

45c and 50c Shrubs.....	\$4.00 per doz.	65c and 70c Shrubs.....	\$6.00 per doz.
55c and 60c Shrubs.....	\$5.00 per doz.	75c to 80c Shrubs.....	\$7.00 per doz.

The above prices are for shrubs listed on pages 100, 101, 102, 103, 104 and 105 only, and do not apply to plants listed on other pages. You may select the varieties you want from the above named six pages, but your order must be for one dozen or more of the shrubs quoted at the above prices in order for you to take advantage of this offer. Shrubs are sent by express, not prepaid, when ordered at these special dozen rates.

Ornamental and Shade Trees

Our list of trees includes the most popular and useful varieties for lawn adornment and street planting. Our large size trees are strictly high grade and will, we are sure, please the most critical buyer. You will notice that we also offer mailing size trees of most varieties, which enables our customers to get a nice lot of trees started at very little expense. Quality considered, our prices are exceedingly low.

Catalpa Bungei (\$1.00 Each)

AILANTHUS (Tree of Heaven). 60 feet. An extremely rapid grower with brilliant green Tropical-like foliage. Thrives under the worst of city conditions, smoke, etc., and in soil where other trees would perish. 6 to 8 feet, 95c each, not prepaid. 2 to 3 feet, 40c, postpaid.

MOUNTAIN ASH 25 feet. A medium-sized tree of unusual beauty, with fern-like leaves. The clusters of white flowers in spring are followed by large bunches of very ornamental, showy, red berries. In fall the foliage turns to beautiful orange and red colors. An exceptionally fine ornamental tree for the lawn. 8 to 10 feet, \$1.25 each, not prepaid. 2 to 3 feet, 40c, postpaid.

Cut-Leaved Weeping Birch

WEeping BIRCH

CUT-LEAVED WEEPING. 40 feet. Its tall, slender, yet vigorous growth, graceful drooping habit, silvery white bark and delicately cut foliage present a combination of attractive characteristics rarely met with in a single tree. Very popular for single lawn specimens or groups of three or four trees; the white bark of trunk and twigs gleaming conspicuously among the darker greens and browns. 6 to 8 feet, \$2.00 each, not prepaid.

PURPLE-LEAVED WEEPING. A magnificent ornamental shade tree, which is identical to that of the White Birch, except that the foliage is purplish-red instead of green. With its pure white bark and drooping branches, and its brilliantly colored foliage, it is without doubt the most elegant of all large trees. Grows 30 to 40 feet in height. It is a tree that is entirely hardy, and one or more planted among the green-leaved trees presents a beautiful color contrast. The supply of this rare tree is very limited. We are fortunate in owning practically all the salable size stock in America, and can guarantee our trees to be the genuine. 5 to 6 feet, \$2.50, not prepaid.

Bechtel's Double Flowering Crab

Flowering Crabs

BECHTEL'S DOUBLE FLOWERING. 15 feet. A fine, small flowering tree which, when in bloom, presents the appearance of being covered with delicate pink roses, scenting the atmosphere for a long distance with a perfume surpassing the fragrance of the Tea Roses. The cut blossoms have often been taken for roses. The ideal lawn tree for the small yard. 3 to 4 feet, 85c; 4 to 6 feet, \$1.15, not prepaid. 1½ to 3 feet, 80c, postpaid.

ELEYI. 15 feet. A beautiful variety of the popular flowering crab. The young shoots are fuzzy, with rich purplish-red foliage rivaling the Japanese Maple. The flowers are of brilliant red color and produced in large clusters like apple blossoms. In autumn the dark red edible fruits hang in pendant clusters. One of the most gorgeous of the small ornamental trees. 3 to 4 feet, \$1.00; 4 to 6 feet, \$1.25, not prepaid. 1½ to 3 feet, 90c, postpaid.

Japanese Flowering Cherries

DOUBLE PINK. 20 feet. A charming small tree with branches completely covered by a mass of large, double, blush-pink flowers in early spring. 4 to 6 feet, \$2.25, not prepaid. 2 to 3 feet, \$1.00, postpaid.

DOUBLE WHITE. 20 feet. One of the most beautiful of ornamental flowering trees. Large, double, white flowers in early spring. 4 to 6 feet, \$2.25 each, not prepaid. 2 to 3 feet, \$1.00, postpaid.

JAPANESE WEEPING. 12 feet. The finest of all weeping flowering trees. A mass of beautiful rose-colored blossoms in early spring, giving the tree the appearance of being buried beneath a wealth of exquisite color and fragrance. 5 to 6 feet, \$4.00 each, not prepaid.

Japanese Weeping Cherry

Catalpa

BUNGEI (Umbrella Catalpa). 10 feet. Budded on straight, heavy stems, it makes an umbrella-shaped top without pruning. Flourishes in all soils and climates. Leaves large, heart-shaped, deep green, lying like shingles on a roof, always making a symmetrical head. Usually set in pairs on opposite sides of walk, entrance, etc. 5 to 6 feet, \$1.00 each, not prepaid.

SPECIOSA. 60 feet. A rapid growing shade tree. Large, heart-shaped leaves. Large panicles of flowers; white, tinged violet, dotted purple and yellow. Grown extensively for fence posts, on account of rapid, straight growth and durability. Very ornamental. 6 to 8 feet, 60c; 8 to 10 feet, 80c, not prepaid. 2 to 3 feet, 40c, postpaid.

One year seedlings, for growing posts, 50 for \$1.25 or 100 for \$2.00, postpaid; by express, not prepaid. 300 for \$3.50; 1,000 for \$10.00.

Plant a CHINESE ELM This Spring

The Most Rapid Growing of All Fine Shade Trees

ELM, Chinese. As beautiful as the American Elm and has the advantage of being a rapid grower. Grows as rapidly as the Cottonwood and the Poplars, and, being a tree without faults, is rapidly replacing other quick growing trees. The picture shown on this page is from a photograph taken 6 years after planting, the trunk of the tree measuring 34 inches in circumference 18 inches from the ground. If set at the same time as American Elms, the Chinese Elms will attain a height of 15 feet when the American Elms are growing only 5 feet. In other words, you need not wait 15 to 20 years for shade, as Chinese Elms will give luxurious shade in 5 to 6 years. With no other desirable tree can new homes enjoy the luxury of cool shade in such a short time. The Chinese Elm is a tree of rare beauty; has dense, dark green foliage; is the first shade tree to put out leaves in the spring and the last to shed them in the fall, adding 3 to 5 weeks to its usefulness. Thrives on either rich or poor soil, resists drought and cold, and makes a fine showing even if neglected. It succeeds in all parts of the United States, including both the cold and semi-arid regions, and thrives everywhere except on low, wet ground. Being resistant to alkali, it will thrive in the western plains where few other trees will survive. It has also proven successful at high altitudes. It is bound to take its place as one of the most popular lawn and street trees in America. Our stock is the Northern China strain. 6 to 8 feet, \$1.50; 8 to 10 feet, \$2.00; 10 to 12 feet, \$2.50, not prepaid. 2 to 3 feet, 45c each; 3 for \$1.00; 7 for \$2.00, postpaid.

Chinese Elm Hedge

The Chinese Elm makes a very desirable hedge or windbreak. Plant close together and allow the branches to grow low on the trunk. 2 to 3 feet, 25 for \$6.00; 100 for \$20.00, prepaid.

American Elm

80 feet. One of our grandest shade trees. Unexcelled for planting near buildings, as its lofty branches permit air to circulate and grass to grow underneath. 8 to 10 feet, \$1.40 each, not prepaid. 2 to 3 feet, 40c, postpaid.

Chinese Elm (45c Each; 7 for \$2.00)

American White Elm (40c Each)

Cornus Florida (60c Each)

of foliage. One of the most attractive small trees, attaining a height of about 15 feet. Will thrive even on the poorest soil; suitable for planting in groups or as a single specimen tree. 3 to 4 feet, \$1.50; 4 to 6 feet, \$2.00, not prepaid. 2 to 3 feet, \$1.00 each, postpaid.

HORSE CHESTNUT

40 feet. An attractive flowering shade tree, being one of the first to cast a dense shade in May. Magnificent, hyacinth-like spikes of sweetly scented white flowers, standing stiffly erect in strong contrast to the rich dark green leaves. 3 to 4 feet, \$1.50; 4 to 6 feet, \$1.75; 6 to 8 feet, \$2.00, not prepaid. 2 to 3 feet, 75c, postpaid.

MAGNOLIA *Soulangeana*. A hardy variety and one of the finest of all Magnolias; beautiful, cup-shaped blossoms, 3 to 5 inches across, opening in the spring, before its large, glossy leaves appear. A most magnificent, medium-sized tree for the lawn, which, when in bloom, will attract more attention than anything else we know of. **Pink or Purple**, your choice of colors, 2 to 3 feet, \$5.75; 3 to 4 feet, \$7.25, not prepaid. 1½ to 2 feet, \$3.75, postpaid.

Magnolia Soulangeana (\$3.75 Each)

Cornus (Dogwood)

FLORIDA (White Flowered Dogwood). Flowers white, 3 to 3½ inches in diameter, produced in spring before leaves appear; foliage grayish green, glossy and handsome; in the autumn turning to deep red, presenting a gorgeous spectacle. Trees grow 15 to 20 feet high. 2 to 3 feet, 90c; 3 to 4 feet, \$1.35, not prepaid. 1½ to 2 feet, 60c each, postpaid.

FLORIDA RUBRA. Similar to above but with handsome red flowers. An attractive lawn specimen or group subject. 3 to 4 feet, \$3.50, not prepaid. 1 to 2 feet, \$1.50 each, postpaid.

Paul's Scarlet Hawthorn

The most popular variety of English Hawthorn. Flowers deep crimson-scarlet and very double; produced in great profusion late in spring. These are followed by showy red fruits and autumnal colorings

Mulberries for Shade and Fruit

Save Your Berry Crops by Planting Mulberries for the Birds

Two Mulberry Trees are required for cross pollination in order to bear fruit. Two or more trees should be planted near each other unless there are others in the neighborhood.

RUSSIAN MULBERRY. An ideal shade tree; luxuriant foliage; clean and hardy everywhere; a rapid grower. Bears an abundant crop of edible fruits which resemble blackberries and are very sweet. A few Russian Mulberry trees will save your cherry crop as the birds prefer the Mulberries to cherries. 5 to 6 feet, 75c; 8 to 10 feet, \$1.75, not prepaid. 2 to 3 feet, 40c, postpaid.

DOWNING MULBERRY. One of the most prolific of all Mulberries; bears an abundance of jet black fruits of enormous size, much larger than those of the Russian variety and of better quality. Sweet, rich and delicious; ripe fruit every day for from 4 to 6 weeks. 5 to 6 feet, \$1.25, not prepaid. 2 to 3 feet, 85c, postpaid.

TEA'S WEEPING MULBERRY. The most graceful, small, hardy weeping tree. Forms a perfect round head with slender branches drooping to the ground. Admirably adapted for small grounds, specimens or for cemetery planting. 4 to 6 feet, \$2.00 each, not prepaid.

Schwedler Maple (\$1.00 Each)

LOMBARDY POPLAR

A tall, picturesque tree of slender, upright growth; used in formal gardens, and for landscape effect; can be planted very close together to screen unsightly views and buildings. A hardy, rapid grower.

Prices of Lombardy Poplars

2 to 3 feet, 40c each; 4 for \$1.00; 10 for \$2.00, postpaid. By express, not prepaid, 25 for \$2.50; 50 for \$4.50; 100 for \$8.00.

6 to 8 feet, 60c each; 10 or more at 40c each; 25 or more at 30c each; or 50 or more at 25c each, not prepaid.

8 to 10 feet, 80c each; 10 or more at 60c each; 25 or more at 40c each; or 50 or more at 30c each, not prepaid.

10 to 12 feet, \$1.00 each; 10 or more at 80c each; 25 or more at 60c each; or 50 or more at 50c each, not prepaid.

CAROLINA POPLAR

Pyramidal in shape, but makes a fine spreading head if cut back the first few seasons. A most rapid grower. 6 to 8 feet, 50c; 8 to 10 feet, 70c; 10 to 12 feet, \$1.00, not prepaid. 2 to 3 feet, 40c, postpaid.

Rose Tree of China (\$1.00 Each)

MAPLES Guaranteed to Grow

ASH-LEAVED (Box Elder). 50 feet. A fine, rapid-growing variety. Succeeds in places where many other trees fail to grow. 8 to 10 feet, \$1.00 each, not prepaid. 2 to 3 feet, 40c, postpaid.

JAPANESE, Red-Leaved. This is the genuine Blood Red Japanese Maple, of dwarf habit, usually attaining a height of ten or twelve feet at maturity. The foliage is of the deepest rich blood red, sometimes turning to a greenish red or purple in extremely hot weather and turning red again in the fall. They are very graceful and may be treated as small trees or clumped like shrubbery, and are most gorgeous when planted in combination with evergreens or other green foliage plants. 2 to 3 feet, \$5.00, not prepaid. 12 to 18 inches, 98c, postpaid.

NORWAY. 60 feet. A large handsome tree; furnishes the densest shade of the entire list of good trees. Makes the roundest head, and is the most popular of the Maples. Deep green foliage. 4 to 6 feet, \$1.00; 6 to 8 feet, \$2.00; 8 to 10 feet, \$2.50; 10 to 12 feet, \$3.25, not prepaid. 2 to 3 feet, 80c, postpaid.

SCHWEDLER. 60 feet. Identical in habit of growth with the Norway Maple, but the foliage is bright wine-red in spring, purplish-green in mid-summer, and golden-yellow in autumn. 4 to 6 feet, \$1.00; 6 to 8 feet, \$2.75; 8 to 10 feet, \$3.75; 10 to 12 feet, \$4.50, not prepaid. 2 to 3 feet, \$1.50, postpaid.

SILVER (Soft Maple). 60 feet. A fine, rapid-growing tree; leaves bright green above and silvery beneath, turning to red and orange in fall. 8 to 10 feet, 90c; 10 to 12 feet, \$1.25, not prepaid. 2 to 3 feet, 40c, postpaid.

WEIR'S CUT-LEAVED. 50 feet. The trunk is erect, but the limbs are pendulous, almost of the weeping form. The foliage is deeply cut. A most attractive, graceful tree. 6 to 8 feet, \$1.00; 8 to 10 feet, \$1.35, not prepaid.

RED BUD (Judas Tree)

A very ornamental tree of medium size, with perfect heart-shaped leaves. Blooms early in spring, before the leaves appear, covering the branches with small rosy-purple, pea-shaped flowers. 3 to 4 feet, \$1.00; 4 to 6 feet, \$1.50, not prepaid. 2 to 3 feet, 40c, postpaid.

FLOWERING PLUM

Purple Leaved Newport. A distinct and handsome little tree, rarely over 20 feet high. Foliage maroon-red that deepens in color as the season advances. Covered with a mass of small white flowers in spring, followed by edible fruits. Very handsome from early spring to late fall. A beautiful ornament to the lawn. 4 to 6 feet, 75c; 6 to 8 feet, \$1.25, not prepaid. 2 to 3 feet, 70c, postpaid.

ROSE TREE OF CHINA

(Prunus Triloba). One of the most beautiful and showy of all small trees. It begins to bloom before the leaves appear in the spring, being literally covered with very double rose-like pink flowers. This symmetrically formed, graceful little tree grows usually to a height of but 8 feet, and is attractive as a specimen or when planted in groups or shrub border. It is hardy and easily grown, and no lawn is so small that room cannot be found for at least one of these wonderful trees. Many who have seen it declare it to be the most beautiful tree they have ever seen. The rose-like blossoms make fine cut flowers. 3 to 4 feet, \$1.25 each, not prepaid. 2 to 3 feet, \$1.00, postpaid.

TULIP TREE

60 feet. A rapid-growing tree of unusual beauty. Flowers appear in June and resemble large yellow tulips.

Beautiful, glossy leaves which, in fall, turn to brightest yellow. Makes a wonderful specimen tree for any lawn. 4 to 6 feet, \$1.50; 6 to 8 feet, \$2.00; 8 to 10 feet, \$2.50, not prepaid. 2 to 3 feet, 40c, postpaid.

JAPANESE MAIDENHAIR TREE

(Ginkgo Biloba). Tall narrow tree, especially suited for street and lawn planting. It is perfectly hardy, withstands cold, heat and smoke, and is absolutely free from disease and insects. The dark green fan-shaped leaves resemble those of the Maidenhair Fern, from which it receives its name. 5 to 6 feet, \$2.00, not prepaid. 2 to 3 feet, \$1.00, postpaid.

Willows

WISCONSIN WEEPING. 35 feet. A graceful tree of large size; one of the finest, if not the finest of all large weeping trees. Long, slender, wavy, drooping branches and narrow green leaves. A rapid grower, and thrives in either moist or dry ground. 6 to 8 feet, \$1.00; 8 to 10 feet, \$1.50, not prepaid. 2 to 3 feet, 40c, postpaid.

GOLDEN. 35 feet. Very showy variety with golden bark of high color; very conspicuous in winter. 6 to 8 feet, \$1.00; 8 to 10 feet, \$1.50, not prepaid. 2 to 3 feet, 40c, postpaid.

Foundation Planting of Evergreens

EVERGREEN TREES

Our Evergreens are all carefully grown, and have been given the best of care under the supervision of specialists who understand growing Evergreens in such a manner as to insure their being transplanted successfully to new homes with ordinary care. Do not compare our select mailing size Evergreens with the inferior seedlings that are being offered by a few advertisers at ridiculously low prices, and which will die after you get them. Not only are our Evergreens grown right, but we take great care in digging and packing, and we deliver them to all parts of the United States in good growing condition. Mailing size plants are sent postpaid at the prices given; larger sizes have to be sent by express.

PLANTING SEASON for spring, April 1st to May 20th; for fall, August 15th to October 15th, depending on season and locality. Evergreens can not be safely carried through the winter in storage like other trees, so can not be shipped until the frost is out of the ground in the spring. Some Southern planters have the mistaken idea that they should set out Evergreens earlier than the Northern planting season. Regardless of your climate, Evergreens should, for best results, be set out at the time the plants are in the proper transplanting condition. The proper transplanting condition depends on the climate where the trees are grown, not where they are to be planted. Our hardy, Northern grown Evergreens are the best for planting in either the North or South. Send your order early. We will ship at the proper time for planting our Northern grown Evergreens in your locality.

Figures following variety names indicate approximately the height of the tree when approaching maturity. Grouping close together will have a tendency to keep them from growing large. The tall growing varieties can also be kept smaller by trimming.

Globa Arbor Vitae (50c Each)

ARBOR VITAE (Thuya)

AMERICAN (White Cedar.) 30 feet. Erect, broadly pyramidal habit; flat, beautifully carved, bright green foliage, dense from ground up; grows rapidly and soon forms a most beautiful tree for any purpose. Usually seen as a tree 5 to 10 feet high and half as wide, but will grow to be a large tree. Used extensively as single specimens, for foundation planting, screens and windbreaks, and heads the list for Evergreen hedge planting. Specimen plants, 3 to 4 feet, \$1.80; 2½ to 3 feet, \$1.40; 2 to 2½ feet, 90c, not prepaid. Mailing size, 3-year-old, twice-transplanted trees, 35c each; 3 for 90c, postpaid.

GLOBE (Woodward's). 6 feet. A compact, round ball; bright green foliage. The neat globular outline adapts this Arbor Vitae for formal plantings, tub and window box use, as well as in the foreground of Evergreen groups. 2 to 2½ feet, \$2.00; 1½ to 2 feet, \$1.50; 15 to 18 inches, 85c, not prepaid. Mailing size, 4-year-old, three times transplanted trees, 50c each; 3 for \$1.25, postpaid.

GOLDEN (Douglas). 15 feet. Foliage of a very showy, golden yellow. Used extensively in landscape plantings, for there is nothing quite so attractive in a group of Evergreens as a flash of rich golden yellow. 2 to 2½ feet, \$1.65; 1½ to 2 feet, \$1.15, not prepaid. Mailing size, 4-year-old, three times transplanted trees, 35c each; 3 for 90c, postpaid.

Golden Arbor Vitae (35c Each)

American Arbor Vitae
(35c Each)

ARBOR VITAE—continued

PYRAMIDAL. 20 feet. A densely columnar type, similar in shape to Irish Juniper, averaging only 24 to 30 inches in diameter when 12 feet high. Foliage deep green, retaining its color throughout the season. 2½ to 3 feet, \$1.90; 2 to 2½ feet, \$1.15; 1½ to 2 feet, 90c, not prepaid. Mailing size, twice transplanted, 3-year-old trees, 50c each; 3 for \$1.25, postpaid.

Pyramidal
Arbor Vitae
(50c Each)

SIBERIAN (Ware's). 6 to 8 feet. A superb hardy variety. It is conical in outline and covered with dark steel grayish green foliage which is somewhat different from the American Arbor Vitae, being much heavier and deeply crested; of compact habit; branches short and stiff; bears trimming well. It is extensively used for foundation planting. The name Siberian has been given it because of its rugged constitution. 2 to 3 feet, \$1.40; 1½ to 2 feet, 90c, not prepaid. Mailing size, twice transplanted, 3-year-old trees, 35c each; 3 for 90c, postpaid.

TOM THUMB (*Occidentalis Ellwangeriana*).

A very small, compact evergreen of true dwarf habit, with very fine feathery foliage of bright green during summer, turning to bronze in winter. It is an ideal tree for planting among perennials, in rock gardens or in any situation where a choice close-growing dwarf tree is desired. Makes a beautiful ornament for a small yard or cemetery lot. 1½ to 2 feet spread, \$1.25; 15 to 18 inch spread, 90c, not prepaid. Mailing size, twice transplanted, 3-year-old trees, 35c each; 3 for 90c, postpaid.

Juniper Pfitzeriana (60c Each)

2 to 2½ Ft. Hemlock \$1.50 Each

AMERICAN. 50 feet. A magnificent native tree. Makes a splendid lawn specimen, with a certain elegance and beauty that its slender, graceful, drooping branches alone possess. Rich dark green foliage with under side of leaves of sea-green color. Hemlocks succeed well in almost any soil, but prefer mostly a good loam that is moist rather than too dry. Will, perhaps, succeed in a more shady situation than any other evergreen. Hemlocks withstand shearing so well and become so dense and compact when subjected to that treatment that they may be used wherever a small tree is wanted or in hedges, and are especially recommended for foundation groups. 2½ to 3 feet, \$2.40; 2 to 2½ feet, \$1.40; 1½ to 2 feet, 95c, not prepaid. Mailing size, twice transplanted, 3-year-old trees, 75c each; 3 for \$2.00, postpaid.

JUNIPER

IRISH. 8 feet. Foliage bluish-green. Very dense and upright habit. Fine for columnar effect in landscape work. 3 to 4 feet, \$1.80; 2½ to 3 feet, \$1.40; 2 to 2½ feet, \$1.15, not prepaid. Mailing size, twice transplanted, 3-year-old trees, 35c each; 3 for 90c, postpaid.

PFITZERIANA. 5 feet. Vase-shaped, spreading growth and light bluish-green foliage producing a beautiful, soft effect. Extremely hardy, tolerant to city conditions and succeeds in either shade or full exposure of the sun. Excellent for foundation plantings. 2½ to 3 feet spread, \$2.15; 2 to 2½ feet spread, \$1.65; 1½ to 2 feet spread, \$1.15, not prepaid. Mailing size, three times transplanted, 4-year-old trees, 60c each; 3 for \$1.50, postpaid.

VIRGINIANA (Red Cedar). 25 feet. Form tapering, symmetrical. Foliage varies from light green to dark green, grayish green and bluish green; color good at all times, but its bronzy appearance in fall and early winter is very attractive. Thrives well on poor soil. 3 to 4 feet, \$2.30; 2½ to 3 feet, \$1.90; 2 to 2½ feet, \$1.40, not prepaid. Mailing size, twice transplanted, 3-year-old trees, 35c each; 3 for 90c, postpaid.

American Hemlock
(75c Each)

Juniper Virginiana (35c Each)

SILVER BLUE JUNIPER

The Most Beautiful of All Blue Evergreens

(Juniper Meyer). 5 feet. A new novelty of unusual beauty. The foliage is shiny, bright blue, and appears of different colors when viewed from various angles. There are distinct tones of green, white and pinkish-red, making it the most striking in color of any evergreen. It has a spreading habit, and makes an ideal planting for the rockery or around a pool. It is hardy and does well in all parts of the country. Never fails to attract attention. 1½ to 2 feet spread, \$2.50; 15 to 18 inch spread, \$1.75, not prepaid.

Irish Juniper
(35c Each)

Austrian Pine (35c Each)

PINE

AUSTRIAN. 40 feet. Large, spreading tree, heavily needled; darkest and richest green of the Pines. Quite densely and evenly branched; attractive tufts of foliage, the new growth erect, and silvery like candles set along the twigs. Coal gas and smoky atmospheres have no effect on its growth. It is equally satisfactory for seashore planting and for the inland country. Must be used only in locations allowing tall growth and considerable spread. 2 to 2½ feet, \$1.90; 1½ to 2 feet, \$1.15, not prepaid. Mailing size, twice transplanted, 3-year-old trees, 35c each; 3 for 90c, postpaid.

SCOTCH. 50 feet. A big, broad-shouldered tree highly resistant to wind, drought and cold. Thrives well on the poorest soil, grows rapidly when young, and is one of the best Evergreens to withstand extreme exposure and unfavorable conditions. It is an attractive tree, with slender, dark green needles; makes a quick and attractive windbreak. It is a handsome tree in ornamental plantings. 3 to 4 feet, \$2.30; 2½ to 3 feet, \$1.90; 2 to 2½ feet, \$1.40; 1½ to 2 feet, 90c, not prepaid. Mailing size, twice transplanted, 3-year-old trees, 35c each; 3 for 90c, postpaid.

Scotch Pine (35c Each)

MUGHO OR DWARF. Never grows over 4 to 5 feet tall, but spreads out 6 or 8 feet in diameter when fully grown. By annual shearing it can be kept as small as desired. The color is deep green in summer and winter. Popular in the foreground of foundation plantings. 2 to 2½ feet, \$2.75; 1½ to 2 feet spread, \$2.25; 15 to 18 inch spread, \$1.50, not prepaid. Mailing size, twice transplanted, 3-year-old trees, 50c each; 3 for \$1.25, postpaid.

PLUMY CYPRESS (Retinospora)

PLUMOSA. A handsome Evergreen from Japan, with feathery, light green foliage. It grows into a large tree, but may be kept small by trimming, and can be trimmed into any desired form. 2 to 2½ feet, \$1.90; 1½ to 2 feet, 90c, not prepaid. Mailing size, twice transplanted, 3-year-old trees, 40c each; 3 for \$1.00, postpaid.

PLUMOSA AUREA (Golden Plumed Cypress). Same as above, except that the soft plume-like foliage has a decided tinge of yellow throughout the year, making a beautiful contrast to the green grass and surrounding Evergreens. Mailing size only, twice transplanted, 3-year-old trees, 40c each; 3 for \$1.00, postpaid.

FIR (Abies)

BALSAMEA (Balsam Fir). 60 feet. A handsome and most desirable tall Evergreen of slender, pyramidal shape; dark green foliage; a rapid grower and very hardy. 2 to 2½ feet, \$2.15; 1½ to 2 feet, \$1.40, not prepaid. Mailing size, twice transplanted, 3-year-old trees, 35c each; 3 for 90c, postpaid.

JAPANESE YEW

(*Taxus Cuspidata*). 3 to 4 feet. A handsome dwarf Evergreen of upright growth, semi-spreading and compact. One of the best Evergreens for foreground and edging, and splendid for partial shade. Beautiful dark green foliage and very ornamental bright scarlet berries. Mailing size, three times transplanted, 4-year-old trees, 50c each; 3 for \$1.25, postpaid.

BLUE AND GREEN SPRUCE

COLORADO BLUE (SELECTED). 30 feet. A wonderful ornamental tree of glistening silvery blue. Perfection in form and symmetry, and hardy characteristics make it adaptable to nearly all climates. 3 to 4 feet, \$6.00; 2½ to 3 feet, \$4.00; 2 to 2½ feet, \$3.00; 1½ to 2 feet, \$2.00; 15 to 18 inches, \$1.50, not prepaid. Mailing size, three times transplanted, 4-year-old trees, \$1.00 each; 3 for \$2.50, postpaid.

New Moreheim Blue Spruce

The best type Blue Spruce yet introduced. Better color than either Colorado or Koster's, and makes a more symmetrical tree. Our large stocks permit us to offer this variety by express, not prepaid, at the following low prices:

2½ to 3	feet.....	\$9.00
2 to 2½	feet.....	7.00
1½ to 2	feet.....	5.00
15 to 18	inch.....	3.00

COLORADO BLUE (Common). 30 feet. A vigorous grower of pyramidal form. The color varies from light green to blue green. Many of the young trees, when they get older, will develop a decided blue cast. 2 to 2½ feet, \$2.00; 1½ to 2 feet, \$1.25, not prepaid. Mailing size, three times transplanted, 4-year-old trees, 50c each; 3 for \$1.25, postpaid.

NORWAY. 50 feet. The most common Spruce; a large, bright green, fine looking tree. 3 to 4 feet, \$2.00; 2½ to 3 feet, \$1.50; 2 to 2½ feet, \$1.00; 1½ to 2 feet, 80c, not prepaid. Mailing size, twice transplanted, 3-year-old trees, 35c each; 3 for 90c, postpaid.

Mugho Pine (50c Each)

Colorado Blue Spruce

Hardy Climbing Vines

(F) denotes vines that do extra well in shady places. (G) denotes vines that do extra well in hot, sunny situations. (H) denotes vines that are especially suited for growing on north side of house. (I) denotes vines that are especially suited for growing on east side of house. All vines are guaranteed to grow, and are two years old and field grown, unless otherwise stated.

AMPELOPSIS, Veitchii (Boston Ivy) (H). A grand hardy climbing vine for covering houses, churches, schools, etc. Clings firmly to the smoothest surface of rock or wood. The glossy leaves assume, in the autumn, the most beautiful tints of scarlet and crimson. The best vine in existence for growth on brick walls. 35c each; 3 for 90c, postpaid.

Quinquifolia (Virginia Creeper). During the fall months it is the most beautiful of all hardy vines, the deeply cut leaves turning to a most vivid crimson color. Unsurpassed for covering trees, rocky slopes, fences, etc. 35c each; 3 for 90c, postpaid.

BITTERSWEET (Celastrus Scandens) (F). A most desirable climber; handsome, large leaves; yellow flowers in May and June and clusters of ornamental orange-capsuled fruit in autumn. Fine for late fall and winter decoration. 35c each; 3 for 90c, postpaid.

Bittersweet

Clematis

LARGE FLOWERED HYBRIDS (H). The following varieties are the best of the large flowered Clematis, producing an abundance of flowers often measuring 5 and 6 inches across.

DUCHESS OF EDINBURGH. Double White.

JACKMANII. Violet-purple.

MONTANA RUBENS. Crimson-red.

RAMONA. Sky-blue.

90c each
4 for \$3.00,
postpaid.

PANICULATA (Sweet Scented Japanese Clematis) (G). Finest small flowered Clematis. Rapid grower; flowers pure white, fragrant, and produced freely in immense clusters in September. A very desirable vine. 40c each; 3 for \$1.00, postpaid.

DUTCHMAN'S PIPE (G). Brownish flowers, resembling miniature pipes. An ideal vine for situations requiring dense shade; leaves deep green, very large, broad and closely laid. 60c each; 3 for \$1.50, postpaid.

EUONYMUS, Vegetus. See page 95.

HONEYSUCKLE, Japonica Halleana (Hall's Japanese) (F or G). Flowers white, changing to yellow; extremely fragrant. 35c each; 3 for 90c, postpaid.

HONEYSUCKLE, Sempervirens (Scarlet Trumpet) (F or G). Trumpet-shaped flowers of bright scarlet; blooms nearly all summer. 35c each; 3 for 90c, postpaid.

EVERBLOOMING HONEYSUCKLE

(*Lonicera Heckrottii*)

A Mass of Bloom All Summer and Fall

We know of no other hardy climbing vine that will bloom so continuously over such a long period of time as this Everblooming Honeysuckle. We grew several hundred plants of this new variety last season, and every plant was loaded with blossoms from May until heavy fall frosts. The showy trumpet-shaped flowers are bright red outside and yellow inside. The reflexed petals expose both colors and give a pleasing two-tone effect. We believe this to be the most valuable climber introduced in recent years. It can also be trimmed into shrub form if desired. Very hardy. 75c each; 3 for \$2.00, postpaid.

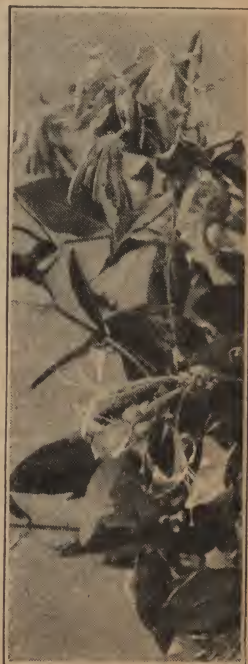

IVY, English. See page 95.

MATRIMONY VINE (H or I). Handsome trailing vine, covered with scarlet fruit in autumn. Used quite extensively as a ground cover under trees and on terraces and steep slopes to hold the soil in place. 35c each; 3 for 90c, postpaid.

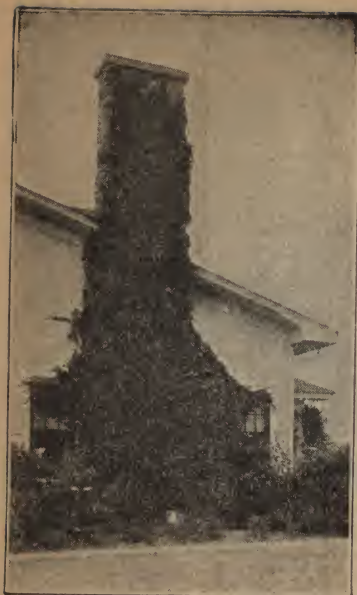

SILVER LACE VINE or CHINESE FLEECE VINE

(*Polygonum Auberti*) (G or I). One of the fastest growing hardy vines in existence, making a dense growth to 25 feet high, sometimes in a single season. During late summer and fall the entire vine is covered with foamy sprays of white flowers. If you need a vine to produce quick results, *Polygonum* will best suit your purpose. 50c each; 3 for \$1.25, postpaid.

TRUMPET VINE (G). Very hardy and rapid grower. Used for covering unsightly places, stumps, or wherever a showy flowering vine is desired. Produces clusters of trumpet-shaped, orange-scarlet flowers about 3 inches long. If tops are kept cut back it makes a beautiful bush for the lawn. 30c each; 3 for 75c, postpaid.

Everblooming Honeysuckle

Ampelopsis Veitchii (Boston Ivy)

Clematis Ramona

Climbing Hydrangea

An attractive climber with broad, bright green foliage and large, flat clusters of fragrant white flowers in early summer. A rapid grower when once established and will cling to the wall like Ivy. Very scarce. Choice pot grown plants. 75c each; 3 for \$2.00, postpaid

75c Each

Wistaria

CHINESE PURPLE (G or I). Strong, rapid grower, desirable for trellises, porches, etc. The light purple pea-shaped flowers are very showy, and are produced in drooping racemes a foot or more in length. A large vine in bloom is a beautiful sight. Many growers offer seedling plants that may never bloom. Our plants are all grafted from blooming wood and many of them will flower the first season they are set out. Perfectly hardy. 2-year-old, selected plants, 65c each; 3 for \$1.60, postpaid.

CHINESE WHITE. A white flowered form of above. Strong 2-year plants. 65c each; 3 for \$1.60, postpaid

Surplus After Season Sale of Hardy Climbers

At the end of our selling season, we often have a surplus of several kinds of hardy climbing vines, and rather than carry the stock over, we hold a clearance sale beginning May 15th, and make up surplus collections at \$1.50 per collection. In these \$1.50 collections, we give several dollars' worth of vines. All must be strictly our selection. Orders accepted any time before May 15th, and delivery will be made as soon after May 15th as possible. If you have any unsightly places that could be improved in appearance by a few vines, and don't feel that you can afford to select the varieties at regular prices, order one or more of these collections.

Wistaria

Ornamental and Edible Fruits for Pot Culture Dwarf Orange

A fine pot plant, with glossy leaves, fragrant waxy-white blossoms, and an abundance of delicious little Oranges that will hang on the plants for six months after they are ripe. While it will grow 3 to 4 feet high and branch freely, it is not an uncommon thing to see little 5 to 6 inch plants full of bloom and even bearing one or two Oranges. Plants, 30c each; 3 for 75c, postpaid

Everbearing Lemon

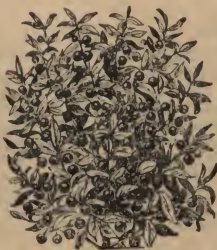

A true everbearing Lemon that can be as easily grown in a pot as a Geranium and which produces fruit weighing from one to three pounds each. These enormous fruits are borne on plants one to two feet high growing in pots; bear continually; delicious for lemonade and culinary purposes. Flowers are as fragrant as orange blossoms, which they somewhat resemble. Plants, 30c each; 3 for 75c, postpaid.

IMPORTANT NOTICE

Owing to quarantines, we do not ship Orange or Lemon plants to Alabama, Arizona, California, Florida, Georgia, Louisiana, Mississippi, Texas and Porto Rico.

Dwarf Fig

Strawberry Guava

Grow Figs in the North

Our Dwarf Fig is particularly adapted to pot culture. As a pot or tub plant, it is extremely valuable, either indoors or outdoors, and is an abundant bearer of the most delicious fruit. It will winter safely in an ordinary cellar, or it can be allowed to harden off with a few fall frosts and then be brought indoors for growing during the winter. Our Dwarf Fig is a variety which fruits on the young wood, that is wood of the current year's growth, which makes it a most desirable variety where the tops are likely to be frozen back, for if the top is frozen it can be cut to the ground, and when it begins growing, it will produce fruit on the new wood. It is for pot or tub culture that we particularly recommend this Fig, but when grown in the open ground, it will develop a crop of fruit farther north than is true of other varieties. Plants bear the first year they are set and abundantly each year thereafter. The fruit is very sweet and delicious; of good size; with flesh that is firm and meaty, and of very fine quality for making preserves, jams, canning, drying, or to eat in the fresh state. Plants, 50c each; 3 for \$1.25, postpaid.

Brazilian Cherry

(Surinam Cherry)

An ornamental, as well as useful plant. Fragrant white flowers followed by beautiful bright red cherry-like fruits of most delicious flavor. A fine pot plant, and in warm climates can be planted outside for ornamental effect. Plants, 40c each; 3 for \$1.00, postpaid.

Strawberry Guava

Delicious, Sweet and Spicy

This is a luscious tropical fruit which makes a useful as well as a charming and beautiful house plant. It bears both flowers and fruit at the same time. The flowers are pure white and delightfully fragrant. The fruit is about the size of a walnut, of a beautiful reddish color, and of delicious, sweet and spicy flavor. Fine for eating out of hand, and unsurpassed for making jelly. These plants are usually grown from seed and begin to bloom and bear fruit while quite small. Pkt., 10c; 3 pkts., 25c. Plants, 40c each; 3 for \$1.00, postpaid.

Everbearing Lemon

Northern
Grown

APPLES

Best for all
Climates

SUMMER APPLES

DUCHESS OF OLDENBURG. Good size, pale yellow, streaked red; juicy, sour; highly esteemed for home use or market. Good crop when trees are 4 or 5 years old. August and September.

EARLY HARVEST. Fruit of medium size; bright straw color when fully ripe. Flesh of excellent quality; tender, crisp and juicy. July and August.

RED ASTRACHAN. Most attractive early red apple. Flesh white, crisp and juicy, with a pleasant acid flavor. One of the best early eating apples. Ripens in July and keeps until September.

SWEET BOUGH. A large, pale, greenish-yellow, sweet apple of excellent quality. Should be in every home orchard. July and August.

YELLOW TRANSPARENT. The earliest apple to bear; good crop when trees are four to five years of age. Skin pale yellow. Flesh white, crisp, juicy, mildly sub-acid. An excellent eating and cooking apple. Ripens in July and continues in season until September.

FALL APPLES

FALL PIPPIN. Large, yellow, rich, aromatic and very juicy. Fine eating and especially good for cooking. September to December.

GRAVENSTEIN. Large, orange-yellow fruits. Crisp and juicy; good cooking Apple. September and October.

MAIDEN BLUSH. Yellow with red cheek. Fruit medium to large; juicy, pleasantly sub-acid. Excellent for culinary use. September to November.

MELBA. Introduced from Canada. Similar in flesh and flavor to McIntosh, but different shape. September and October.

RAMBO. Medium size; yellow, streaked red. Fine apple that does well nearly everywhere. October and November.

SNOW APPLE (Fameuse). Red skin, white flesh; juicy, mild, spicy and very tender. October to December.

TWENTY OUNCE PIPPIN. One of the largest Apples grown. Yellow, striped red. Flesh tender and juicy. October and November.

WEALTHY. Rich dark red. Medium to large. Flesh white, sometimes stained with red. Fine grained, tender, juicy and of excellent quality. Trees mature early; bear when 4 years old and large crops every year. September to November.

WINTER APPLES

BALDWIN. Large, bright red, crisp, juicy, rich; a splendid keeper, good cooker, and one of the most popular varieties. November to April.

CORTLAND. A new variety that is gaining favor rapidly. Claimed to be an improved McIntosh. The fruits are larger than that of McIntosh, round, of a beautiful rich red color; juicy and slightly in flavor. Better than McIntosh, because the fruits hang tenaciously to the tree and are two to three weeks later. Cortland apple trees are very thrifty and fast growers; bear the third and fourth year after planting—a money crop the sixth year. November to February.

DELICIOUS. Large; nearly covered with brilliant dark red. Flesh fine grained, tender, crisp and juicy. Mild in flavor, but not a sweet apple. Has a decided aroma which is very pleasing. A splendid keeper, and an ideal apple for the fancy or box trade. The tree is hardy, vigorous and productive. Bears about the fourth year. November to May.

GRIMES GOLDEN. Rich, golden yellow skin, mild sub-acid flavor, tender and juicy. A dependable and uniform bearer. November to February.

JONATHAN. A beautiful bright red apple; medium size. Is much in demand as a fancy apple. Tender, crisp, very juicy, with a fine flavor. Comes into bearing rather young. November to February.

KING. Large and attractive fruits of a beautiful red color; tender, juicy, sub-acid; spicy smelling. October to February.

Wealthy

Delicious

McIntosh

McINTOSH. Medium size, deep crimson, highest quality, juicy, sub-acid in flavor, with a characteristic aroma. Due to its high quality and attractive appearance, it commands a ready sale at fancy prices. Comes into bearing about the fourth year and is a reliable cropper. October to January.

NORTHERN SPY. Large, red striped, juicy, mild sub-acid, with a rich, delicious flavor. Extra long keeper. None better for cooking or eating out of hand. November to May.

NORTHWESTERN GREENING. Hardy, yellow, rich, of good size; an extra long keeper, which makes it a stand-by to finish the winter for cooking purposes. November to May.

RHODE ISLAND GREENING. Large, greenish-yellow, juicy, with a rich acid flavor. Good keeper. One of the best cooking apples. October to February.

ROME BEAUTY. Large, highly colored red Apple with thick skin. Crisp, juicy and sour. Good shipper and long keeper. November to January.

ROX RUSSET. The most popular russet apple; russet-brown skin; a remarkable keeper. December to June.

STAYMAN'S WINESAP. Large; deep red skin; juicy, sour, pleasing flavor. Comes into bearing about the fourth year and is a reliable annual cropper. In season from December to May.

TOLMAN SWEET. The best winter sweet apple. Yellow, medium to large. Comes into bearing moderately young. October to January.

WAGNER. Fruit medium to large, bright red in color, having a fine texture, high flavor, and excellent quality. Good for cooking, but especially prized for dessert. Trees begin bearing when young, and are dependable bearers every year. October to March.

WINTER BANANA. Large; clear pale yellow with beautiful pinkish red blush. Good dessert quality. November to April.

WOLF RIVER. Fruits of enormous size; yellow, blushed with red. It has a mild sub-acid, with a spicy, slight quince-like flavor; juicy and pleasant to taste; flesh white and tender. October to January.

CRAB APPLES

HYSLUP. Brilliant dark red applespread with thick blue bloom. The best and most reliable crab apple.

One-year-old trees by parcel post, postpaid, 52c each.			

Guaranteed Trees at Bargain Prices

Two Dwarf Fruit Trees Trained in Formal Style

By pruning, the Dwarf Apple and Dwarf Pear Trees can easily be trained to grow into interesting shapes, such as pyramidal, round or flat, against buildings, fences or walls, for hedges, or on lattice like the illustration shown above. An abundance of best quality fruit can be secured in very little space, and the small trees be made to serve both as producers of choice fruit and attractive ornaments for the lawn. Nearly everyone can find room to grow a few dwarf trees in the shape of trellised foundation plantings along the side or rear of the house, and in other ways that their flexible manner of growth might suggest. A wonderful picture is one where the walls are embellished with these interesting trees which in the spring produce their bountiful blooms followed by their foliage and highly colored fruit.

DWARF APPLES

Dwarf Apple Trees solve the problem of fruit growing in small areas. They are very ornamental for the lawn and garden, come into bearing much earlier than the standard trees and are very productive. The trees never get over 8 or 10 feet high. Their low, broad heads are within reach, so that the fruit can be easily picked. These trees are set 6 to 8 feet apart and take up so little room that they can be planted in places where it would be impossible to grow a larger tree. With care, they usually commence to bear the second year after planting, and will bear good crops within three or four years. Our dwarf trees bear 4 to 6 bushels of apples per tree, and the fruit is of the same size and flavor as that borne on the standard trees.

We can furnish the following varieties of Dwarf Apples:

*Baldwin	Gravenstein	Rome Beauty
*Cortland	McIntosh	Red Astrachan
Delicious	Melba	Rhode Island Greening
*Jonathan	Northwest Greening	Twenty Ounce Pippin
King	Rambo	*Yellow Transparent

NOTE. Dwarf Apple trees are very scarce this season and our stock is limited on the varieties marked (*). When ordering these varieties kindly name a second choice.

PRICES—Large, 3-year-old Dwarf Trees, 4 to 6 feet high, by express, not prepaid, 95c each; 10 or more at 85c each; or 25 or more at 80c each.

PEARS

ANJOU. Fruit large, yellow, often flushed red. An excellent market variety because of long keeping qualities. Rich in flavor, bears early and disease resistant.

BARTLETT. The most popular pear for both home use and market. Large, golden yellow with reddish blush on the sunny side. Flesh tender, melting and juicy, with a delicious flavor. Tree vigorous; bears abundantly. Ripens in September.

BUERRE BOSCH. The highest quality and best flavored pear. Fruits large, with long, thin, tapering neck. Golden russet color. Flesh fine-grained, juicy and melting, very delicious and highly flavored. Ripens late September and early October.

CLAPP'S FAVORITE. Resembles Bartlett in size, shape and color. Flesh fine grained and very juicy. Ripens in August, about ten days ahead of Bartlett.

FLEMISH BEAUTY. Tree vigorous and productive; fruit large, yellow, covered with dull russet red; flesh juicy, melting, aromatic, rich and sweet. Ripens a few days later than Bartlett.

KIEFFER. A profitable market variety on account of its productiveness and excellent keeping and shipping qualities. While only fair in quality, it is an excellent canner and is in great demand for this purpose. Large, handsome fruits. The most free from insects and disease of any variety. October to December.

SEKEL. Small size and rich flavor makes this pear a desirable variety for pickling and preserving. Sweetest of all pears, juicy, delicious flavor, and greatly prized for eating out of hand. Very attractive in appearance, being of a russet-yellow color, with a bright red cheek. Very prolific. September and October.

SHELDON. A pear of unusually good quality. Large, round, greenish-yellow in color, covered with a light russet. Very juicy and highly flavored. A good bearer and highly recommended for the home orchard. October and November.

Bartlett Pear

Prices of Pear Trees

We can supply all varieties of Pears in either dwarf or standard trees.

STANDARD PEAR TREES—Sold at the same prices as Standard Apple Trees. See prices on page 114.

DWARF PEAR TREES—2-year-old (will come into bearing the second year), by express or freight, not prepaid, 90c each; 10 or more at 85c each; 25 or more at 80c each.

DWARF PEAR TREES—1-year-old, 2 to 3 feet, by parcel post, postpaid, 80c each. By express or freight, not prepaid, 65c each; 10 or more at 60c each; or 25 or more at 55c each.

Elberta Peach

PEACHES

We have picked out what we consider to be the best varieties of Peaches—those that have proven their worth under the most unfavorable conditions and in all soils and climates. If you will limit your planting to these varieties you will be making no mistake.

BELLE OF GEORGIA. Very large, white fleshed with red cheek; firm, juicy and excellent flavor. Very hardy and grows with equal success in both North and South. Productive; early; stone semi-free to free. The most beautiful white peach grown.

CARMAN. One of the Carman's greatest assets is its rugged constitution which enables it to withstand trying climates, and to accommodate itself to a great variety of soils. Flesh white, red at the pit, juicy, rich and sweet. Stone nearly free. Early.

CRAWFORD EARLY. A magnificent, large, yellow, early, freestone peach of unsurpassed quality. Fruit very large, golden-yellow, blushed with dark red.

CRAWFORD LATE. A grand, large, yellow freestone. One of the best late varieties.

ELBERTA. The most popular peach grown. Large, yellow with red cheek; flesh yellow, firm, juicy, highly flavored, rich and sweet; exceedingly prolific, sure bearer and hardy. An ideal mid-season variety. Free stone.

GOLD DROP. Tree remarkably hardy and productive; fruit medium size, smooth, transparent golden skin with slight blush; flesh golden yellow with sweet, rich apricot flavor; stone free.

HALE. Beautiful golden yellow overlaid with bright carmine; larger than Elberta and ripens a week earlier. Good shipper and keeper, and on the market it commands the highest price. Free-stone.

KALAMAZOO. A beautiful peach that will bear good crops of fruit when all other varieties fail. The surest cropper of them all, and very hardy. Large, golden yellow with crimson cheek; yellow flesh, superb quality, small pit. Mid-season. Freestone.

LEMON FREE. Lemon-shaped and colored, large size, freestone, immensely productive, excellent quality. One of the best commercial peaches and the most popular for canning. Late.

ROCHESTER. In a class by itself because it is the only good sized yellow freestone peach of fine quality ready for market from the 10th to the middle of August in the Northern States. Large, yellow with a most attractive red blush; juicy, delicious and keeps well. Strong grower, good bearer and very hardy.

SOUTH HAVEN. Better than average size; prolific, dependable, and unusually hardy; ripens early; juicy, yellow flesh and free stone.

Prices of Peach Trees

All varieties of Peach trees listed on this page, with the exception of Golden Jubilee, are sold at the following prices:

	Per Each	Per 10	Per 100
2 to 3 feet.....	30c	\$2.50	\$20.00
$\frac{3}{16}$ inch caliper (3 to 4 feet).....	40c	3.50	30.00
$\frac{1}{2}$ inch caliper (4 to 5 feet).....	50c	4.50	40.00

25 or more trees at the 100 rate.
Trees sent by express or freight, not prepaid.
2 to 3 ft. trees by parcel post, postpaid, 45c each.
Our thrifty, Northern grown Peach trees are the longest lived and the best for all climates.

Owing to Quarantines, Peach trees cannot be shipped into Arizona, California, Idaho, Nevada, Oregon, Utah and Washington.

Golden Jubilee Peach

An early, yellow, freestone Peach of the very best quality. Similar to Elberta, but ripens about one month earlier giving the Northern grower a decided market advantage.

	Per Each	Per 10	Per 100
2 to 3 feet.....	35c	\$3.00	\$25.00
$\frac{3}{16}$ inch caliper (3 to 4 feet).....	45c	4.00	35.00
$\frac{1}{2}$ inch caliper (4 to 5 feet).....	55c	5.00	45.00

25 or more trees at the 100 rate. Trees sent by express or freight, not prepaid.

One-year-old trees by parcel post, postpaid, 50c each.

Boston Nectarine

One of the Most Delicious of All Fruits

The Nectarine has size and a smooth skin like the plum. In other ways it is more like a peach. It is of rich, delicious flavor, juicy and melting, and highly prized as a dessert fruit. It is much superior to the peach as a dryer and makes excellent preserves. The Nectarine is as hardy as the peach and requires the same culture.

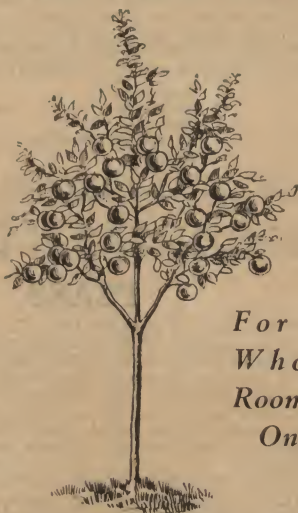

BOSTON. Bright yellow with red cheek; flesh yellow and of excellent quality. The finest of all Nectarines. Tree vigorous and an early bearer.

Large, 2-year-old trees, by express or freight, not prepaid, at 75c each; 3 for \$2.10; 5 for \$3.25; or 10 or more at 55c each.

1-year-old, 2 to 3 feet, by parcel post, postpaid, 75c each; 3 for \$2.00. In larger lots by express or freight, not prepaid, 5 or more at 40c each; 10 or more at 35c each.

Owing to quarantines, Nectarine trees cannot be shipped into Arizona, California, Idaho, Nevada, Oregon, Utah and Washington.

3 Varieties of Apples on One Tree

For Those
Who Have
Room for but
One Tree

3 Varieties on One Tree
Delicious, McIntosh and Rhode Island
Greening
\$2.50 Each

Trees are three years old and will measure one inch caliper and 6 to 8 feet high. Being too large to send by parcel post, they are sent by express, not prepaid, at the prices given.

PLUMS

ABUNDANCE (Japan). Large, red, sweet, very juicy, tender and melting. Hardy and productive. Ripens in August.

BRADSHAW. Fruits large, dark reddish purple. Flesh yellow, juicy and sweet. Trees vigorous and productive. Ripens in August.

BURBANK (Japan). Skin dark red over a yellow ground; juicy, sweet. Good shipper; ripens in late August, a week later than Abundance. Large.

GERMAN PRUNE. Purplish-black, medium juicy, large. Good market variety; popular for canning, because of its sweetness. September.

IMPERIAL GAGE. Large, pale green, juicy, sweet, rich and excellent. Very popular. August.

LOMBARD. Medium size, red, juicy and sweet. Hardy and very productive; a leading market variety. Will grow anywhere. August.

YELLOW EGG. Extremely large yellow fruit, with firm, sweet, rather juicy flesh. Agreeably tart and of good quality. Ripens in late August.

PRICES Select the Plum trees you want at the following prices:

	Per Each	Per 10	Per 100
1 year old (2 to 3 feet).....	35c	\$3.00	\$25.00
2 year old, $\frac{3}{16}$ inch caliper.....	50c	4.50	40.00
2 year old, $\frac{5}{16}$ inch caliper.....	70c	6.50	60.00
2 year old, $\frac{11}{16}$ inch (4 to 6 feet).....	85c	8.00	75.00

25 or more trees at the 100 rate. Trees sent by express or freight, not prepaid. One year old trees by parcel post, postpaid, 52c each.

Lombard Plums

SWEET CHERRIES

BING. Few sweet cherries equal Bing in size, attractiveness and quality. Almost black; bears early and abundant.

BLACK TARTARIAN. Purplish-black; flesh tender, juicy and rich. Produces immense crops. Ripens earlier than Bing.

GOVERNOR WOOD. Light yellow, marbled with red; very large; juicy, rich and delicious. Extra early.

LAMBERT. A very sweet variety and one of the largest. Dark purplish red, turning almost jet black when ripe. Later than Bing.

NAPOLEON. Yellow with bright red cheek; very large, meaty and sweet. Very productive; bears young. Mid-season.

SCHMIDT'S BIGARREAU. One of the best mid-season to late sorts; color reddish-black, very large and sweet.

WINDSOR. Hardy, prolific, late variety; fruit one inch in diameter; nearly black when fully ripe; flesh firm and of very high quality.

YELLOW SPANISH. Fruit large, yellowish-white, shaded crimson. Juicy and sweet. Especially recommended for its earliness.

PRICES Select the Sweet Cherry trees you want at the following prices:

	Per Each	Per 10	Per 100
1 year old (2 to 3 feet).....	35c	\$3.00	\$25.00
2 year old $\frac{3}{16}$ inch caliper.....	50c	4.50	40.00
2 year old $\frac{5}{16}$ inch caliper.....	70c	6.50	60.00
2 year old $\frac{11}{16}$ inch (4 to 6 feet).....	85c	8.00	75.00

25 or more trees at the 100 rate. Trees sent by express or freight, not prepaid. One year old trees by parcel post, postpaid, 52c each.

SOUR CHERRIES

EARLY RICHMOND. Dark red. Best early sour cherry.

LARGE MONTMORENCY. Large red cherry; larger than Early Richmond and fully ten days later. The leading commercial variety.

ENGLISH MORELLO. The standard late sour cherry. Very dark red, almost black; excellent quality. A month later than Montmorency.

PRICES Your choice of Sour Cherry trees at these prices:

	Per Each	Per 10	Per 100
1 year old (2 to 3 feet).....	35c	\$3.00	\$25.00
2 year old $\frac{3}{16}$ inch caliper.....	50c	4.50	40.00
2 year old $\frac{5}{16}$ inch caliper.....	60c	5.50	50.00
2 year old $\frac{11}{16}$ inch (4 to 6 feet).....	70c	6.50	60.00

25 or more trees at the 100 rate. Trees sent by express or freight, not prepaid. One year old trees by parcel post, postpaid, 52c each.

Montmorency Cherries

Improved Dwarf Juneberry

A good substitute for the large or swamp Huckleberry or Blueberry which it resembles in appearance and quality. The fruits are larger than the Blueberry and ripen earlier in the season.

Improved Dwarf Juneberry

Fruits are borne in clusters; are reddish purple in color, changing to bluish black when ripe. In flavor it is rich, mild and subacid, and the plants are wonderfully productive. It is perfectly hardy in all climates, and has an advantage over the Blueberry in that it does well on all kinds of soil. In addition to its value as a fruit, it is a highly ornamental bush for the yard, especially in early spring, at which time it is a mass of pretty white blossoms. Our stock of these plants is very limited this season, so we can sell them only in lots of one dozen or less. Plants, 30c each; 3 for 75c; 12 for \$2.00, postpaid.

QUINCE

ORANGE. Fruit large, bright yellow, of excellent flavor; the best Quince for all sections of the country. Unsurpassed for preserves and jellies. Both fruit and flowers are quite fragrant, and the trees and bloom highly ornamental.

Large, 2-year-old plants, by express or freight, not prepaid, 85c each; 3 for \$2.40; 5 for \$3.75; 10 or more at 70c each; 25 or more at 60c each; 100 or more at 55c each.

1-year-old, 2 to 3 feet, by parcel post, postpaid, 75c each; 3 for \$2.00. In larger lots, by express or freight, not prepaid, 5 or more at 45c each; 10 or more at 40c each; 25 or more at 35c each; 100 or more at 30c each.

Orange Quince

Superb Apricot

Hardy Apricots

In shape and color the Apricot resembles the Peach, but in texture and smoothness of its skin, it is more like the plum. It has a most delicious flavor and is much prized for eating fresh, canning and drying.

Our Northern grown Apricots are budded on plum and are much harder than Southern stock and longer lived than those budded on peach. Two trees are recommended for better pollination to insure an abundant crop.

MOORPARK. The finest quality of any Apricot grown. Large orange-yellow fruit with red cheek. Juicy, rich and sweet. Freestone. Ripens in August. Hardy but not recommended in the far North because of frost damage to the early flowers.

SUPERB. The hardiest variety. Hardier than the Peach and the fruit ripens a month earlier. The latest Apricot to bloom and is recommended for localities where late frosts may damage earlier blooming varieties. Fruit medium size and of a golden-salmon color. Good quality, fine flavor and freestone. Ripens in July.

PRICES: Select, 2-year-old trees, by express, not prepaid, 70c each; 3 for \$1.95; 5 for \$3.00; or 10 or more at 55c each.

1-year-old, 2 to 3 ft., by parcel post, postpaid, 65c each; 3 for \$1.80. In larger lots, by express or freight, not prepaid, 5 or more at 40c each; 10 or more at 35c each.

We cannot ship Apricot trees to Arizona, California, Idaho, Nevada, Oregon, Utah or Washington.

WALNUTS

Walnuts are becoming more popular each year with bakers, candy makers and ice cream manufacturers. They will grow in nearly all sections of the United States. They will thrive with little or no attention and if planted along fence rows, take up very little of your tillable land. While Walnut seedlings produce satisfactory results, we recommend planting grafted trees where early bearing and quality are desired. We have selected two of the best varieties to offer to our customers this season.

THOMAS. The nut is very large, thin shell, has a very fine flavor and cracks out almost 90% whole halves and quarters. Grows much faster than the seedling trees and usually begins to bear a few nuts the second year after transplanting. 3 to 4 ft. trees, by express, not prepaid, \$2.25 each.

OHIO. Medium in size, thin shell, good bearer and fine quality. Wonderful cracking quality. In most cases the meats can be removed in whole halves. 6 to 8 ft. trees, by express, not prepaid, \$2.50 each.

Hardy English Walnut

Our English Walnut trees are hardy, will stand more cold than peaches, and will produce good crops of nuts which are in every way equal to the California product. There is very little labor connected with the harvesting of English Walnuts—simply gather the nuts from the ground when they fall. No shucking—simply pick them up and put them in sacks and they are ready for use. No other work connected with harvesting. These trees have been thoroughly tested. We can recommend them for planting in Michigan, New York and other Northern and Eastern States as well as in the South and West. The English Walnut equals the maple as a shade tree. 18 to 24 inches, \$1.00 each, postpaid. By express, not prepaid, 2 to 3 feet, \$1.25; 3 to 4 feet, \$1.50; 4 to 6 feet, \$1.75.

Japanese Walnut

Of the finer imported Walnuts the Japanese is the species best adapted by its hardy, vigorous habit for general culture in our country. It grows with great vigor, assuming a handsome shape without pruning, and has withstood a temperature of 21 degrees below zero without injury. Its nuts are considerably larger than the common hickory-nut, and are borne in clusters of fifteen to twenty. The shell is a little thicker than that of the English Walnut, which it resembles in a general way. The kernels are meaty, delicate, and can be removed entire. It is a handsome shade tree. 2 to 3 feet, \$1.00 each, postpaid. By express, not prepaid, 4 to 6 feet, \$1.25; 6 to 8 feet, \$1.50.

BUTTERNUT (White Walnut)

The nuts are large, long, oily and nutritious. A lofty, spreading tree, valued as a shade tree and for its beautiful wood as well as for its nuts. 2 to 3 feet, 60c each, postpaid. By express, not prepaid, 4 to 6 feet, 80c; 6 to 8 feet, \$1.30.

Native Black Walnut

A native tree of large size and majestic form. The most valuable of all trees for its timber, bringing the very highest price in market. The tree is a fairly rapid grower, makes a good shade tree, and the large, oily nuts are of fine flavor and marketable at a fair price. 2 to 3 feet, 60c each, postpaid. By express, not prepaid, 4 to 6 feet, 80c; 6 to 8 feet, \$1.30; 8 to 10 feet, \$1.75.

NOTICE Owing to quarantines, the different varieties of Walnut trees cannot be shipped into California or Arizona; and Pecans cannot be shipped into California, Arizona and Utah.

HARDY PECANS

75c Each

Northern grown Pecans are just as hardy as the hickories and should not be confused with Southern grown stock. Our trees are Michigan grown and have withstood a temperature of 17 to 20 degrees below zero without injury. They are ideal for shade trees as they are practically immune to insects and do not shed their leaves until late in the fall. 3 to 4 ft. trees, 85c each, by express, not prepaid.

Shade Trees 40c Each; 4 for \$1.00; 10 for \$2.00

AILANTHUS (Tree of Heaven)

CATALPA, Speciosa

ELM, American

MAPLE, Ash-Leaved (Box Elder)

MAPLE, Silver

MOUNTAIN ASH

MULBERRY, Russian

POPLAR, Carolina

POPLAR, Lombardy

RED BUD

TULIP TREE

WILLOW, Wisconsin Weeping

WILLOW, Golden

Take your choice of the above varieties of mailing size shade trees, at 40c each; 4 for \$1.00; or 10 for \$2.00, postpaid. All of these varieties are 2 to 3 feet in height, and guaranteed to grow. For descriptions of the different varieties see pages 106, 107, and 108. Remember, these trees go to you prepaid at these low prices.

GRAPES

BETA. Probably the hardiest variety grown. Has proven successful even in North Dakota and will grow anywhere the wild grape will. The fruit is black, of medium size and good flavor.

CATAWBA. Purplish red, bunch large, berries of medium size; rich vinous flavor, of best quality for table and wine. Late; ripens here the last of September. The best keeper, lasting until March or later.

CONCORD. A large, blue-black variety, ripening about the middle of September in our locality. Will not winterkill; healthy, vigorous vine; large bunch and berry, and will produce more fruit year in and year out than any other sort. 20c each; 3 for 40c; 5 for 60c; 12 for \$1.00; 25 for \$1.80; 50 for \$3.35, postpaid. By express, not prepaid: 100 for \$4.00; 200 for \$7.00; 300 for \$9.00; 500 for \$13.00; 1,000 for \$25.00.

DELAWARE is a small red Grape. No American Grape has more delicate flavor or more pleasing aroma. Ripens with Concord. Brings from 50 to 100 per cent more on the market than other varieties. A hardy, vigorous vine; succeeds both North and South. 30c each; 5 for \$1.15; 12 for \$2.25; 25 for \$4.00; 50 for \$7.50, postpaid. By express, not prepaid: 100 for \$11.00; 200 for \$20.00; 300 for \$28.50; 500 for \$42.50; 1,000 for \$80.00.

MOORE'S EARLY. Similar but larger than Concord and ripens 2 or 3 weeks earlier, the last fruits of it being sent to market before those of the Concord are picked. Vines hardy, vigorous and moderately productive.

NIAGARA. The leading white Grape throughout the country. Ranks with Concord in vigor and productiveness, and ripens at the same time. Bunch and berry large and handsome. Tender, sweet, juicy and excellent flavor.

WORDEN. Larger berries and bunches than Concord, sweeter, better quality and ripens a week earlier. Fine for the local market and the home garden, but not a good shipper on account of its thin skin.

PRICES OF GRAPE VINES All Grapes listed on this page, with the exception of Caco, Concord, Delaware, Fredonia and Portland, are 25c each; 5 for \$1.00; 12 for \$2.00; 25 for \$3.50; 50 for \$6.50, by parcel post, postpaid. By express, not prepaid, 100 for \$9.00; 200 for \$17.00; 300 for \$24.00; 500 for \$35.00; 1,000 for \$65.00.

Prevent Mildew and Black Spot with

Bearing Age Grape Vines

Grapes This Summer from Vines Planted This Spring

It is no longer necessary to wait two or three years for newly set Grape Vines to bear fruit. We can now offer bearing vines that have already produced a crop of fruit. Each of these vines produced from 5 to 15 medium sized bunches of fruit last September.

We can supply bearing vines of CONCORD only. They will be properly pruned ready for planting. \$1.00 each; 3 for \$2.50, by parcel post, postpaid. By express, not prepaid, \$6.00 per dozen.

THREE BEST GRAPES

These three Grapes of exceptional merit have been on the market only a few years, but have already proved their worth and are in increased demand each year. Ideal for the home garden and roadside market.

CACO. Large bunches of wine-red grapes, very sweet and palatable. An excellent grower, productive and earlier than Concord.

FREDONIA. The best extra early black grape, ripening two weeks ahead of Worden. Vigorous, productive and extra hardy. Large bunch and berry. Fruit firm, giving it long lasting qualities.

PORTLAND. The earliest grape we have ever found. Large white grapes, very sweet and juicy. A strong grower and very hardy.

Prices of CACO, FREDONIA, PORTLAND—40c each; 3 for \$1.00; 12 for \$3.80; 25 for \$7.25, postpaid. By express, not prepaid, \$25.00 per 100.

HARDY CHINESE DATE

The Chinese Date (Jujube or Zizyphus) is a fruit from the high interior of China, which, we are sure, will prove to be one of the most valuable for our country. It is adapted to a wide range of territory and all kinds of soil. It is quite hardy, the United States Department of Agriculture bulletins reporting that it has withstood temperatures of 22 degrees below zero without injury.

The tree is a heavy and constant bearer and commences to bear at an early age, four-year-old trees having produced 150 pounds of fruit. It blooms very late in the spring, avoiding all danger from spring frosts. The fruit is one to two inches long, and chocolate colored. It is delicious when eaten fresh or cured like dates, and is excellent for preserves and jam. Cooked in a sugar syrup and allowed to dry it becomes a most tasty and palatable confection which we believe will eventually rival the date as a commercial product. Because of its productiveness and its highly nutritious and delicious fruit, capable of being used in many ways, it is sure to be a valuable addition to the orchards and gardens. Every home should have one or more trees. It likes a clean back yard where it is not cultivated, but will grow anywhere. We have but a limited supply of these trees and, as long as they last, will deliver them by parcel post, postpaid, at \$1.25 each.

Chinese Date

\$6.65 per 1,000

For the New
FAIRFAX
Strawberry

FAIRFAX

A Dependable
Early Variety

Experienced Strawberry growers who have tested Fairfax have placed it at the very top of the list for quality. It is extra early, having the same bearing season as Premier, but is a much heavier bearer. The early blooms do not show serious frost damage, and the fruiting season extends over a long period. Flavor rich and sweet, bright red in color. Holds up well as a market variety and stands long-distance shipping.

PRICES: 25 for 60c; 50 for \$1.00; 100 for \$1.65, postpaid. By express, not prepaid, 100 for \$1.25; 250 for \$2.15; 500 for \$3.70; or \$6.65 per 1,000 in lots of 1,000 or more.

FAIRFAX AND DORSETT are two new Strawberries introduced by the U. S. Department of Agriculture. Both are very productive, large fruited varieties, **VERY EARLY** and of rich flavor and fine quality.

DORSETT

DORSETT starts to ripen with Premier, but produces a much larger early crop. Fruit is produced on strong stems and held up off the ground. An exceptionally fine bright red berry. Not recommended for long-distance shipping.

PRICES: 25 for 60c; 50 for \$1.00; 100 for \$1.65, postpaid. By express, not prepaid, 100 for \$1.25; 250 for \$2.15; 500 for \$3.70; or \$6.65 per 1,000 in lots of 1,000 or more.

A Good Planting of FAIRFAX and DORSETT Should Give You the First Berries on the Market When They Command the Highest Price

Wilson

Considered by many as the best flavored Strawberry in existence. The berries are bright red, have small seeds and are very sweet. It ripens late and continues to bear late in the season. The robust plants will produce a heavy crop without special care, making it a profitable variety for commercial planting.

Senator Dunlap

The old standby. A mid-season variety that grows on all types of soil and in all climates. A good producer and a fine berry.

Blakemore

An early variety which has been thoroughly tested in all parts of the country. Dark, red fruits of good quality and fine flavor. Because of its excellent keeping and shipping qualities, it is becoming a popular variety in the South to ship to the early Northern markets.

Harvest King

One of the most popular mid-season varieties, and considered by many growers to be the best canning and shipping berry grown. Because of the uniform large size and good color of this variety, it will command a high price on the fancy fruit market throughout the season.

PRICES

of Blakemore, Dr. Burrill, Gibson, Harvest King, Senator Dunlap and Wilson: 25 for 55c; 50 for 85c; 100 for \$1.35, postpaid. By express, not prepaid, 100 for 95c; 250 for \$1.65; 500 for \$2.60; or \$4.45 per 1,000 in lots of 1,000 or more.

New Gem Everbearing Strawberry

The Best of the Everbearers. Large, Sweet, Fresh Strawberries
Every Day from June Until October

The New Gem is the most outstanding introduction since Mastodon and its many fine qualities will soon make it the leading market variety of Everbearers.

Gem has every other Everbearer beaten for quality and flavor. The fruit is well shaped and uniformly large. It is sparkling red in color, rich, and about the sweetest berry we have tasted. Unsurpassed for keeping qualities and the firmness of the fruit will permit its being handled for long-distance shipping, even during hot weather. Fruit buyers last season took Gem ahead of any other Everbearer.

The plants are so sturdy that it is not necessary to remove the first blooms. Plant this spring and have ripe berries in just a few weeks.

Growers who have been dissatisfied with Everbearing Strawberries will find this variety to be well named as it truly is a "Gem." Don't fail to plant them this year and cash in while it is still new on the market.

PRICES: 25 for 80c; 50 for \$1.25; 100 for \$2.10, postpaid. By express, not prepaid, 100 for \$1.70; 250 for \$3.00; 500 for \$5.35; 1,000 for \$10.00.

Mastodon Everbearing

Mastodon has been producing its enormous crop of big berries during the summer and fall months for the past 16 years, proving that the prolific and everbearing habits that have made it so popular are permanently fixed.

Mastodon is a great money maker, as it will produce a paying crop with just ordinary care. It succeeds under practically all climatic and soil conditions, even producing large crops in dry climates. Our thrifty plants set in the spring will produce a crop of berries in 90 days and continue through summer and fall until stopped by freezing weather.

Eighteen or twenty berries will often fill a quart box. They are rich glossy red, of firm and solid texture, and delicious in flavor. A small planting will keep the home table supplied with berries throughout the summer and fall. A large planting will reap hundreds of dollars for the farmer.

PRICES: 25 for 75c; 50 for \$1.15; 100 for \$1.90, postpaid. By express, not prepaid, 100 for \$1.50; 250 for \$2.75; 500 for \$4.85; 1,000 for \$9.00.

Cooper

The largest and sweetest Strawberry grown. One of the most popular varieties for the market grower and home fruit garden. Though a mid-season variety, it continues to bear after others in the same class are gone. Cooper produces a very large deep rooted plant. Its long fruiting season is made possible by its strong feeder system, that reaches down deep in the soil, providing plenty of moisture and nourishment to the fruiting stems.

PRICES: 25 for 60c; 50 for \$1.00; 100 for \$1.65, postpaid. By express, not prepaid, 100 for \$1.25; 250 for \$2.15; 500 for \$3.70; or \$6.65 per 1,000 in lots of 1,000 or more.

EVERBEARING STRAWBERRIES from SEED

Red Alpine. Seed sown early and young plants transplanted to the field, will produce a crop in the fall of the same year. Plants from the general sowing made in spring and summer yield delicious fruit over an inch in length during the succeeding Strawberry season. Berries are often produced as late as the last of October or early November. Berries are not as large as the standard varieties, but are of superior quality and have the rich wild Strawberry flavor. Pkt., 15c; 2 pkts., 25c.

Mastodon Everbearing

NOTICE

All varieties of Strawberries listed in this catalog are perfect flowering and do not require other varieties for cross-pollination.

Pearl

The latest of all Strawberries, with the exception of the Everbearers. Dark red solid berries of rich flavor produced after the best of the other June-fruited varieties are off the market, thus commanding a high price at the close of the season. A heavy producer and a strong grower, even on poor soils.

Premier

A valuable extra early Strawberry. A large berry of uniform shape and size, excellent quality, rich color and highly resistant to frost. These qualities make Premier a profitable market variety.

PRICES of Pearl, Premier and Aroma: 25 for 60c; 50 for \$1.00; 100 for \$1.65, postpaid. By express, not prepaid, 100 for \$1.25; 250 for \$2.15; 500 for \$3.70; or \$6.65 per 1,000 in lots of 1,000 or more.

ADCO ARTIFICIAL MANURE

Turn your lawn cuttings and garden rubbish into manure with Adco. Adco is a powder which, when mixed with vegetable waste and kept moist, converts the whole mass into a clean, odorless manure in 3 or 4 months. Equal to the barnyard product as a fertilizer and free from foul odor, flies, weed seeds, etc. You can easily convert your straw, corn stalks, weeds, leaves, lawn cuttings, etc., into manure at very little expense. One pound of Adco is enough for four cubic feet of refuse; 50 lbs. makes a ton of manure.

25 lb. sack, by express, not prepaid, \$2.00. By freight, not prepaid, 100 lbs., \$7.50; 150 lbs., \$10.50.

The Big Money Maker

\$1000.00 a Year per Acre with Lucretia Dewberries

Lucretia Dewberries are bringing big money. They ripen a week or ten days ahead of common blackberries, the bulk of the crop being harvested before other blackberries start to ripen, so sell at very high prices.

The Dewberry belongs to the blackberry family, and the Lucretia is the best of them all. The large berries are incomparably better than any blackberry grown; of unequalled excellence; sweet and luscious throughout, and of bright glossy black color. They are very productive, and the most profitable of all fruit crops to grow. The Lucretia has received the highest endorsement and highest praise from the best horticulturists in the country. Its trailing habit renders it less liable to winterkill. Lucretia may be propagated from the tips, like black raspberries. It does not spread or sucker.

There are two methods of growing the Dewberry. One is to set the plants 4 feet apart in the row, with rows 6 to 7 feet apart. Allow them to grow along the row in their natural way, removing all the new growth until after blooming time, and then allow only enough new vines to grow to provide for the next crop, and at the same time shade the ripening fruit. In this way they will ripen earlier than they would tied up to wires or stakes, the whole crop being grown in Nature's own way, down among the dewy leaves unexposed to strong rays of summer sun. Controlling the new growth each season does away with the necessity of stakes or posts and wire.

The other method of growing is to use short posts and wire. Grown in this way, the fruit is much easier to pick, but is not quite as early. The posts need be only 30 to 36 inches high. Use one wire and in the spring tie all canes onto same, holding them off the ground. Let the new canes lie on the ground throughout the growing season, covering them slightly for winter protection in climates where the winters are severe. Cut away old wood in spring and tie new canes on wire, or old wood can be removed soon after harvesting the crop.

Lucretia Dewberry

About 1,700 plants are required to set an acre.

PRICES: 6 for 45c; 12 for 75c; 25 for \$1.20; 50 for \$1.90; 100 for \$3.25, by parcel post, postpaid. By express, not prepaid, 100 for \$2.50; 200 for \$4.00; 300 for \$5.60; 400 for \$7.20; 500 for \$8.75; 1,000 for \$16.50.

BLACKBERRIES

ELDORADO. We recommend this variety ahead of all others. The berries are large in size, very sweet, and of delicious flavor and quality. It is one of the hardiest blackberries in cultivation and has never been known to winterkill. Very productive, and never fails to ripen a crop. 6 for 45c; 12 for 75c; 25 for \$1.25; 50 for \$1.90; 100 for \$3.25, postpaid. By express, not prepaid, 100 for \$2.25; 200 for \$4.00; 300 for \$5.45; 400 for \$6.85; 500 for \$8.25; 1,000 for \$15.50.

ICEBERG. This is the white blackberry. It is not merely a curiosity, for in addition to being a real novelty it is a berry of extraordinary quality. These shining creamy-white berries, when mixed with jet-black ones, make a most attractive dish. The bushes are good strong growers and very productive. For best results, this variety should be planted near other blackberries. Plants, 20c each; 3 for 50c; 12 for \$1.50; 25 for \$2.50, postpaid.

Eldorado Blackberry

Golden Queen Raspberry

A beautiful, large, golden yellow raspberry. Many prefer this variety to any of the red or black sorts, owing to its sugary sweetness and unsurpassed flavor. Should be in every garden, its beauty and high quality placing it at the head for table use. The canes are hardy, of strongest growth and very productive. 20c each; 3 for 50c; 12 for \$1.25; 25 for \$2.25; 50 for \$4.00; 100 for \$7.00, postpaid. By express, not prepaid, \$6.00 per 100.

Cumberland Black Raspberry

The largest and most productive black raspberry. Ripens medium-early and continues throughout the raspberry season. Very hardy, and the most profitable market sort. 6 for 40c; 12 for 70c; 25 for \$1.20; 50 for \$1.85; 100 for \$3.25, postpaid. By express, not prepaid, 100 for \$2.25; 200 for \$4.00; 300 for \$5.25; 400 for \$6.50; 500 for \$7.75; 1,000 for \$14.50.

**For Larger Transplanted, Bearing Age Raspberry Plants
See Next Page**

Cumberland Black Raspberry

Newburgh

New Disease-Resistant Red Raspberry

Newburgh is the most promising of all recent introductions and we believe that when it becomes known it will rival all others now on the market.

FRUIT. The fruit is very large and firm and **does not crumble**. The color is bright red, making it a very attractive market berry. No other variety has better shipping or keeping qualities.

EARLINESS. Newburgh is earlier than Latham which is now the standard market variety.

PRODUCTIVENESS. The strong vigorous plants are very productive and the fruit is borne out in the open where it can be easily picked.

DISEASE RESISTANT. This variety is strongly resistant to raspberry diseases. No mosaic has yet been found in Newburgh, even in patches where the disease is found in nearby plants of other varieties.

In summing up the above points it is evident that Newburgh is the coming red raspberry for both market and home planting, and we unhesitatingly recommend it as the leading variety of the future. Buy a stock this year, and be the first in your community to have this new variety.

PRICES: 6 for 75c; 12 for \$1.20; 25 for \$2.00; 50 for \$3.50; 100 for \$6.50; postpaid. By express, not prepaid, 100 for \$5.50; 200 for \$9.50; 300 for \$12.50; 400 for \$15.25; 500 for \$18.00; 1,000 for \$35.00.

Chief Red Raspberry

Hardy Disease-Resistant Early Raspberry

The Chief Raspberry has been grown in test grounds all over the country, and the following facts have been proven:

HARDINESS—Chief originated in Northern Minnesota. It is perfectly hardy and is recommended by the Minnesota Department of Agriculture.

DISEASE RESISTANT—Being an offspring of the famous Latham it has all the disease resistant qualities of its parent.

PRODUCTIVENESS—Its extreme hardiness and resistance to disease makes it a very robust grower and a heavy bearer. In many tests it has outyielded Latham.

EARLINESS—Chief ripens 10 to 12 days ahead of Latham, placing it on the market with the benefit of early high prices.

QUALITY—The exceptionally fine flavor places Chief in great demand not only as a table berry, but also as a canner. The fruit is dark red, of good size and an excellent shipper.

PRICES: 6 for 45c; 12 for 75c; 25 for \$1.25; 50 for \$2.00; 100 for \$3.55, postpaid. By express, not prepaid, 100 for \$2.55; 200 for \$4.55; 300 for \$6.20; 400 for \$7.85; 500 for \$9.50; 1,000 for \$18.00.

Latham Raspberry A Big Money Maker

The Latham, due to its many points of merit, has come into general planting more rapidly than any other raspberry ever introduced. It is vigorous in growth; withstands the winters in Canada without covering; very productive; and exceptionally free from mosaic and other diseases. The large berries, some running over an inch in diameter, and the deep red color make it most attractive. One nine acre field of Latham in Minnesota produced an average of \$1,000.00 per acre each year for five years, and similar reports come from all sections of the country.

PRICES: 6 for 45c; 12 for 75c; 25 for \$1.25; 50 for \$2.00; 100 for \$3.55, postpaid. By express, not prepaid, 100 for \$2.55; 200 for \$4.55; 300 for \$6.20; 400 for \$7.85; 500 for \$9.50; 1,000 for \$18.00.

Early King

The earliest red raspberry; has long been the favorite throughout the Northern and Central States. 6 for 45c; 12 for 70c; 25 for \$1.15; 50 for \$1.90; 100 for \$3.50, postpaid. By express, not prepaid, 100 for \$2.50; 200 for \$4.00; 300 for \$5.60; 400 for \$7.20; 500 for \$8.75; 1,000 for \$16.50.

Columbian Purple Raspberry

This is one of the finest berries ever offered. It is a cross between a black raspberry and red raspberry, and possesses all the qualities of each. The berries are of large size; purple in color; seeds small and deeply imbedded in a rich, juicy pulp. They do not crumble when picked, are good shippers and good keepers, and are better for canning than either red or black raspberries.

To people who dislike growing the red varieties, on account of the "suckers," we recommend Columbian Purple, as it does not sucker or spread from the roots, but is propagated from "tips," the same as black raspberries.

The canes are model growers; vigorous and healthy. Will grow anywhere; as hardy as an oak; enormously productive; and either fresh or canned, is the finest flavored raspberry we ever tasted.

Choice Plants: 6 for 50c; 12 for 90c; 25 for \$1.60; 50 for \$2.90; 100 for \$5.25, by parcel post, postpaid.

By express, not prepaid, \$4.25 per 100; \$7.50 per 200; \$10.35 per 300; \$13.20 per 400; \$16.00 per 500; or \$30.00 per 1,000.

St. Regis

St. Regis Everbearing

Fruit commences to ripen with the early varieties and continues during the summer and fall, and until the berries freeze in the fall or early winter. As to quality of fruit, St. Regis has no superior. Berries bright crimson, large size, rich, sugary, and of the best flavor. Exceedingly hardy and prolific. Plants set in the spring will commence bearing the following June. Cutting off the canes near the ground, late in the fall, prevents the summer crop and has a tendency to make the fall crop more abundant.

PRICES: 6 for 45c; 12 for 75c; 25 for \$1.25; 50 for \$2.15; 100 for \$3.85, postpaid. By express, not prepaid, 100 for \$2.85; 200 for \$4.90; 300 for \$6.95; 400 for \$9.00; 500 for \$11.00; 1,000 for \$21.00.

Bearing Age

Raspberry Plants

SET PLANTS THAT WILL PRODUCE A CASH CROP THIS SUMMER

We are now able to offer to our customers, at very little additional cost, plants of the following varieties, old enough to bear a good crop of fruit the same season they are set out. They have been transplanted and grown in the nursery one year longer than our regular number one grade plants. The plants will be shipped to you properly pruned and ready to plant, at the following prices:

CHIEF—6 for 85c; 12 for \$1.30, postpaid. 25 for \$1.45; 100 for \$4.50; 200 for \$7.75; 300 for \$10.50; 400 for \$13.25; 500 for \$16.00; 1,000 for \$29.50, by express or freight, not prepaid.

CUMBERLAND—6 for 80c; 12 for \$1.25, postpaid. 25 for \$1.35; 100 for \$4.35; 200 for \$7.50; 300 for \$10.00; 400 for \$12.50; 500 for \$15.00; 1,000 for \$27.50, by express or freight, not prepaid.

LATHAM—6 for 85c; 12 for \$1.30, postpaid. 25 for \$1.45; 100 for \$4.50; 200 for \$7.75; 300 for \$10.50; 400 for \$13.25; 500 for \$16.00; 1,000 for \$29.50, by express or freight, not prepaid.

Bigger Profits from Your Crops

HOTKAPS

are considered by authorities as one of the greatest agricultural inventions in the past decade. Last year farmers and market gardeners in every State in the Union successfully used them for protecting their crops of melons, cucumbers, tomatoes, egg plant, peppers, squash, etc., against frost and for earlier crop maturity.

Prices of "Hotkaps"

25 for 70c; 50 for \$1.20; 100 for \$2.00; 250 for \$3.65; 500 for \$6.75, by parcel post, postpaid.
In even thousands, by express, not prepaid: 1,000 for \$9.75; 5,000 or more at \$9.65 per thousand.

Market Your Crops 3 Weeks Earlier and Benefit from Higher Prices. These "Miniature Hothouses" Make This Possible by Protecting Plants Against Frost and Storms.

Each year more and more thousands of growers are increasing their profits by using Germaco HOTKAPS—shown above. This remarkable invention consists of a scientifically constructed wax paper cone that you place over each plant. Thus they are miniature hot-houses that protect plants from frost, wind, rain, insects and ground crusting.

HOTKAPS not only protect plants, but make them grow **hardier and faster.** Thus you get a greater crop production to market **earlier for higher prices!**

You can add to your next year's profit with Hotkaps. They cost but a fraction over a penny each. One man can "set" 3,000 Hotkaps per day. They not only bring you higher prices, but are a method of crop insurance—against the danger of the elements.

"HOTKAP" SETTERS Where the Hotkaps are used in large quantities, the HOTKAP SETTER AND TAMPER will prove very helpful. It is a labor-saving device for setting Hotkaps accurately and quickly into the ground. The Standard Setter is made of steel and will last a lifetime. Price, \$1.50 each, by express, not prepaid; or \$1.90, by parcel post, postpaid. We also have a more cheaply made setter, known as the Garden Setter, which we do not recommend for the large user. It will do the same work as the Standard Setter, and do it rapidly, and is the economical one for the small gardener to buy. We can supply the Garden Setters at 65c each, postpaid.

SPECIAL OFFERS

100 Hotkaps and one Garden Setter, \$2.65, postpaid.
250 Hotkaps and one Garden Setter, \$3.65, not prepaid; \$4.15 postpaid.
500 Hotkaps and one Garden Setter, \$6.20, not prepaid; \$7.20, postpaid.

SLUG SHOT DUST

The safe, non-poisonous, dusting insecticide. Kills Cucumber, Melon and Squash Bugs, Bean Beetles, Cabbage Worms, Potato Bugs, Green Flies, Slugs and all chewing insects, and controls fungus. Harmless to humans, pets, plants, flowers and vegetables, but deadly to leaf-eating insects and fungus. Easy to use—simply dust it on 1 lb. (in perforated tin top canister), 35c; 5 lbs., \$1.35, postpaid. By express, not prepaid, 1 lb., 25c; 5 lbs., \$1.00; 25 lbs., \$4.00; 125 lbs., \$18.00; 250 lbs., \$34.00. Do not order less than 5 lbs. at the express price, unless you wish other goods.

Grape and Rose Dust

Prevents Mildew and Black Spot. The most successful Rose growers, Grape growers and florists use this non-poisonous fungicide. Safe to use—will not harm any pet or human. Easy to use—simply dust it on. Green in color—not unsightly. 1 lb., 50c; 5 lbs., \$1.85, postpaid. By express, not prepaid, 1 lb., 40c; 5 lbs., \$1.50; 25 lbs., \$6.50; 100 lbs., \$22.00.

Sheep Manure

One bag of Pulverized Sheep Manure is equal to a whole wagon load of barn yard manure. It puts life and fertility into your soil, is good for everything that grows. Absolutely no weed seed. By freight, not prepaid, 100 lbs., \$2.50; 500 lbs., \$10.00; 1,000 lbs., \$18.00; ton, \$35.00.

Cow Manure

Pulverized Cow Manure is a real plant food which has a lasting beneficial effect on the soil. Shredded and dried by a special process; no weed seed. Absolutely will not burn the most tender root or foliage. By freight, not prepaid: 100 lbs., \$2.50; 500 lbs., \$10.00; 1,000 lbs., \$18.00; ton, \$35.00.

RED ARROW Garden Spray is absolutely non-poisonous to children, poultry, pets and everything but insects. Death is absolutely sure to both chewing and sucking insects. When properly used it will not burn, blight or stain the tenderest leaf, flower, petal or fruit. May be sprayed on fruit or vegetables before they are eaten, and no harmful effect can ensue on health or digestion.

RED ARROW is recommended for **Rose Bugs, Aphids, Red Spiders, Leaf Hoppers, Mealy Bugs, Cut Worms, Caterpillars, Cabbage Worms, Tomato Worms, Wire Worms, Army Worms, Box Mites, Currant Worms, Fern Scale, Thrips, Squash Bugs, Aster Beetles, Japanese Beetles** and many other beetles and bugs.

RED ARROW will kill fleas on cats and dogs.

RED ARROW is effective, economical and nearer a 100% killer of a larger number of kinds of insects than any other insecticide known.

1 oz. bottle makes 4 to 8 gals. spray, 35c, postpaid.
4 oz. bottle makes 15 to 30 gals. spray, \$1.00, postpaid.
1 pint bottle makes 70 to 140 gals. spray, \$2.50, postpaid.
1 quart can makes 140 to 280 gals. spray, \$4.00, postpaid.
1 gal. can makes 560 to 1,100 gals. spray, \$12.00, postpaid.

MAKE YOUR HENS LAY

You can't expect hens to lay eggs if they are infested with mites. Rid your premises of mites with **MITEMIST**. Easy to use—just spray it on the nests, walls, roosts and ceilings before roosting times. The fumes will penetrate feathers, cracks, crevices—everywhere. **MITEMIST** is not injurious to poultry, but the fumes are deadly to mites, bed bugs, ants, roaches, etc. Your money back if it fails. 1 bottle, \$1.00; 3 bottles, \$2.50; 1 gallon, \$5.00, postpaid.

Kills Ants in the Nest

SAFE . . . PERMANENT . . . EFFECTIVE

Antrol is easy to use, economical, and safe. It consists of small glass containers from which the worker ants carry special Antrol Syrup to their nests for food. The whole ant family is quickly killed at the source—the only way to get permanent freedom from these pests. Control both sweet and grease eating ants.

Antrol containers are practically unbreakable glass, with rust-proof, waterproof aluminum lids that will last for years. Adapted to any size home or garden.

Antrol Regular Set, consisting of 4 containers and one 4-oz. bottle of syrup, by express, not prepaid, 75c; by parcel post, postpaid, 93c.

The above set may be used year after year, simply by refilling the containers with Antrol Syrup. Extra bottles of syrup are supplied by express, not prepaid, at 35c for the 4-oz. size; or 85c per pint. By parcel post, postpaid, 45c for the 4-oz. size and \$1.10 per pint.

Ready-Filled Antrol Set. To meet popular demand for a low priced article, we are offering a ready-filled set, consisting of 4 patented glass "feeders", filled with regular Antrol Syrup. This set contains only one-half as much syrup as the Regular set. By express, not prepaid, 40c; by parcel post, postpaid, 58c.

KILL RATS AND MICE

BLACK CAT

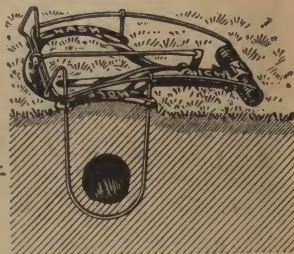

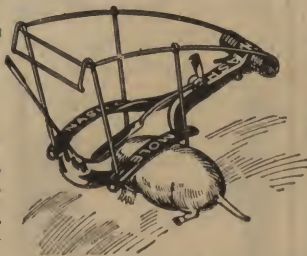

Non-Poisonous

Rat and Mouse Killer

Harmless to Man, Domestic Animals, Baby Chicks, Poultry, Dogs or Cats, but Kills Rats and Mice Quickly. May be safely used around the home, barn, poultry house, warehouse or any rat or mouse infested building. Can be mixed with butter, ground meat, corn meal or other food, and the rats and mice will eat it readily. Drives them outdoors to die.

Guaranteed to kill rats, mice and gophers, and nothing else, when used according to directions.

50c per package, postpaid.

NASH MOLE TRAP

The Only Trap That Always Catches the Mole in All Kinds of Ground

Recommended by the Iowa Agricultural Experiment Station

There are three types of mole traps, the choker or loop trap, the harpoon type and the scissor-jaw trap. The Nash Mole Trap is of the choker or loop-type.

The Iowa Agricultural Experiment Station recommends the Nash choker or loop type as being by far the most effective. On the campus at Iowa State College, where moles were doing considerable damage, the three different types of traps were tested. Seventy-five moles were trapped, seventy of which were caught in four of the [Nash] Choker or loop traps, and five in two of the harpoon type traps. No moles were caught in the two scissor-jaw traps. This test certainly proves the superiority of the Nash trap over all other types of mole traps.

This trap catches the mole when it comes from either direction. The trigger pan is located between the two choker loops, which are sufficiently far apart so the mole in passing will always spring the trap and can not fail being caught by one of the loops. \$1.50 each, postpaid.

CUTWORMS DESTROYED

SNAROL quickly destroys Cutworms, Snails, Slugs, Grasshoppers, Sowbugs, etc. It is a ready prepared meal that you simply broadcast on the ground, under the vegetation. The pests eat the meal and are quickly destroyed. SNAROL will also kill Gophers and Ground Squirrels, if placed in their runways. SNAROL will not deteriorate from rain or sprinkle and is non-injurious to vegetation when used according to simple directions. 1½-lb. package, 53c; 4-lb. package, \$1.25, postpaid. By express, not prepaid: 1½-lb. package, 55c; 4-lb. package, 85c; 15-lb. package, \$3.00; 50-lb. bag, \$8.00.

National Eezy Wear Garden Gloves

for Men and Women

Popular type of garden glove—specially designed to give finger freedom and complete protection.

All-Leather—DIRT-PROOF

SOFT AS KID—Extra Pliable

Made from select imported leather specially processed to render it amazingly soft and pliable—as well as durable. Permit almost barehand freedom with perfect comfort, yet insure complete protection from dirt, scratches, bruises, stains. Keep the hands in perfect condition.

Economical—outwear 6 pairs of ordinary fabric gloves and are useful for other home duties the year round—Housework, Painting, Yard, Furnace, Garage, etc.

WASHABLE!

Sizes for women: Small (size 5½ to 6½); medium (size 6½ to 7½); large (size 7½ to 8½).

Sizes for men: Small (size 7½ to 8½); medium (size 9 to 10); large (size 10 to 11).

Price: 75c a pair; 2 pairs for \$1.40, postpaid.

Double Fragrant Everblooming ROSES IN TREE FORM

Our trees are budded on four foot stems, and will reach a height of about five feet at maturity. Trees planted this Spring will bloom this year. We can supply the following varieties in tree form:

E. G. HILL
LOS ANGELES
TALISMAN
SOUV. DE CLAUDIUS PERNET

The flowers are large and double and, in every way, exactly like the blossoms grown on the regular Hybrid-Tea plants of the same varieties. For descriptions of these varieties see page 96.

No Rose garden or lawn is complete without one or more of these beautiful Roses in tree form. They cannot be sent by parcel post, but will be delivered by express, not prepaid, at \$2.50 each or 4 for \$9.00.

**RED-LEAVED JAPANESE
MAPLE**

98c Each
PREPAID

Bargains in Red-Leaved Japanese Maples

The beautiful red-leaved tree shown above is the genuine Blood Red Japanese Maple, which is so much sought after for specimen and group ornamental use. These trees are of dwarf habit, usually attaining a height of ten or twelve feet at maturity. The foliage is of the deepest rich blood red. They are very graceful and may be treated as small trees or clumped like shrubbery, and are most gorgeous when planted in combination with evergreens or other green foliage plants. Don't pay from ten to fifteen dollars each for small sizes of these trees or twenty-five to fifty dollars for larger ones, when we can supply you with select plants, 12 to 18 inches in height, by parcel post, postpaid, at 98c each; or 2 to 3 feet, by express, not prepaid, at \$5.00 each.

Fantasy Zinnia

CHRYSANthemum FLOWERED

Fantasy is the most distinctive and fascinating Zinnia introduced to the flower world in many years. The very informal, shaggy appearing flowers are graceful and interesting, quite distinct from the stiff, formal Zinnias to which we are accustomed. The rounded medium sized flowers are composed of a mass of shaggy ray-like petals which give a delicate and refined appearance, large enough to satisfy the desire for mass of color, yet small enough to lend themselves gracefully to flower arrangement. The color range includes the brightest shades of reds, yellow and orange, as well as the popular pastel pinks and cream. Pkt., 15c; 2 pkts., 25c.

Fantasy Zinnias

Everblooming Climbing Roses

Large, double, fragrant flowers on long stems.

Climbing Columbia.
Deep peach pink.

Climbing Red Radiance. Magnificent cerise-red.

8 Everblooming Rose Bushes 98c

E. G. Hill

This is the biggest bargain in Roses we have ever offered. These Roses are pot grown, shipped in full leaf, ready to start growing the minute you set them out, and will be delivered to you at the right time for transplanting to the open ground. After they have been grown outside through the summer they are just as hardy as field grown stock. Select the varieties you want from the following list:

Columbia, Crusader, Edith Nellie Perkins, E. G. Hill, Etoile de Hollande, Francis Scott Key, Gruss an Teplitz, Joanna Hill, Los Angeles, Mme. Jules Bouche, Mrs. Chas. Bell, Red Radiance, Souvenir de Claudius Pernet, Talisman, White American Beauty, Baby Doll, Ellen Poulsen, Gloria Mundi, Ideal and Katherine Zeimet.

For descriptions of the different varieties, see pages 96, 97 and 98. Plants correctly labeled and delivered in good growing condition. 8 for 98c, postpaid.
